Cuyahoga Vending & Dining 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2017 and 2016

A. PLAN DESCRIPTION

The following brief description of the Cuyahoga Vending & Dining 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General - The Plan was adopted by Cuyahoga Vending & Dining (the “Company”) effective January 1, 1994. The Plan was restated on May 1, 2015. The Plan is a defined contribution plan covering substantially all employees of the Company who have completed one year of service, as defined, and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Entry into the Plan is on the first day of each month.

Contributions - Participants may make voluntary 401(k) and Roth contributions not to exceed the lower of 100% of their aggregate compensation, as defined, or the limit as determined by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company, however, may be required to limit contributions of certain employees to comply with the IRC.

The Company may, at its option, match a portion of each participant’s voluntary contributions. Employees must have completed the eligibility conditions described above in order to receive a Company matching contribution. For all periods presented, the Company elected to match 25% of each dollar of pre-tax contributions up to 6% of participants’ compensation. Contributions are subject to certain IRS limitations.

The Company may, at its option, make a non-elective discretionary contribution. Employees must have completed the eligibility conditions described above in order to receive non-elective discretionary contributions. For all periods presented, there were no non-elective discretionary contributions.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant’s account is credited with the participant’s contributions, employer matching contributions, an allocation of the Company’s non-elective discretionary contributions, and Plan earnings or losses as defined by the Plan agreement. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants may direct their contributions to any or all of the investment funds provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Cuyahoga Vending & Dining 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2017 and 2016

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years unless used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined at the time the loan is taken based on prime. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, death, disability, retirement or other reasons, a participant will receive a lump sum payment equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts - Unvested amounts forfeited by terminated participants may be used by the Plan for the payment of Plan expenses. Any remaining forfeitures attributable to matching contributions will be used to reduce employer matching contributions. Forfeitures used to pay a portion of the employer match, non-elective discretionary contributions, and Plan expenses for the years ended December 31, 2017 and 2016 were approximately \$5,600 and \$4,800, respectively.

Plan Termination - Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. In the event of Plan termination, all participants would be 100% vested in their accounts.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are held by in a trust and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the Plan document.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to April 15th of the following year.

Cuyahoga Vending & Dining 401(k) Retirement Plan

Notes to the Financial Statements

December 31, 2017 and 2016

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third-party administrative expenses and investment management fees, are paid by the Plan. Fees attributable to loans and distributions are paid by the participants. All other expenses of maintaining the Plan are paid by the Company. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Sponsor has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Capital Bank, the trustee of the Plan.

Capital Bank has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2017 and 2016, and for the year ended December 31, 2017.

Capital Bank has certified to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2017.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Cuyahoga Vending & Dining 401(k) Retirement Plan

Notes to the Financial Statements

December 31, 2017 and 2016

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money Market Fund - The shares of the money market fund are valued in accordance with Securities and Exchange Commission Investment Company Act of 1940 regulations, restricting investment of a money market fund and permitting the penny-rounding method, which enables the fund to maintain a constant net asset value ("NAV") of \$1.00 per share. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Total
Mutual funds	\$ 4,008,906	\$ 4,008,906
Investments measured at net asset value	-	146,959
Total assets at fair value	<u>\$ 4,008,906</u>	<u>\$ 4,155,865</u>

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017.

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period

E. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Capital Bank & Trust, the trustee of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

Capital Bank & Trust provides certain administrative services to the Plan pursuant to a Service Agreement (SA) between the Company and Capital Bank & Trust. Capital Bank & Trust receives revenue from mutual fund service providers for services Capital Bank & Trust provides to the funds. This revenue is used to offset certain amounts owed to Capital Bank & Trust for its administrative services to the Plan.

If the revenue received by Capital Bank & Trust from such mutual fund service providers exceeds the amount owed under the SA, Capital Bank & Trust remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expense or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to Capital Bank & Trust for administrative expenses not covered by revenue sharing.

F. FEDERAL INCOME TAX STATUS

The American Funds Distributors, Inc. Defined Contribution Prototype Plan and Trust, as restated on May 1, 2015, received an Internal Revenue Service ("IRS") Opinion Letter on the prototype dated March 31, 2014. Although the Plan has not obtained a determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Company believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
