INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
JR Butler, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of JR Butler, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of and for the year ended December 31, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental Form 5500 Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500 Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Compiled 2016 Financial Statement

Plan management is responsible for the accompanying financial statement of JR Butler, Inc. 401(k) Plan, which comprises the Statement of Net Assets Available for Benefits as of December 31, 2016. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2017 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

A Description of Plan.

The following description of the JR Butler, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

1 General. The Plan, which was established effective January 1, 2008, and most recently amended and restated effective June 1, 2016, is a contributory defined contribution 401(k) plan available to eligible employees of JR Butler, Inc. and JRB Service LLC (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

An individual is eligible to participate in the Plan beginning on the first day of the Plan quarter on or after completing three months of service, as defined in the Plan document. Union employees and non-resident aliens are not eligible to participate in the Plan. An employee must have completed one year of service and attained age twenty-one in order to be eligible to receive the Company's discretionary profit sharing contribution.

The Company is the Plan administrator and is responsible for oversight of the Plan. American United Life Insurance Company (AUL) serves as the custodian and recordkeeper. The Company determines the appropriateness of the Plan's investment offerings and monitors investment performance.

2 Contributions. Each year, participants may contribute up to the amount allowed by law of annual compensation, as defined in the Plan, on a pre-tax or after-tax basis. Deferral contributions and after-tax Roth contributions shall not exceed certain limits set forth by the Internal Revenue Service (IRS) ($18,000 in 2017). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (up to $6,000 in 2017). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company makes Safe Harbor matching contributions to eligible employees equal to 100% of the participant's elective contributions up to 3% of participant compensation, plus 50% of the participant's elective contributions between 3% and 5% of the participant's compensation. The Company may elect to make an additional discretionary matching contribution and/or discretionary profit sharing contribution. For the year ended December 31, 2017, the Company did not make any discretionary contributions. Contributions are subject to certain limitations

3 Participant Accounts. Each participant's account is credited with the participant's deferral (pre-tax and Roth) contributions, catch-up contributions, rollover contributions, Company matching and discretionary contributions, allocations of Plan earnings or losses, and charged with an allocation of certain administrative expenses. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

4 Vesting. Participants are 100 percent vested in their voluntary contributions, employer Safe Harbor matching contributions, and the allocated earnings thereon. Vesting in the Company's discretionary matching and discretionary profit sharing contribution portions of their account, plus actual earnings thereon, is based on years of continuous service. Participants are fully vested in the Company's discretionary contributions after six years of service or upon the participant's death, disability, or reaching normal retirement age (65).

5 Investment Options. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. Participants may change their investment options at any time.

6 Payment of Benefits. Upon termination of service due to death, disability, retirement, or separation of service, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the vested value of the participant's account or installments as required by minimum distribution rules. In-service distributions at age 59 ½ and in-service distributions from the participant's account balance resulting from rollover contributions are also allowed by the Plan if certain criteria are met.

7 Forfeitures. Forfeitures from participants may be used to pay administrative expenses or offset Company contributions. At December 31, 2017 and 2016, the balance of the forfeited accounts was $-0-, for both years. During the year ended December 31, 2017, $4,109 of forfeitures were used to offset Company contributions.

B Summary of Significant Accounting Policies.

1 Basis of Accounting. The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

2 Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3 Investment Valuation and Income Recognition. Investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and asset custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends and capital gains are recorded on the ex-dividend date. Net appreciation in the fair value of investments represents capital gain distributions, realized and unrealized gains and losses on the investments, net of any fees charged within the mutual funds.

4 Payment of Benefits. Benefits are recorded when paid.

5 Administrative Expenses. Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees (primarily loan and distribution fees) are charged directly to the participant's account and are included in administrative fees. Certain investment related expenses may also be charged within the mutual funds and are included in net appreciation in fair value of investments.

6 Subsequent Events. The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure, except as discussed in Note L.

C Information Prepared and Certified by the Asset Custodian (Unaudited).

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520-103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian of the Plan has certified that the following unaudited information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as reported in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, and investment information included in the notes to the financial statements.

- Net appreciation in fair value of investments and other income as shown in the Statement of Changes in Net Assets Available for Benefits.
- All investment information included in the Supplemental Schedule – Form 5500 Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

Accordingly, at the request of the Plan administrator, this information has not been audited by the Plan's independent auditors except for comparing such information to the related information included in the financial statements and supplemental schedules.

D Fair Value Measurements.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets the Plan has the ability to access for identical assets and liabilities. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly (quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations whose inputs are observable or whose significant value drivers are observable). Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$ 3,257,675	$ -	$ -	$ 3,257,675
Total Investments at Fair Value	$ 3,257,675	$ -	$ -	$ 3,257,675

Assets at Fair Value as of December 31, 2016 (Compiled)

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$ 2,253,474	$ -	$ -	$ 2,253,474
Total Investments at Fair Value	$ 2,253,474	$ -	$ -	$ 2,253,474

There were no transfers in and/or out of Levels 1, 2, or 3 for financial instruments measured at fair value on a recurring basis for the year ended December 31, 2017. If the Plan were to recognize transfers, it would do so at the end of the reporting period.

E Investment Contract with Insurance Company.

The Plan offers a fully benefit-responsive investment contract with AUL. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Contributions to the guaranteed investment contract become part of AUL's general account. The contract is credited with interest in accordance with the interest crediting rate established and periodically adjusted by the issuer. The contract is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is a traditional guaranteed investment contract and is presented in the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate is based on a formula determined by the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) termination of the contract, (2) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (3) Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with participants is not probable.

The insurance company may terminate the contract with thirty days written notice to the contract owner for reasonable cause, which includes failure by the contract owner to meet contract requirements.

F Related Party Transactions and Party-In-Interest Transactions.

Plan investments include a fully benefit-responsive investment contract managed by AUL. Mesirow Financial provides investment advisory services to the Plan, and AUL is the asset custodian and recordkeeper. Therefore, transactions with these entities qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. For the year ended December 31, 2017, the Plan made direct payments of $750 to these parties-in-interest which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

G Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

H Tax Status.

The Plan utilizes a prototype plan which obtained a favorable determination letter from the IRS dated March 31, 2014, stating that the prototype plan is qualified under the applicable sections of the Internal Revenue Code (IRC) and is therefore exempt from Federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset), or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

I Risks and Uncertainties.

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

J Prohibited Transactions.

During the year ended December 31, 2017, the Company erroneously failed to remit to the Plan certain participant contributions totaling $25,281, within the time period prescribed by the DOL regulations. The Company remitted all delinquent participant contributions to the Plan during the year ended December 31, 2017. On October 12, 2018, the Company remitted $41 to the Plan for lost earnings, which were contributed to the affected participants.

K Non-Compliance Issues.

During the Plan year ended December 31, 2017 and in prior years, the Company failed to withhold employee elective deferral amounts from employee bonuses that were issued. The Company is in the process of calculating corrective contributions and lost earnings to correct this non-compliance issue. As of December 31, 2017, the corrective contributions and lost earnings had not been remitted to the Plan. The Company intends to remit both the corrective contributions and lost earnings to the Plan as soon as possible. The Company has estimated the corrective contributions and lost earnings to be $30,000. Included on the Statements of Net Assets Available for Benefits at December 31, 2017 and 2016, is Corrective Contributions Receivable of $30,000 and $-0-, respectively.

L Subsequent Events.

Effective April 1, 2018, the Company amended the Plan to permit hardship distributions from employee deferral accounts as well as employer matching contributions.

M Reconciliation of Financial Statements to Form 5500.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
