INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the NeoStrata Company, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the NeoStrata Company, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Note I to the financial statements, the Management of NeoStrata Company, Inc., the Plan sponsor, elected to terminate the Plan and merge with the Johnson and Johnson Savings Plan ("J&J Savings Plan"), effective August 1, 2018. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN

The following description of the NeoStrata Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering all full-time employees of NeoStrata Company, Inc. (the "Company") who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee and recordkeeper of the Plan is Fidelity Management Trust Company.

During 2016, the Plan Sponsor was acquired by Johnson & Johnson. Effective December 31, 2016, the Plan was frozen to eligibility and both employee and employer contributions related to compensation earned during 2017. While the Plan is frozen, the definition of compensation for purposes of determining contributions shall not include compensation earned after the date the Plan is frozen. Plan assets will continue to be held on behalf of participants and their beneficiaries until distributed in accordance with the Plan terms.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

Plan Management terminated the Plan and transferred 100% of the Plan's assets as of August 1, 2018 to the J&J Savings Plan. The successor trustee for the Plan is State Street Bank and Trust Company.

The Plan experienced a blackout period from July 31, 2018 through August 7, 2018, which is a result of the Plan's merger of with the J&J Savings Plan. During this period, participants were unable to process a distribution request or process a fund transfer from their account in the Plan.

Plan Management directed Fidelity Management Trust Company, the trustee of the Plan, to withdraw the Plan's position in the Fidelity Advisor Stable Value Fund because ("FASV") the J&J Savings Plan does not offer the FASV as an investment option.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants become fully vested in the Company's matching and discretionary profit-sharing contribution portion of their accounts, plus actual earnings thereon after three years of service, with no vesting prior to three years.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loan balances are 4.25% to 5.25%. Principal and interest are paid ratably through payroll deductions.

NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[6] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[7] Forfeitures:

Forfeited nonvested accounts are first used to pay Plan expenses. During the year ended December 31, 2017, forfeitures of approximately \$0 were used to reduce employer contributions and pay Plan expenses. Forfeited nonvested accounts available at December 31, 2017 and 2016 were approximately \$6.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[3] Payment of benefits:

Benefits are recorded when paid.

[4] Plan expenses:

Substantially all expenses, with the exception of fees related to notes receivable from participants, incurred in connection with the administration of the Plan are paid by the Company.

[5] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts and that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$ 11,526,005	\$ -	\$ -	\$ 11,526,005
Stable value collective trust fund (A)	-	-	-	675,048
Total investment assets at fair value	<u>\$ 11,526,005</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,201,053</u>

Assets at Fair Value as of December 31, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$ 10,425,974	\$ -	\$ -	\$ 10,425,974

Total investment assets at fair value	<u>\$ 10,425,974</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,252,339</u>

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively:

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

NOTE E - TAX STATUS

The Plan has adopted a Prototype Standardized Plan sponsored by Fidelity Management Trust Company. On March 31, 2008, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are shares of mutual funds and a Stable value collective trust fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan trustee; therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan were \$737 for the year ended December 31, 2017.

NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2017 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although the Plan was not terminated in the Plan year, 2017, Management has terminated the Plan and transferred 100% of the Plan's assets as of August 1, 2018 to the Johnson and Johnson Savings Plan. This termination is subject to the provisions of ERISA. Participants become 100% vested in their Company contributions at the time of termination. See Subsequent Events Note A[2].

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the NeoStrata Company, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the NeoStrata Company, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Note I to the financial statements, the Management of NeoStrata Company, Inc., the Plan sponsor, elected to terminate the Plan and merge with the Johnson and Johnson Savings Plan ("J&J Savings Plan"), effective August 1, 2018. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN

The following description of the NeoStrata Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering all full-time employees of NeoStrata Company, Inc. (the "Company") who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee and recordkeeper of the Plan is Fidelity Management Trust Company.

During 2016, the Plan Sponsor was acquired by Johnson & Johnson. Effective December 31, 2016, the Plan was frozen to eligibility and both employee and employer contributions related to compensation earned during 2017. While the Plan is frozen, the definition of compensation for purposes of determining contributions shall not include compensation earned after the date the Plan is frozen. Plan assets will continue to be held on behalf of participants and their beneficiaries until distributed in accordance with the Plan terms.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

Plan Management terminated the Plan and transferred 100% of the Plan's assets as of August 1, 2018 to the J&J Savings Plan. The successor trustee for the Plan is State Street Bank and Trust Company.

The Plan experienced a blackout period from July 31, 2018 through August 7, 2018, which is a result of the Plan's merger of with the J&J Savings Plan. During this period, participants were unable to process a distribution request or process a fund transfer from their account in the Plan.

Plan Management directed Fidelity Management Trust Company, the trustee of the Plan, to withdraw the Plan's position in the Fidelity Advisor Stable Value Fund because ("FASV") the J&J Savings Plan does not offer the FASV as an investment option.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants become fully vested in the Company's matching and discretionary profit-sharing contribution portion of their accounts, plus actual earnings thereon after three years of service, with no vesting prior to three years.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loan balances are 4.25% to 5.25%. Principal and interest are paid ratably through payroll deductions.

Notes to Financial Statements December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[6] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[7] Forfeitures:

Forfeited nonvested accounts are first used to pay Plan expenses. During the year ended December 31, 2017, forfeitures of approximately \$0 were used to reduce employer contributions and pay Plan expenses. Forfeited nonvested accounts available at December 31, 2017 and 2016 were approximately \$6.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[3] Payment of benefits:

Benefits are recorded when paid.

[4] Plan expenses:

Substantially all expenses, with the exception of fees related to notes receivable from participants, incurred in connection with the administration of the Plan are paid by the Company.

[5] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts and that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$ 11,526,005	\$ -	\$ -	\$ 11,526,005
Stable value collective trust fund (A)	-	-	-	675,048
Total investment assets at fair value	<u>\$ 11,526,005</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,201,053</u>

Assets at Fair Value as of December 31, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$ 10,425,974	\$ -	\$ -	\$ 10,425,974
Stable value collective trust fund (A)	-	-	-	826,365
Total investment assets at fair value	<u>\$ 10,425,974</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,252,339</u>

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively:

NOTE E - TAX STATUS

The Plan has adopted a Prototype Standardized Plan sponsored by Fidelity Management Trust Company. On March 31, 2008, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are shares of mutual funds and a Stable value collective trust fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan trustee; therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan were \$737 for the year ended December 31, 2017.

Notes to Financial Statements December 31, 2017 and 2016

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2017 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although the Plan was not terminated in the Plan year, 2017, Management has terminated the Plan and transferred 100% of the Plan's assets as of August 1, 2018 to the Johnson and Johnson Savings Plan. This termination is subject to the provisions of ERISA. Participants become 100% vested in their Company contributions at the time of termination. See Subsequent Events Note A[2].
