Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets, and executes investment transactions. UNION EMPLOYEES' 401(k) RETIREMENT PLAN

Notes to the Financial Statements

For the Years Ended December 31, 2017 and 2016

Note 1- Plan Description

The following description of Olympic Steel, Inc. Union Employees' 401(k) Retirement Plan (the Plan) is provided for general information purposes. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan established January 1, 1990, to provide retirement benefits for eligible union employees of Olympic Steel, Inc. (the Company). The Plan also contains provisions for disability and death benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Each employee becomes eligible to participate in the Plan after 12 consecutive months of employment in which an employee has completed 1,000 hours of service.

Participant Accounts and Contributions

Eligible participants may make an election to defer a portion of their compensation limited to the maximum allowable deferral under the Internal Revenue Code (IRC). The salary deferral is known as an elective contribution. The Company may make discretionary matching and non-elective contributions. For the years ending December 31, 2017 and 2016, the Company made a matching contribution equal to 50% of the first 6% of the participant's elective contribution.

Each participant will have a separate non-elective contribution account, with sub-accounts to reflect formula and matching contributions, and an additional account for elective contributions and / or rollover contributions.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Participants may direct the manner in which their contributions are allocated among the investment options available under the Plan. The Company's matching and formula contributions are allocated based upon the participant investment elections.

Vesting

Participants are immediately vested in their elective contributions, rollover contributions, and the Company matching or non-elective contributions.

Note 1 - Plan Description (Continued)

Notes Receivable from Participants

The Plan allows for participants to borrow from their accounts a minimum of \$500 and a maximum of 50% of their vested account balance up to \$50,000. The interest rate must be a reasonable rate, as determined by the plan administrator. Interest assessed on outstanding loans was 3.25% - 6.25% at December 31, 2017. Maturities on these loans do not exceed five years unless the funds are used to acquire a participant's principal residence.

Benefit Payments

Upon service or disability retirement, death, termination or financial hardship, the participant or beneficiary may elect to receive a benefit payment. Benefit payments are paid directly to the participant from the net assets available for benefits, and are made in lump-sum amounts or through periodic payments as specified by the participant, subject to the provisions of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Plan Expenses

The Plan pays the majority of the administrative expenses.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 3 - Investments

The net appreciation in fair value of investments on the statement of changes in net assets available for benefits reflects the net gains and losses on all investments, which are invested primarily in mutual funds.

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2017	2016
Net Assets certified by trustee		
Common / collective trust	\$ 405,091	\$ 678,191
Mutual funds	7,007,740	5,763,275
Cash	10,392	10,100
Certified assets	<u>\$ 7,423,223</u>	<u>\$ 6,451,566</u>
	Year Ended December 31, 2017	Year Ended December 31, 2016
Additions to net assets certified by trustee		
Net appreciation in fair value of investments	\$ 1,177,182	\$ 317,238
Interest and dividends	\$ 97,325	\$ 66,734

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Note 4 - Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

Note 4 - Fair Value Measurements (Continued)

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the net asset values of shares held by the Plan at year end.

Common / collective trusts (CCT): Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Cash Surrender Value of Life Insurance: Valued based on the cash paid into the policy less cost of insurance coverage plus related dividend income retained under the policy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017				
Description	Level 1	Level 2	Level 3	Total

Note 5 - Party-In-Interest Transactions

Noble-Davis Consulting provides administrative and recordkeeping services. The fees charged for these services for the years ended December 31, 2017 and 2016 were \$16,284 and \$17,103, respectively. Mid Atlantic Trust Company provides trustee services. The fees charged for these services for the years ended December 31, 2017 and 2016 were \$4,529 and \$4,893, respectively.

The Plan participates in a revenue-sharing arrangement whereby the Plan receives funds to pay certain administrative fees. These funds totaled approximately \$21,613 and \$31,592 for the years ended December 31, 2017 and 2016.

Note 6 - Federal Income Taxes

The Plan obtained its latest determination letter on February 11, 2011, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the determination letter. The plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the accompanying financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan, and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 7 - Transfer of Assets

During the plan years ended December 31, 2017 and 2016 assets were transferred from the plan to the Olympic Steel, Inc. Employees' 401(k) Retirement Plan and Trust in the amount of \$1,713 and \$438,428, respectively. These transfers reflect the change in employment status of certain employees from union to non-union status.

Note 8 - Subsequent Events

Plan management evaluated subsequent events through October 12, 2018, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
