NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Lindstrom, LLC 401 (k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of Lindstrom, LLC (the Company) who have reached the age of 21 years. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

The Plan is administered by ADP Retirement Services as of July 1, 2017. The Plan was formerly administered by Fidelity Trust Service. The Plan assets are held by Reliance Trust Company.

Contributions
Each year, participants may contribute up to 90 percent of annual compensation on a pre-tax or after tax "Roth" basis, as defined in the Plan up to the maximum allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). A matching contribution equal to the first 30% of employee's first 6% of compensation deferred will be made by the Company. The Company may make discretionary nonelective contributions to the Plan. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. Investment changes may be made on a daily basis by the employee. Contributions are subject to certain limitations.

Participant Accounts
Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary nonelective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after four years of credited service. Certain exceptions to the vesting schedule exists (i.e., death, disability). See the chart below for the vesting schedule:

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Vesting (Continued)

Years of Service	Vested %
Less Than 1 Year	0%
At Least 1 Year, But Less Than 2 Years	25%
At Least 2 Years, But Less Than 3 Years	50%
At Least 3 Years, But Less Than 4 Years	75%
4 Years or More	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts at a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at the prime rate as published by the Wall Street Journal on the effective date. Principal and interest is paid ratably through payroll deductions within 5 years unless for a principal residence loan.

Payment of Benefits
On termination of service due to death, disability, retirement, or termination, a participant may elect to receive a lump-sum equal to the value of the participant's vested interest in his or her account or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts
At December 31, 2017 and 2016, forfeited nonvested accounts totaled $10 and $180, respectively. These accounts will be used to reduce future employer contributions and/or pay Plan expenses. During the year ended December 31, 2017, forfeitures were used to reduce employer contributions by $170. If an employee is rehired within five years and repays the funds to their account, then the nonvested funds will be restored.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements are presented on the accrual basis of accounting.

Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. The interest rate for the loan will be the rate in effect in the month the loan is effective. The interest rate is the prime rate as published in the Wall Street Journal on the 14th of each month, plus two percentage points. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2017 and 2016. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Administrative fees, if any, incurred by the Plan may be paid by the Company, from the Plan, or both. Fees paid directly by the Company are excluded from these financial statements. The actual fees deducted from the participant's account, if any, will be reflected on the quarterly account statement and on the Plan's participant website. Participant loan fees and specific fund administrative fees are paid by the individual participant.

Subsequent Events
The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement (FASB*) Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered Investment Companies: Registered Investment Companies (Mutual Funds) held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. They are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 4,061,743	$ -	$ -	$ 4,061,743

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 3,940,229	$ -	$ -	$ 3,940,229

NOTE 4: INFORMATION CERTIFIED BY THE TRUSTEES

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the former trustee, Fidelity Management Trust Company and current trustee, Reliance Trust Company, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the current trustee as of and for the year ended December 31, 2017, and the former trustee from as of December 31, 2016 and from January 1, 2017 through June 30, 2017, and that the information provided to the Plan Administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2017	2016
Registered Investment Companies, at Fair Value	$ 4,061,743	$ 3,940,229
Notes Receivable from Participants	109,441	103,886
	$ 4,171,184	$ 4,044,115

Fidelity Management Trust Company also certified to the completeness and accuracy of $314,045 of net appreciation in fair value of investments and $39,309 of interest and dividends. Reliance Trust Company certified to the completeness and accuracy of $262,201 of net appreciation in fair value of investments and $78,566 of interest and dividends.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6: TAX STATUS

The Plan was restated as of July 1, 2018 using the Automatic Data Processing Prototype 4101(k) and Profit Sharing Plan. The prototype plan has received an opinion letter dated July 8, 2014 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code therefore believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

NOTE 7: RISKS, CONCENTRATIONS, AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company, the former trustee of the Plan, and Reliance Trust Company, the current trustee of the Plan, manage certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental schedule: Schedule H Line 4i, schedule of assets (held at end of year).

NOTE 9: RECLASSIFICATION TO NOTES TO FINANCIAL STATEMENTS

Certain reclassifications and corrections have been in the December 31, 2016 notes to the financial statement to conform to classification and accounting policies used at December 31, 2017. This includes revisions to the fair value disclosures of investments and certification disclosure to comply with current U.S. generally accepted accounting principles.
