Independent Auditors' Report

To the Plan Administrator
Kord Technologies, Inc. 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kord Technologies, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2017, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplementary Information

The supplemental schedule Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2016 Financial Statements

Plan management is responsible for the accompanying financial statement of Kord Technologies, Inc. 401(k) Profit Sharing Plan, which comprises the statement of net assets available for benefits as of December 31, 2016. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the December 31, 2016 statement of net assets available for benefits.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Kord Technologies, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
For the Year Ended December 31, 2017

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Kord Technologies, Inc. 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan Sponsor, Kord Technologies, Inc. (Company), established the Plan effective as of October 1, 2006. The Plan, as amended, is a defined contribution plan covering all non-leased and non-union employees of the Company who are age twenty one or older, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants may make salary – deferred contributions to the Plan up to 100% of their annual compensation, not to exceed the annual limits imposed by the Internal Revenue Service (IRS). Participants may elect to make all pre-tax deferrals, all Roth deferrals, or a combination of deferrals each pay period. Contributions from employees are recorded and remitted in the period in which the Company makes the deductions from the participants’ payroll. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. The Company has elected to make a safe harbor matching contribution to all eligible participants in an amount equal to 100% of the first three percent of eligible compensation, and 50% of the next two percent of eligible compensation, contributed to the plan as deferral contributions. For the year ended December 31, 2017, \$690,716 in matching contributions were made by the Employer.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and Company matching & profit sharing contributions (if any), as well as allocations of Plan earnings, and is charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching and profit sharing contribution portion of participant accounts is based on years of service, as defined. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or one-half of their vested account balance. The notes receivable from participants are secured by the balance in the participant’s account and bear interest at a rate of prime plus 1%. The maximum number of Plan loans that a participant may have outstanding at any one time is one. Note terms may generally may not

exceed 5 years unless the loan is for purchase of a principal residence in which case the loan must not exceed 10 years.

Payment of Benefits – On termination of service due to death, disability, retirement or other reasons, a participant with a vested balance equal to or less than \$5,000 may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant with a vested balance exceeding \$5,000 may elect to receive a lump-sum distribution, direct rollover, or partial withdrawals or installments but only with respect to minimum required distributions over a period of not more than the participants assumed life expectancy. In addition, distributions to participants on account of financial hardship may be made in certain circumstances limited under the terms of the Plan.

Forfeitures – At December 31, 2017, there was \$9,578 in forfeited non-vested accounts. Non-vested forfeited accounts, when applicable, may be used to pay for future Plan expenses or to offset future employer contributions. During the year ended December 31, 2017, no forfeitures were used to reduce employer contributions or administrative fees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net investment gain includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Kord Technologies, Inc. 401(k) Profit Sharing Plan
Statements of Changes Net Assets Available for Benefits
December 31, 2017

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2017.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements – In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplified employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provided for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively. Management has adopted this guidance.

Subsequent Events – In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through the date of the auditor's report, which was the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE
(UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company as of and for the plan year ending December 31, 2017, except for comparing such information certified by the trustee and custodian to information included in the Plan's financial statements and supplemental schedules.

Notes Receivable from Participants	\$ 27,156

The investments and cash in this Plan of \$8,331,901 and \$163,588, respectively, were certified by Fidelity Management Trust Company as of December 31, 2017. The Plan's investments were held in a trust fund at year end December 31, 2017 at Fidelity Management Trust Company, who also certified notes receivable from participants of \$27,156 as of December 31, 2017. During 2017, the Plan's participant-directed investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,166,061 (including interest and dividend income). During 2017, the Plan's notes receivable earned interest of \$1,360.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the Employer will direct the distribution of accounts in a manner permitted by the Plan as soon as practicable.

NOTE 5 – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

During 2017, certain Plan investments were shares of funds managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan, and therefore, these transactions

qualify as parties in interest to the Plan. Fees of \$413 were paid to Fidelity Management Trust Company by the Plan during the year ended December 31, 2017.

NOTE 8 – DISTRIBUTIONS PAYABLE

At December 31, 2017, net assets available for benefits included \$-0- for distributions to participants who have withdrawn from the Plan prior to the end of the Plan year.

NOTE 9 – ADMINISTRATION OF PLAN ASSETS

The trustee appointed by the Board of Directors of Kord Technologies, Inc. as of July 24, 2013 is Fidelity Management Trust Company. The Plan's assets are held and managed by the Trustee, who invests cash received, interest, and dividend income, and makes distributions to participants.

NOTE 10 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment fund: For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. These contracts are included in the financial statements at contract value, as reported to the Plan by Putnam Fiduciary Trust Company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017.

Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 8,279,854	\$ -	\$ -	\$ 8,279,854
Money Market	<u>163,588</u>	<u>-</u>	<u>-</u>	<u>163,588</u>
Investments at fair value	<u>\$ 8,443,442</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,443,442</u>

NOTE 11 – INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan invests with Putnam Stable Value Fund (the "Fund"), managed by Putnam Fiduciary Trust Company, which invests in high-quality guaranteed synthetic investment contracts and similar contracts issued by insurance companies, banks and other financial institutions ("Investment Contracts"). These investment contracts, which are fully benefit responsive contracts, totaled \$52,047 at December 31, 2017. Putnam Fiduciary Trust Company maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contracts are valued at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. All of the contracts that the Fund purchases are benefit responsive at contract value for all plan permitted, participant directed transactions. There are no exceptions to this stipulation.

Additionally, the Fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and Plan terminations. Due to the size of the Fund and the specific percentage allowances negotiated by the Fund, it is highly unlikely (not probable) that any event would occur that would limit the Fund's ability to transact at contract value with each issuer under these events.

The only event or circumstance that would allow issuers to immediately terminate a fully benefit-responsive contract with the Fund at an amount different from contract value would be if they were provided with willingly fraudulent information about the Fund by the trustee. This would constitute a breach of contract and would allow for termination at a value that could be different from contract value. Additionally, most contracts have provisions that allow the issuer to terminate at book value over a specified period of time, normally the duration of the portfolio being wrapped. At no point may an issuer of a wrap contract immediately terminate at market value (other than as specified above) if the market value of the underlying portfolio is less than the book value.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. These contracts are included in the financial statements at contract value, as reported to the Plan by Putnam Fiduciary Trust Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. Such interest rates are reviewed on a semi-annual basis for resetting. There is no stated minimum or maximum interest rate and no stated maturity. The terms of the contract require all permitted participant-initiated transactions, such as withdrawals for benefits, loans or transfers to other investment choices within the plan, involving the investment to occur at contract value with no conditions, limits or restrictions. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.
