A. Plan Description

The following description of the Altran North America 401(k) Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions is in the Plan Agreement.

1. General - The Plan is a defined contribution plan covering substantially all employees ("participants") of Altran Solutions Corp. (the "Company"). The Plan was adopted on April 1, 2016 and is administered on the basis of the Plan year, which is the 12 month period commencing each January 1 and ending on December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants are offered a selection of mutual funds for the placement of their contributions ("participant-directed"). The determination of the participant-directed funds made available to participants is made by the Plan's administrator.

2. Contributions - Participants may elect to defer up to one hundred percent of their annual compensation as defined in the Plan, subject to limits set by the Internal Revenue Code ("IRC"). Participants that have met requirement age of 50 or older may elect to defer additional amounts as Catch-Up Contribution, subject to limits set by the IRC. Participants are automatically enrolled in the Plan with a 3% contribution unless he or she elects otherwise. This amount will increase each year by 1% automatically up to a maximum rate of 6% Participants may also contribute distributions from other qualified retirement plans ("Rollovers").

   Employee deferred salary contributions may be matched by the Company in accordance with the provisions of the Plan. For the year ended December 31, 2017, the Company's matching contribution was 25% of participant's deferrals, which totaled $848,430. In addition, the Company may make a profit sharing contribution to the Plan based upon a discretionary formula determined by the Company annually. There were no profit sharing contributions to the Plan for the year ended December 31, 2017.

3. Participant accounts - Each participant's account is credited with the participant's contribution, the Company's matching contribution and profit sharing contributions, an allocation of Plan net investment earnings, and administrative expenses. Allocations are based on participant compensation or account balances, or specific participant transactions as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

4. Vesting - Participants are fully vested in their own contributions and related earnings. Vesting of Company matching contributions and discretionary contribution, if any, and earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of continuous service as defined in the Plan, or upon permanent disability, death, or satisfies the conditions for Early Retirement Age.

A. Plan Description (continued)

5. Payment of benefits - On termination of service, retirement, or disability, a participant may elect to receive either a single lump sum amount or substantially equal installments. The Plan may automatically distribute to terminated participants their entire vested account balance not exceeding $5,000 (involuntary cash-out). The Plan also allows for hardship withdrawals, and in-service withdrawals upon the participant reaching age 59 1/2 of all or a portion of a participant's account.

6. Notes receivable from participants - Participants may borrow a minimum of $1,000 and up to the lesser of $50,000 or 50% of their vested interest in the Plan. Loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are repaid ratably through payroll deductions.

7. Forfeitures - Contributions made by the Company which are not vested at the time employees cease to be participants in the Plan shall be used to pay administrative expenses and reduce future employer contributions payable under the Plan. As of December 31, 2017 and 2016, unallocated forfeitures, including investment gains and losses, totaled $325,036 and $211,765, respectively.

8. Plan administration - The Company is the Plan administrator and has the authority to appoint persons or entities to carry out the operations of the Plan. Vanguard Fiduciary Trust Company ("VFTC") is the Plan's trustee and provides recordkeeping services for the Plan.

9. Plan termination - The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participant's accrued benefits become fully vested and non-forfeitable.

B. Summary of Significant Accounting Policies

1. Basis of accounting - The accompanying financial statements are prepared on the accrual basis.

2. Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

B. Summary of Significant Accounting Policies (continued)

4. Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

5. Benefits paid - Benefits are recorded when paid.

6. Administrative expenses - Certain administrative expenses incurred in maintaining the Plan are paid by use of the forfeiture account. Investment-related expenses, recordkeeping, and other Plan administration expenses are paid by the Plan and are recorded in the net appreciation in fair value of investments and in administrative expenses.

7. Subsequent events - The Plan administrator has evaluated all subsequent events through October 11, 2018, the date the financial statements were available to be issued.

C. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year), included investments and notes receivable from participants held at December 31, 2017 and 2016, net appreciation in fair value of investments, and interest and dividend income for the year ended December 31, 2017, was obtained or derived from information supplied to the Company and certified as complete and accurate by VFTC.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

D. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 — Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 — Inputs other than quoted prices included within Level 1 that observable for the asset or liability, either directly or indirectly, such as:

a. Quoted market prices for similar assets or liabilities in active markets.
b. Quoted prices for identical or similar assets or liabilities in inactive markets.
c. Inputs other than quoted prices that are observable for the asset or liability.
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 — Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

Investment Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 56,483,008	$ -	$ -	$ 56,483,008
Investments at fair value	$ 56,483,008	$ -	$ -	$ 56,483,008

Investment Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 50,379,728	$ -	$ -	$ 50,379,728
Investments at fair value	$ 50,379,728	$ -	$ -	$ 50,379,728

D. Fair Value Measurements (continued)

For the years ended December 31, 2017 and 2016, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

E. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

F. Related Party and Party-In-Interest Transactions

Plan investments include mutual funds managed by VFTC, who is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees related to the Trustees' administration of the Plan are paid by the Plan.

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

G. Tax Status

In a letter dated May 28, 2014, the Internal Revenue Service ("IRS") has determined that the prototype plan qualifies under Section 401(a) of the IRC and is, therefore, not subject to tax under the present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income examination for open years.

H. Delinquent Contributions

As required by ERISA Section 2510.3-102, the Company is required to segregate and remit employee contributions to the Plan from its general assets as soon as the funds can be reasonably segregated. For the years ended December 31, 2017 and 2016, there were seven and fifteen pay periods in which contributions were not remitted on a timely basis. Contributions for these pay periods are considered a prohibited transaction. Subsequent to year end, the Company intends to compensate participants by making an interest payment for any lost earnings from the delay in contributions.

I. Automatic Enrollment Failure

In 2017, the Company determined there was a failure to implement the Plan's automatic enrollment provision. Subsequent to year end, the Company, by using the IRS Employee Plans Compliance Resolution System, intends to correct the failure and fund contributions to the plan on behalf of the employees to replace the missed deferral opportunity.

J. Compliance testing

The Plan is subject to annual compliance testing to ensure that employee benefit plans do not violate certain standards set by the DOL and IRS. The compliance testing for the year ended December 31, 2017 has not been completed as of the date the financial statements were available to be issued. The Company cannot determine or estimate if a receivable or liability to the plan will be incurred based on the results of the compliance testing and as a result no receivable or liability has been recorded in the accompanying financial statements.

K. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of financial statement amounts to Form 5500:
