QUORUM HEALTH 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(1) Description of plan

The following description of the Quorum Health 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. QHCCS, LLC (the "Company"), a wholly-owned subsidiary of Quorum Health Corporation ("QHC"), is the sponsor of the Plan ("Plan Sponsor").

(a) General

The Plan is a defined contribution plan which was adopted on January 1, 2016 (date of inception) and covers substantially all salaried employees of certain subsidiaries of the Company as stated in the Plan document. Employees whose benefits are governed by one or more collective bargaining agreements are represented employees ("represented employees"). Employees that are not represented employees are immediately eligible to make deferrals and eligible for the employer match after twelve months of service. Represented employees are eligible to make deferrals and are eligible for the employer match after a set number of months of service dependent upon the location of their employment, as stated in the Plan document. Employees that are not represented employees and represented employees, collectively, are the participants in the Plan ("participants").

Employees who are not eligible to participate in the Plan include certain non-resident aliens, leased employees, residents of Puerto Rico and employees who are eligible to participate in other retirement plans maintained by the Company that are intended to be qualified under Internal Revenue Code (the "Code") Section 401(a) that also provide for a cash-or-deferred arrangement or contain a qualified Roth contribution arrangement. The Retirement Committee, which consists of members approved by the Board of Directors of the Company (the "Administrator"), controls and manages the operation and administration of the Plan. Principal Trust Company serves as the trustee of the Plan and holds, invests and administers the trust assets and contributions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On April 29, 2016, Community Health Systems, Inc. ("CHS") completed the spin-off of 38 hospitals and Quorum Health Resources, LLC into QHC, an independent, publicly traded corporation (the "Spin-off"). Separate employee benefit plans were established by QHC on January 1, 2016 and participant account balances totaling \$41,598,148 were transferred into the Plan on January 19, 2016. Any employee who was eligible for purposes of matching contributions under the CHS/Community Health Systems, Inc. Retirement Savings Plan or the CHS/Community Health Systems, Inc. Standard 401(k) Plan immediately prior to January 1, 2016, and whose account under those plans transferred to the Plan continued participation in the Plan for purposes of employer matching contributions.

QUORUM HEALTH 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

During November 2016, seven QHC benefit plans merged into the Plan. Participant account balances totaling \$82,458,696 were transferred to the Plan in December 2016. Participants who merged into the Plan follow the guidelines set forth in the plan from which they merged. Employer matching contributions of \$2,257,125 related to these seven plans were funded to the Plan in July 2017.

(b) Contributions

Each participant may elect to defer compensation, as defined in the Plan, by up to 50%, not to exceed the maximum amount as determined by the Code. Participants may also contribute amounts representing after tax contributions ("Roth contributions") or distributions from other qualified defined benefit or defined contribution plans. The Plan provides for a discretionary employer matching contribution. For the years ended December 31, 2017 and 2016, the Company contributed a discretionary amount as defined in the Plan document for represented employees. For the year ended December 31, 2017, no employer matching contributions were made for employees that are not represented employees. For the year ended December 31, 2016, the Company contributed a discretionary amount equal to 100% of the first 1% and 50% of the next 5% of eligible employee contributions for employees that are not represented employees. Plan Sponsor contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, allocations of Plan Sponsor contributions, investment earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions to the Plan are invested by Principal Trust Company according to the participant's instruction in one or a combination of several fund options. Participants may change their investment elections or initiate transfers between funds by giving notice to Principal Trust Company. The Plan currently offers a variety of mutual funds, pooled separate accounts, and collective investment trusts as investment options for participants.

(e) Vesting

Participants are vested immediately in their participant contributions, plus actual earnings thereon. Vesting in Plan Sponsor discretionary matching contributions is based on years of service. Termination of participation in the Plan prior to the scheduled vesting period for a reason other than death, disability or retirement results in forfeiture of the unvested portion of the participant's account balance.

QUORUM HEALTH 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

Vesting is according to the terms of the Plan document and follows a five-year graded schedule for employees that are not represented employees as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Vesting for represented employees is as described in the Plan document. Vesting for employees whose accounts were transferred to the Plan in connection with the Spin-off or the merger of the seven QHC benefit plans remained subject to the vesting schedule of the plan from which they transferred.

(f) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at fixed rates ranging from 3.25% to 6.75%, which was commensurate with local prevailing rates as determined by the plan administrator at the time the loan was taken. Principal and interest are collected ratably through payroll deductions.

(g) Payment of benefits

Distributions from the Plan are permitted upon a participant's death, disability or retirement. In addition, certain payments are permitted if a participant terminates employment for any other reason. On termination of service, if a participant's vested account balance exceeds \$5,000, the participant may generally elect to receive a single, lump-sum payment or installments over a period of time not to exceed the participant's assumed life expectancy. Account balances that do not exceed \$5,000 generally may only be distributed as a lump-sum payment. In-service withdrawals are available for a participant upon attainment of age 59½.

(h) Forfeited accounts

Any portion of Plan forfeitures not allocated in the Plan year in which they are forfeited ("Forfeiture Year") may be allocated in the following Plan year to pay Plan expenses or to offset the Plan Sponsor contributions for the Forfeiture Year. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$58,372 and \$81,116, respectively. The forfeited non-vested accounts were utilized to reduce the Plan Sponsor contributions during 2018 and 2017, respectively.

QUORUM HEALTH 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(i) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. Participants are not eligible to make contributions to the Plan for six months after taking a hardship withdrawal.

(j) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, transaction expenses, recordkeeping and investment management services are charged directly to the participant's account and are included in administrative expenses.

(k) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

QUORUM HEALTH 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Transfers

The Company sponsors other defined contribution plans in which participants of this Plan may become eligible participants. Similarly, participants in the other Company defined contribution plans may become eligible to participate in this Plan. In such situations, the employees' respective participant accounts are transferred to or from these other plans sponsored by the Company. These transactions are included in transfers into or out of the Plan in the statements of changes in net assets available for benefits.

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Events occurring after the reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2017 and October 9, 2018, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by Principal Trust Company

The following information was certified as complete and accurate by Principal Trust Company, as of and for the years ended December 31, 2017 and 2016.

QUORUM HEALTH 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- (i) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end based on quoted market prices in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

QUORUM HEALTH 401(K) PLAN

Notes to the Financial Statements

Total assets in the fair value hierarchy - mutual funds	\$ <u>13,189,903</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 13,189,903

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments.

(5) Income tax status

The Plan obtained a favorable determination letter on March 27, 2018, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the Code. The Plan has been amended since the effective date of the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and is, therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Untimely remittance of participant contributions and note repayments

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions and participant note repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. During 2017 and 2016, certain participant contributions and note repayments were not remitted timely.

(7) Related party and party-in-interest transactions

Certain investments are managed by Principal Trust Company. Therefore, these transactions qualify as party-in-interest transactions under ERISA. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(8) Reconciliation of financial statements to the Form 5500

(9) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
