Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unqualified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Did the accountant perform a limited scope audit pursuant to 29 CFR 2520.103-8 and/or 103-12(d)?

☒ Yes ☐ No

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **MAYER HOFFMAN MCCANN PC**

(2) EIN: **43-1947695**

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

	Yes	No	Amount
4a		X	
4b		X	

	Yes	No	Amount
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		25000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked, and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No

INDEPENDENT AUDITORS' REPORT

To the Pension Plan Committee of

AVNET PENSION PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the **Avnet Pension Plan** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2017 and 2016 and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules in the accompanying index as of or for the year ended December 31, 2017, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AVNET PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(1) Description of the Plan

The following description of the **Avnet Pension Plan** (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

- A. **General** – The Plan, established October 21, 1963, participation beginning July 1, 1964, and amended from time to time after that date, is a noncontributory, defined benefit pension plan. The Plan provides retirement and certain other benefits to employees of Avnet, Inc. (the "Company"). The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Pension Plan Committee of Avnet, Inc. Plan assets are held in trust by The Northern Trust Company (the "Trustee"). Administrative fees and expenses are paid by the Plan.

In October 2016, the Company completed the acquisition of Premier Farnell Corporation, which included a closed noncontributory defined benefit pension plan. The Premier Farnell Master Pension Trust merged into the Avnet Pension Trust and eligible employees of Premier Farnell became eligible to participate in the Plan effective January 1, 2018. The net assets of the Premier Farnell Corporation Master Pension Plan are expected to merge into the Plan effective December 31, 2018.

In February 2017, the Company completed the sale of its Technology Solutions business to Tech Data Corporation. As a result of the sale, the Plan determined that a partial plan termination had occurred. The affected participants became fully vested as of the date of the sale.

- B. **Participation** – An employee automatically becomes a participant in the Plan on January 1 or July 1 coinciding with or next following one year of service in which a minimum of 1,000 hours of service is performed and the employee has reached age 21.

C. **Benefits and Distributions**

Cash balance distribution

Service requirement – 100% vested after the completion of three years of service. There is no partial vesting under the Plan.

Amount – A participant's accumulated retirement benefit ("Cash Balance Account") is based upon a percentage, which varies with age, of current eligible earnings (up to the IRC 401(a)(17) earnings limit) and interest credits. The 2017 IRC 401(a)(17) earnings limit was \$270,000. The rate for determining interest credits is 4%. The balance of a participant's Cash Balance Account is generally available for distribution at termination of employment, subject to certain restrictions and limitations pursuant to the terms of the Plan.

Annuity pension

Service requirement – 100% vested after the completion of three years of service. There is no partial vesting under the Plan.

Amount – The actuarial equivalent of a participant's Cash Balance Account at retirement is payable in a single-life annuity with monthly payments continuing until the first day of the month coinciding with the participant's death; provided, however, that, if the participant dies before 36 monthly payments have been made, the remaining payments during the 36-month period shall be made to the participant's designated beneficiary. There are alternative annuity options which include 10 year Certain and Life, 50%, 75%, and 100% Joint and Survivor.

AVNET PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(1) Description of the Plan (continued)

Pre-retirement death benefits

Service requirement – 100% vested after the completion of three years of service. There is no partial vesting under the Plan.

Amount – The spouse of a married participant who has met the service requirement is entitled to receive 100% of the cash balance account. The beneficiary of an unmarried participant who has met the service requirement is entitled to receive 100% of the cash balance account.

Post-retirement death benefits – Married participants may select a 50%, 75%, or 100% joint and survivor annuity, which is the actuarial equivalent of the cash balance account. Unmarried participants may select a life annuity with 36 months of guaranteed payments, which is the actuarial equivalent of the cash balance account.

- D. **Vesting** – Employees earn one year of vesting for each Plan year in which they complete at least 1,000 hours of service after age 18. After the completion of three years of vesting service, the employee is 100% vested in their pension plan benefit. There is no partial vesting under the Plan.

(2) Summary of significant accounting policies

Basis of accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting, except for benefit payments, in accordance with accounting principles generally accepted in the United States of America.

Management's use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are stated at fair value. The investment in a registered mutual fund is stated at net asset value, which is a readily determinable fair value for those shares as they are published daily and are the basis for current transactions. The Plan's common collective trusts are stated at unit value, or the equivalent of net asset value, which is a practical expedient for estimating fair value. These investments have no unfunded commitments as of December 31, 2017 and 2016, and can be redeemed daily with no redemption notice period or other redemption restrictions. See Note 6 for further consideration of fair value measurements.

These methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

AVNET PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(2) Summary of significant accounting policies (continued)

Present value of accumulated Plan benefits – Accumulated Plan benefits (Note 3) are those future periodic payments that are attributable under the Plan's provision to the service participants have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired, terminated or disabled participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an independent firm of consulting actuaries, and is that amount which results from applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and expected date of payment. The actuarial valuations are presented as of the beginning of the Plan year.

The significant assumptions used in the actuarial computations as of January 1, 2017 and 2016 were:

- Discount rate – 8.0%
- Mortality rate – RP-2014 healthy annuitant and employee tables (adjusted back to 2006) projected generationally with the 2017 SSA Intermediate-Cost Projections scale for 2017 and 2014 SSA Intermediate-Cost Projections scale for 2016.
- Lump sum utilization – 100% lump sum utilization for active participants with account balances under \$50,000 and 65% for active participants over \$50,000 and all terminated vested participants for 2017. The lump sum utilization rate was 85% for all active and terminated vested participants for 2016.
- Retirement age – fully vested (age 64), otherwise normal retirement data (age 65)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Payment of benefits – Benefit payments are recorded when paid.

Risks and uncertainties – The Plan's investments are in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The actuarial present value of accumulated Plan benefits is reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

AVNET PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(2) Summary of significant accounting policies (continued)

Recent accounting standards – In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. ASU 2015-07 requires that investments using the practical expedient to measure fair value at net asset value per share (or its equivalent) be excluded from the fair value hierarchy. Although the investments are not characterized within the fair value hierarchy, the amount of investments measured using the practical expedient must still be disclosed to allow for reconciliation of the total investments in the fair value hierarchy to total investments in the statement of net assets available for benefits. ASU 2015-07 was adopted by the Plan and applied retrospectively.

Subsequent events – Plan management has evaluated subsequent events through October 12, 2018, which is the date the financial statements were available to be issued.

(3) Actuarial present value of accumulated Plan benefits

The actuarial present value of accumulated Plan benefits as of January 1, 2017 and 2016 was as follows:

	<u>2017</u>	<u>2016</u>
Vested benefits:		
Participants currently receiving benefits	\$ 106,656,667	\$ 94,834,584
Other participants	<u>317,065,289</u>	<u>284,009,980</u>
Total vested benefits	423,721,956	378,844,564
Non-vested benefits	<u>1,612,177</u>	<u>2,981,354</u>
Actuarial present value of accumulated Plan benefits	<u>\$ 425,334,133</u>	<u>\$ 381,825,918</u>

The change in the actuarial present value of accumulated Plan benefits from the period January 1, 2016 to January 1, 2017 was as follows:

Actuarial present value of accumulated Plan benefits at January 1, 2016	<u>\$ 381,825,918</u>
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial experience	41,918,681
Increase for interest due to the decrease in the discount period	30,546,073
Benefits paid	<u>(28,956,539)</u>
Actuarial present value of accumulated Plan benefits at January 1, 2017	<u>\$ 425,334,133</u>

(4) Funding policy

The Company’s funding policy is to make annual contributions to the Plan that are available for deduction under the Internal Revenue Code and meet minimum funding requirements as computed under the unit credit actuarial cost method of funding. The Company’s contributions to the Plan met the minimum funding requirement of ERISA for the years ended December 31, 2017 and 2016. Contributions receivable as of December 31, 2017 and 2016 totaling \$16,000,000 and \$21,750,000, were paid to the Plan prior to the minimum funding due date of September 15, 2018 and September 15, 2017, respectively.

AVNET PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(5) Plan termination

In the event the Plan terminates, all participants will be deemed to have a fully vested, nonforfeitable right to the benefits accrued to the date of termination to the extent then funded. The assets held in the Avnet Pension Fund (the "Fund") will be realized and, after payment of or provision for all reasonable and necessary costs, charges and expenses (including the expenses of terminating the Plan and the Fund), the Fund will be used to satisfy the nonforfeitable rights to benefits accrued by all participants and retired participants as of the termination date. For this purpose, the Fund will be allocated, on the basis of actuarial valuation, to participants and their beneficiaries.

The Fund will be allocated on the basis of a computation of the present value (actuarially determined as of the date of termination of the Plan) of each benefit accrued at the termination date.

If, after satisfaction of all liabilities with respect to participants by an allocation in accordance with the technical provisions of ERISA, there is any balance remaining in the Fund, such balance shall be returned to the Company.

The Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, the Plan assets shall be allocated for the payment of Plan benefits as prescribed by ERISA. At this time, the Company has no intention of terminating the Plan.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2017, that ceiling was \$5,369 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, and may also depend on the level of benefits guaranteed by the PBGC.

(6) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investments, at fair value	<u>\$ 78,436,936</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 554,264,202</u>

* In accordance with ASU 2015-07, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

(7) Information certified by the trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments
- Investments sold receivable
- Net appreciation in fair value of investments
- Interest and dividends
- Miscellaneous income
- Schedule of assets (held at end of year)
- Schedule of reportable transactions

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(8) Parties-in-interest

The Company is the Plan sponsor and provides all employer contributions to fund the Plan. Therefore, these transactions are party-in-interest transactions. All investments of the Plan are held and managed by The Northern Trust Company, who is the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The actuarial computations of the Plan are prepared by Sibson Consulting, a Division of Segal ("Sibson"). Sibson is the actuary of the Plan and, therefore, transactions with Sibson qualify as party-in-interest transactions.

The Plan also incurred other professional services fees related to legal, audit, and technology consulting services. These transactions qualify as party-in-interest transactions.

Total administrative fees and expenses paid by the Plan are as follows:

	<u>2017</u>	<u>2016</u>
Party-in-interest transactions:		
Investment management and custodial services	\$ 2,502,087	\$ 2,194,298
Actuarial services	251,848	189,275
Other professional services	<u>254,842</u>	<u>184,357</u>
Total party-in-interest transactions	3,008,777	2,567,930
Pension Benefit Guarantee Corporation premiums	<u>1,398,990</u>	<u>965,432</u>
Total administrative fees and expenses	<u>\$ 4,407,767</u>	<u>\$ 3,533,362</u>

(9) Income tax status

The Plan has received a favorable determination letter under Internal Revenue Code (IRC) Section 401(a), dated July 21, 2016, stating that the Plan was designed in accordance with applicable IRC requirements as of that date. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt as of the date of the financial statements.

Actuarial Assumptions and Methodologies (Funding)

Interest:

The interest rates used for the 2017 plan year are the 24-month average corporate bond segment rates for September 2016 (a 4-month lookback) subject to funding stabilization. Under stabilization, the interest rates used for funding purposes are calculated in the usual manner (24-month average corporate bond rates) but are then constrained to be within a corridor around a 25-year average of those same bond rates. For 2017, the stabilization corridor is 10%. Under current law, it is scheduled to remain at 10% through 2020, then increase by 5% per year until it reaches 30% for 2024. The rates are as follows:

	Payments in the First 5 Years	Payments in Years 6 – 20	Payments Thereafter	Effective Interest Rate
Current Year, reflecting stabilization	4.16%	5.72%	6.48%	5.77%
Current Year, without stabilization	1.52%	3.80%	4.79%	3.94%
Prior Year, reflecting stabilization	4.43%	5.91%	6.65%	5.98%
Prior Year, without stabilization	1.34%	4.03%	5.06%	4.16%

The interest rates used to determine the PBGC variable rate premium are:

Payments in the First 5 Years	Payments in Years 6 – 20	Payments Thereafter
2.04%	4.03%	4.82%

These interest rates are based on the plan sponsor's election and are subject to the constraints established by law.

Mortality rates:	RP2000 separate annuitant and non-annuitant healthy mortality tables (sex-specific) with static projection using scale AA and no collar-adjustment. Mortality is projected from 2000 through the valuation date plus another 7 years for annuitants, and through the valuation date plus another 15 years for non-annuitants. Age difference:	Male spouses are assumed to be three years older than female spouses.
Administrative expenses:	An expense assumption is required under the funding rules. Plan-related expenses of \$1,320,920 as expected to be paid by the plan during the year (i.e. the actual amount paid in the prior year).
Asset method:	As selected by the plan sponsor, assets are determined by averaging the market value as of the valuation date and the adjusted market values as of the preceding two years. The resulting value is limited to between 90% to 110% of market value of assets. The adjusted market values reflect cash flow and expected earnings to the valuation date. The expected earnings are based on an assumed rate of return of 8.00% for 2015 and 2016 not to exceed the applicable third segment rate of 6.81% for 2015 and 6.65% for 2016.
Funding method:	<p>Funding method is unit credit actuarial cost method, as prescribed by law. The liability is measured on an accrual-to-date basis using mandated mortality tables and interest rates with no salary projection past the end of the year.</p> <p>If all assumptions are met (including the investment earnings implicitly assumed by the interest rate), funding the plan at the minimum required contribution level is generally designed to achieve a 100% funded status within seven years. Once that is achieved, or for overfunded plans, the required contribution will generally equal the target normal cost reduced by any overfunding.</p>

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Summary of Plan Provisions *continued*

Effective January 1, 2010, the rate for determining Interest Credits on benefits earned on and after July 1, 2010, is 4%. The rate for determining Interest Credits on benefits earned before July 1, 2010, is equal to the greater of the yield on 10-year U.S. Treasury Notes (determined for each plan year on January 1st of that plan year) or 4.00%.

In general, the normal form of payment is a lump sum distribution equal to the cash balance account. Married participants require spousal consent to waive the qualified joint and survivor annuity.

Effective January 1, 2010, the guaranteed minimum cash balance account was discontinued. However, the balance as of December 31, 2009 (taking into account guaranteed minimum contribution credits for service through June 30, 2009) was preserved. Accordingly, the balance as of January 1, 2010 (referred to as the Pre-2010 Account below), was set as the greater of (i) the balance determined using the prior age-based Contribution Credits and Interest Credits, or (ii) the balance of the guaranteed minimum cash balance account.

Furthermore, the total cash balance is the value of account (a) plus account (b) plus account (c), as summarized below:

- a) Pre-2010 Account
Cash balance account calculated identically to the pre-January 1, 2010 cash balance plan but with no future contribution credit. Pre-2010 Account will always be \$0 for employees who participate in the plan after January 1, 2010.
- b) Post-2009 Account prior to 1/1/2017
Cash balance account calculated with annual contribution credits and interest credits as outlined above. The initial account balance as of January 1, 2010 is \$0.
- c) Post-2016 Account
Cash balance account calculated with annual contribution credits and interest credits as outlined above. The initial account balance as of January 1, 2017 is \$0.
