Savings and Retirement Plan
Notes to Financial Statements

1. Description of Plan

The following description of the Multi-Plastics, Inc. Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established in 1985 by Multi-Plastics, Inc. (the Company and/or Plan Sponsor) as a 401(k) defined contribution plan covering all non-union employees who have attained age 18 and completed minimum service requirements. The Plan was amended effective January 1, 2016 to reduce the minimum service requirement to 90 days of service. The amendment also changed the entry dates for eligible participants to correspond with the date by which the participant satisfies the minimum age and service requirements noted above. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to 100% of their pretax annual compensation as defined by the Plan not to exceed the limits imposed by the Internal Revenue Service (IRS). The Plan Sponsor will match a certain percentage of the participant's contribution as determined by the Plan Sponsor's Board of Trustees. For the plan years ended December 31, 2016 and 2015, the Plan Sponsor elected to match 50% of participant contributions up to 12% of eligible compensation.

At its discretion, the Plan Sponsor may also make additional discretionary contributions to the Plan each year. Participants covered by the Plan and either employed on the last day of the Plan year with 500 hours of service credited during the Plan year, or not employed as a result of death, disability, or retirement may be allocated a portion of the Plan Sponsor's discretionary contribution to the Plan. Allocations are based on each participant's annual compensation as a percentage of total eligible participant compensation. During 2016 and 2015, the Plan Sponsor did not make any discretionary contributions in addition to the employer match.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the Plan.

Multi-Plastics, Inc.
Savings and Retirement Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and discretionary contributions plus actual earnings thereon is based on years of continuous service as defined in the Plan document and represented by the following table:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Loan provisions

The Plan allows participants to borrow from their fund account balances. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%, as determined by the plan administrator, the day the loan is issued. Principal and interest is paid ratably through payroll deductions. Loan terms shall not exceed five years, unless the loan was used to acquire a principal residence. Participant accounts are assessed an initial administration fee for the issuance of a loan and are assessed a quarterly fee for as long as the loan is outstanding. Loan administration fees paid to Aspire Financial Services (Aspire) through charges to participants' accounts for 2016 and 2015 was \$1,605 and \$1,725, respectively.

Financial hardship withdrawals

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need.

Payment of benefits

Benefits are recorded when paid. The participant's entire account balance becomes payable upon death, disability, or retirement in the form of a lump sum distribution or an annuity. Normal retirement is age 65; early retirement is not permitted. In service withdrawals are permitted for participants who have reached age 59½.

For termination of service due to other reasons, a participant may receive the value of the vested interest of his or her account as a lump sum distribution or in the form of an annuity.

Forfeitures

Forfeitures arising from balances of terminated participants with less than fully vested interests in the Plan are applied to reduce employer contributions after the occurrence of a one-year break in service. As of December 31, 2016 and 2015, forfeited amounts available to reduce employer contributions totaled \$4,006 and \$5,198, respectively. For the Plan years ended December 31, 2016 and 2015, \$12,234 and \$22,658, respectively, of the forfeited nonvested accounts were applied to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Recent accounting pronouncement

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07 (ASU No. 2015-07), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the Net Asset Value (NAV) per share practical expedient. Instead, the amounts measured using the NAV per share (or its equivalent) must be provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. Additionally, ASU No. 2015-07 removes the requirement to make certain disclosures (FASB Accounting Standards Codification (ASC) 820-10-50-6A) for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. For employee benefit plans, ASU No. 2015-07 is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early adoption is permitted. The Plan has not early adopted this ASU, and is currently evaluating the impact to its financial statements.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Mutual funds are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded as declared.

Under the terms of the agreement between the custodian of the Plan and the Plan, the custodian manages the funds on behalf of the Plan. Plan participants may select how their accounts are invested in the various investments offered by the custodian. The value of the accumulated shares for each investment varies daily and reflects investment results, including dividends and market value changes based on quoted market values, less an amount for expenses of the investment fund.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.
