Note A - Description of Plan

The following description of Matter Brothers Furniture 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides benefits to employees of Stewart Sleep Center, Inc. d/b/a Matter Brothers Furniture (the Sponsor). The Plan's effective date is January 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Eligibility for the Plan requires completing six months of service from the date of hire and reaching 21 years of age. Plan entry dates are the first month following the completion of the eligibility requirements.

Any eligible participant will automatically be enrolled with a contribution rate of 1%. All employees have the option to contribute more, less, or not participate in the Plan.

Trustee and Recordkeeper

The Plan's recordkeeper is Automatic Data Processing, Inc. (ADP). Reliance Trust Company (Trustee) is the trustee of the Plan.

Contributions

Each year, participants may contribute from 1% to 90% of their pretax annual compensation, as defined by the Plan, up to statutory annual limits. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor matches each participant's deferral in an amount equal to 25% of the first 4% of the participant's compensation. Matching contributions are calculated each payroll period.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, the related Sponsor match, and an allocation of plan earnings. Allocations of earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Vesting is based on years of service. Participants are immediately vested in their salary deferral contributions, employee rollovers, and actual earnings thereon. A participant is fully vested in matching contributions after five years of service and also upon retirement, death, or total and permanent disability.

The following schedule describes the Plan's Sponsor vesting provision.

Years of Service	Vested Percentage
Less than one year	None
One year but less than two years	20%
Two years but less than three years	40%
Three years but less than four years	60%
Four years but less than five years	80%
Five years or more	100%

Payment of Benefits

Upon termination of employment, for any reason, a participant may elect to receive either a lump sum payment or a direct rollover in an amount equal to the value of the participant's vested interest in their account.

Forfeited Accounts

Forfeitures of nonvested matching contributions are used to reduce future matching contributions.

Note B - Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting, except for benefits paid to participants, which are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Sponsor. Expenses paid by the Sponsor are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

The plan administrator has evaluated all events subsequent to December 31, 2017 and through September 24, 2018, which is the date these financial statements were available to be issued. The plan administrator determined that there are no subsequent events that require recognition or disclosure in these financial statements.

Note C - Information Prepared and Certified by the Trustee

The Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The plan administrator has obtained certification from Reliance Trust Company regarding the completeness and accuracy of the information provided to the plan administrator by the Trustee as of and for the years ended December 31, 2017 and 2016:

	2017	2016
As of December 31		
Investments at fair value	**$ 577,272**	$ 198,802
Year ended December 31		
Net appreciation (depreciation) in fair value of investments	**$ 38,799**	$ (117)
Dividends	**22,046**	3,789

Forfeitures of nonvested matching contributions are non participant-directed. Information about the net assets and the significant components of the changes in net assets relating to the non participant-directed investments are as follows:

	2017	2016
Net assets as of December 31		
Columbia Trust Stable Government Fund Class III-50	**$ 131**	$ 10
Changes in net assets for the year ended December 31		
Current year forfeitures	**$ 549**	$ 322
Forfeitures used to reduce Sponsor matching contributions	**(428)**	(312)
	$ 121	$ 10

No auditing procedures were performed with respect to investment assets, investment income and the schedule of assets, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule of assets (held at end of year).

Note D - Fair Value Measurements

Accounting standards provide a framework for fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

– Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

– Level 2 - Inputs to the valuation methodology include indirect observable inputs including prices for similar assets and market corroborated inputs. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

– Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

- *Shares of registered investment companies* - Valuation of shares of registered investment companies is based on the reported net asset value of each fund, which is based on the quoted market price or fair value of each fund's underlying investments.
- *Collective trusts* - Valuation of the collective investment funds is based on the net asset value per share practical expedient, which is based on the fair value of each fund's underlying Exchange Traded Funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's fair value hierarchy as of December 31:

	Total	Level 1	Level 2	Level 3
2017				
Shares of registered investment companies	$ 577,141	$ 577,141	$ -	$ -
Investments measured at net asset value:				
Collective trusts (a)	131	-	-	-
	$ 577,272	$ 577,141	$ -	$ -
2016				
Shares of registered investment companies	$ 198,792	$ 198,792	$ -	$ -
Investments measured at net asset value:				
Collective trusts (a)	10	-	-	-
	$ 198,802	$ 198,792	$ -	$ -

(a) Certain investments that are measured at fair value using net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above are intended to permit recalculation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Note E - Income Tax Status

According to Internal Revenue Service (IRS) Announcement 2011-49, employers that adopt approved nonstandardized prototype plans and meet certain additional guidelines can rely on the prototype plan's determination letter, dated July 8, 2014, rather than file for a new letter. The Employer has elected to rely on the prototype plan opinion letter in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The Plan document has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note F - Related Party Transactions

Fees paid during 2017 and 2016 by the Plan and Sponsor to the Trustee and other service providers for professional and custodial services were based on customary and reasonable rates for their services. Certain investments throughout the years were in investments managed by the Trustee. While these transactions qualify as party-in-interest activity, they are expressly exempt from the prohibited transaction rules (ERISA, Title I, Section 408 (b)).

Note G - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note I - Reconciliation of Financial Statements to Form 5500
