NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the AS America, Inc. Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan, established on October 31, 2007, is a defined benefit pension plan covering all hourly employees covered by the collective bargaining agreements at the following facilities of AS America, Inc. (the "Company" or the "Employer"): the Tiffin, Ohio plant, the Paintsville, Kentucky plants and the Salem, Ohio plant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Wells Fargo Bank, N.A. ("Wells Fargo") serves as custodian of the Plan's assets. Effective January 1, 2010, the following Plans have been merged into the AS America, Inc. Pension Plan: a) Crane Plumbing, LLC Non-Bargaining Employees' Retirement Plan; b) Crane Plumbing, LLC Retirement Plan; and c) Crane Plumbing, LLC Bargaining Employees' (Texas) Retirement Plan

ELIGIBILITY

AS America, Inc. - Effective May 5, 2007, future eligibility and future benefit accruals for the Salem, Ohio employees were frozen. Each participant who has satisfied the eligibility requirement as of May 5, 2007 shall continue to be a participant in the Plan subject to the terms and conditions of the Plan. Both the Tiffin, Ohio plant and the Paintsville, Kentucky plant locations were closed on December 21, 2007 and October 31, 2008, respectively.

Former Crane Plumbing, LLC Retirement Plan - Effective July 1, 2006, the Crane Plumbing, LLC Retirement Plan (Retirement Plan) was frozen for new plan participation and future benefit accruals for the Nevada, Missouri location participants included in the Plan. Effective February 1, 2008, the Retirement Plan was frozen for new plan participation and future benefit accruals for the Mansfield, Ohio location participants included in the Retirement Plan. Both the Ferguson, Kentucky and Somerset, Pennsylvania locations were closed on February 15, 2006 and September 23, 2005, respectively. The Nevada, Missouri location was closed on June 30, 2015.

Former Crane Plumbing, LLC Non-Bargaining Employees' Retirement Plan - Effective May 31, 2004, the Non-Bargaining Employees' Retirement Plan benefits were frozen and there are to be no new entrants to the Plan and no more benefits will accrue.

Former Crane Plumbing, LLC Bargaining Employees' (Texas) Retirement Plan - Effective August 1, 2005, the Crane Plumbing, LLC Bargaining Employees' (Texas) Retirement Plan was frozen for future eligibility and future benefit accruals.

FUNDING POLICY

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2017 and 2016, the Company made contributions of $1,987,924 and $1,976,907, respectively. The Company's contributions for 2017 and 2016 exceeded the minimum funding requirements of ERISA.

PENSION BENEFITS

AS America, Inc. - For eligible employees of the Tiffin, Ohio and Paintsville, Kentucky plants, upon normal retirement at age 65, participants are entitled to receive a monthly benefit based on years of service and average monthly earnings. For eligible employees of the Salem, Ohio plant, benefits are based on the benefits earned at May 5, 2007 when all benefits were frozen.

Former Crane Plumbing, LLC Retirement Plan - Upon normal retirement at age 65, participants are entitled to receive a monthly benefit based on years of service. Participants receive between $15.00 and $24.00 per month for every year of service, with the maximum of 35 years of service.

Former Crane Plumbing, LLC Non-Bargaining Employees' Retirement Plan - Upon normal retirement at age 65, participants are entitled to receive a monthly benefit equal to the following formula: the sum of (1) participants' monthly accrued benefit determined under the terms of the Crane Plumbing, LLC Non-Bargaining Employees' Retirement Plan on December 31, 1988 and (2) for each plan year beginning on or after January 1, 1989, an amount equal to one and one quarter of one percent (1.25%) of his or her average monthly compensation for such plan year.

Former Crane Plumbing, LLC Bargaining Employees' (Texas) Retirement Plan - Upon normal retirement at age 65, participants are entitled to receive a monthly benefit based on years of service. Participants receive between $14.00 and $25.00 per month for every year of service.

RETIREMENT AND DEATH BENEFITS

A participant may elect to have the retirement benefit paid in accordance with any one of the optional methods of payment under the Plan, which are as follows: a) a straight-life annuity for the lifetime of the participant without death benefits; b) a life annuity with a period certain (5, 10, or 20 years) for the lifetime of the participant, and if the death of the participant occurs prior to the end of the period certain, the balance of the remaining period certain are paid to the named beneficiary; and c) a survivorship annuity for the lifetime of the participant and, upon death, a survivorship percentage of either 50%, 66 2/3%, 75% or 100% of such annuity for the lifetime of the named beneficiary.

A participant may elect to receive early retirement benefits at the completion of 10 years of vesting service and attainment of age 55. The amount of early retirement benefit is determined using the participant's accrued benefit at the normal retirement date reduced by a percentage for each year the early retirement date precedes the participant's normal retirement date.

If a vested participant dies before pension benefits have commenced, the participant’s beneficiary shall receive a percentage of the monthly retirement benefit which would have been received if the participant had retired on the day coinciding with the date of his or her death with a qualified joint survivor pension.

VESTING

Participants are fully vested after five years of credited service. Participants who attain the age of 65 or meet the requirements for early retirement become fully vested as well. Vesting service is determined on an elapsed time basis.

INVESTMENT MANAGEMENT EXPENSES

Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Accordingly, actual results could differ from those estimates. The actuarial present value of accumulated plan benefits is particularly subject to change in the near term.

INVESTMENT VALUATION AND INCOME RECOGNITION

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 9 for discussion of fair value measurements.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan’s provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for

active employees are based on their accrued benefits as of the date of which the benefit information is presented (the valuation date). Benefits payable under all circumstances, such as retirement, death, and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, withdrawal, or retirement) between the valuation date and the expected date of payment.

The effect of plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective.

The significant actuarial assumptions used in determining the actuarial present value of accumulated plan benefits at December 31, 2017 and 2016 are as follows:

A. Assumed interest rate upon benefit settlement: 3.54% and 4.00% for 2017 and 2016, respectively

B. Average retirement age: Age 65 except for participants from the former Crane Plumbing, LLC. Non-Bargaining Employees' Retirement Plan

Age	Rate
55	5 %
56-59	3 %
60	5 %
61	3 %
62	7 %
63-64	3 %
65	100 %

C. Mortality:
Pre- and post-retirement — 2017: RP-2014 Generational with Scale MP-2017
2016: RP-2014 Generational with Scale MP-2015

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 - INVESTMENTS (UNAUDITED)

Wells Fargo Bank, N.A., ("Custodian"), held the Plan's investments and executed transactions during the plan years. In accordance with the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and regulations for Reporting and Disclosure under ERISA, the plan administrator has obtained certifications from the Custodian with respect to the completeness and accuracy of the investment information prepared and provided by the Custodian. This investment information, which is included in the accompanying December 31, 2017 and 2016 financial statements and supplementary schedules is based on information provided by the Custodian and has not been audited by the independent auditors of the Plan.

NOTE 5 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. The Plan utilizes a collective trust fund managed by the Custodian of the Plan as a sweep account, and therefore, these transactions qualify as a party-in-interest transaction. Certain professional fees for the administration and audit of the Plan were paid by the Company. The Plan paid administrative fees to the Custodian, Aon Hewitt, the actuary, and Kruggel, Lawton & Company, LLC, the auditor of the Plan. Administrative expenses in the amount of $705,044 and $695,786 were incurred for the years ended December 31, 2017 and 2016, respectively, which also qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations there under and the plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (the "PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated August 11, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Mutual Funds.* Valued at the published daily net asset value ("NAV") of shares held by the Plan. The mutual funds held by the Plan are deemed to be actively traded.

- *Collective Trust.* Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The fair values of participation units held in the collective trust are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). The investment objective of the collective trust is to maintain a constant net asset value of $1 per unit by investing in BlackRock Short-Term Investment Fund A5. However, there is no guarantee the fund will maintain a net asset value of $1 per unit. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2017 and 2016.

Investment Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual funds	39,337,558	0	0	39,337,558
Investments measured at net asset value *	0	0	0	271,796
Total investment assets at fair value	39,337,558	0	0	39,609,354

Investment Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual funds	35,163,031	0	0	35,163,031
Total investment assets at fair value	35,163,031	0	0	35,163,031

*In accordance with FASB Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
