W.C.A. SERVICES CORPORATION SAVINGS AND PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. PLAN DESCRIPTION

The following description of the W.C.A. Services Corporation Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age 21 or older. Non-resident aliens and leased employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

The Plan was frozen effective June 30, 2017 and subsequent to this date, no employees may become eligible for the Plan and no further contributions will be permitted. Effective July 1, 2017, the Plan Sponsor adopted the UPMC 401(a) Plan, which allows eligible employees to participate in the Parent Company's Plan. The Board of Directors approved a resolution to merge the assets of the Plan into the UPMC 401(a) Plan as soon as administratively feasible.

Contributions: Participants may elect to contribute up to 100% of their eligible compensation limited to the Internal Revenue Code (IRC) maximum. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their options on a quarterly basis. Effective June 30, 2017, the Plan was frozen and no longer allows for new entrants or any contributions.

The Company makes a discretionary matching contribution equal to 50% of an employee's salary deferral contribution, up to a maximum of 2% of the employee's compensation. For the year ended December 31, 2017 the discretionary matching contribution amounted to \$20,724 (\$39,980 – 2016). The Company may also make discretionary profit sharing contributions, which may vary from year to year. This contribution is determined at year-end by the Board of Directors. The Company made no discretionary profit sharing contributions for the year ended December 31, 2017 (\$33,440 – 2016).

Participant Accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are fully vested with respect to their salary deferrals and qualified employer matching contributions. A participant is 100% vested in employer profit-sharing contributions after three years of credited service.

Forfeitures: Forfeitures reduce administrative expenses for the year in which the forfeiture occurs. Forfeitures not used to pay administrative expenses are used to reduce employer contributions. There were no forfeitures used to reduce administrative expenses during the years ended December 31, 2017 and 2016. There were no unapplied forfeitures as of December 31, 2017 and 2016.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 or up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through bi-weekly payroll deductions.

W.C.A. SERVICES CORPORATION SAVINGS AND PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Payment of Benefits: On termination of service due to death, disability, retirement, or termination a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. In service distributions are also permitted when the participant attains 59½ or demonstrates financial hardship.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's earnings and gains and losses on investments bought and sold as well as held during the year.

Guaranteed Interest Account with Insurance Company: The Plan currently invests in an investment contract with Principal Financial Group (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses which approximates fair value at December 31, 2017 and 2016. Due to the possible market value adjustment when funds are withdrawn prior to their maturity, the investment contract is not considered benefit responsive.

Notes Receivable from Participants: Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses: Certain administrative expenses are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in employer contributions.

Subsequent Events: The Plan has evaluated subsequent events through October 15, 2018, the date the financial statements were available to be issued.

W.C.A. SERVICES CORPORATION SAVINGS AND PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Guaranteed interest contracts: Guaranteed interest contracts are valued at fair value by the insurance company by discontinuance value which is the amount the plan participant will receive if they transfer or surrender their funds out the guaranteed interest contracts at a market value adjustment which moves with market interest rates or a flat discontinuance charge. In determining the reasonableness of the methodology, the Plan Administrator evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate). The guaranteed interest contracts are classified as Level 3 assets.

Shares of pooled separate accounts: The separate accounts are stated at fair value based on the quoted market prices of the underlying mutual funds. The unit value of the separate accounts is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the NAV, or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. The net asset value is used as a practical expedient to determine fair value for these accounts.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4. FINANCIAL CERTIFICATION

Financial information relating to the Plan's assets at December 31, 2017 and 2016, as well as earnings and transactions for the years then ended, has been derived from information provided by Principal Life Insurance Company, and certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

	<u>2017</u>	<u>2016</u>
Investments, at fair market value:		
Guaranteed interest contracts	\$ 216,245	\$ 213,872
Shares of pooled separate accounts	\$ 2,212,677	\$ 1,777,276
Transactions for the year ended:		
Net appreciation in the fair value of investments	\$ 323,911	\$ 152,226

NOTE 5. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are maintained in investment funds managed by the custodian. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Gains on these investments amounted to \$323,911 for the year ended December 31, 2017 (\$152,226 - 2016). Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Administrative expenses paid by the Plan amounted to \$1,704 for the year ended December 31, 2017, which were not covered by revenue sharing (\$3,277 - 2016). The Company pays directly any other fees related to the Plan's operations.

NOTE 6. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. NON-EXEMPT PROHIBITED TRANSACTION

During the year ended December 31, 2016, the Company inadvertently failed to deposit \$90 of participant contributions within the required time frame as stated by the United States Department of Labor (DOL). During the year ended December 31, 2017, the Company made the deposit of lost earnings to correct this failure. The Company filed Form 5330 for 2016 and paid the applicable excise tax. The excise tax payments were made from the Company's assets and not from assets of the Plan.
