MIDWEST TAPE 401(k) PROFIT-SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(1) Description of the Plan

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

Midwest Tape, LLC; Dreamscape Media, LLC; and S&S Home Video, Inc. (collectively, the "Plan Sponsor") established a 401(k) savings and retirement plan for the year beginning January 1, 1998. The Plan is a defined contribution plan covering all employees of the Plan Sponsor who have one year of service, have worked 1,000 hours, and are age 21 or older. Employees may enter the Plan on any Plan entry date after they have met all eligibility criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Dreamscape LLC 401(k) and Profit Sharing Plan was merged into the Plan effective January 2016 and all assets were transferred into the Plan.

(b) Contributions

Each year, participants may contribute pre-tax annual compensation as defined in the Plan, as well as Roth contributions. Participants are eligible to contribute after the participant completes two months of service and has reached the age of 21. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor contributes an amount equal to 50% of participants' elective deferrals, which do not exceed 3% of the participants' compensation. Matching amounts contributed by the employer are invested in the same portfolio investments. Additional profit-sharing amounts may be contributed at the option of the Plan Sponsor and are invested in the same portfolio investments. Contributions are subject to certain limitations. All contributions are subject to compliance with Internal Revenue Code regulations.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their own contributions and earnings. Vesting in the Plan Sponsor's matching contributions, profit-sharing contributions and earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

MIDWEST TAPE 401(k) PROFIT-SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participants' accounts and bear interest equal to the prime rate published in the Wall Street Journal on the 14th day of each month plus one percent. The interest rate will be fixed on the day the loan is processed and will remain constant during the term of the loan. Principal and interest are paid ratably through weekly payroll deductions. As of December 31, 2017, the outstanding notes receivable bear interest rates ranging from 4.25% to 5.50% and mature at various dates through 2022.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

(f) Payment of Benefits

On termination of service due to death, disability, or retirement a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Benefits are recorded when paid.

(g) Forfeited Accounts

For the years ended December 31, 2017 and 2016, forfeited nonvested accounts totaled \$32,896 and \$13,634, respectively. These accounts will be used to reduce future employer contributions. Employer contributions were reduced by \$54,722 in 2017 from forfeited nonvested account balances.

(h) Operating Expenses

The Plan pays a fee for each loan and distribution. All other expenses of maintaining the Plan are paid by the Plan Sponsor.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

MIDWEST TAPE 401(k) PROFIT-SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(c) *Investment Valuation and Income Recognition*

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a guaranteed funds contract. Contract value for the guaranteed funds contract is based on the discontinuance value of the fund as reported by the investment advisor. The statements of net assets available for benefits and the statement of changes in net assets available for benefits present the contract value of the investment in the guaranteed funds contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) *Excess Contributions Payable*

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were excess contributions made to the Plan of \$3,782 in 2017. Adjustments were made to participant contributions in order to reflect the ADP test. The Plan expects to reimburse these excess contributions returned to certain highly compensated employees by the due date of the Form 5500.

(3) Information Prepared and Certified by the Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, Massachusetts Mutual Life Insurance Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments, at fair value
- Investments, in fully benefit-responsive investment contracts, at contract value
- Interest and dividends
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Notes to Financial Statements

December 31, 2017 and 2016

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2017.

Pooled separate investment accounts: Valued at the daily closing price as reported by the fund. Pooled separate investment accounts held by the Plan are open-end accounts that are registered with the Securities and Exchange Commission. These accounts are required to publish their daily Net Asset Value (NAV) and to transact at that price. The accounts held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MIDWEST TAPE 401(k) PROFIT-SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

<u>Investment</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate investment accounts	\$ 18,433,306	—	—	18,433,306
Guaranteed Investment Contract (a)	—	—	—	732,482
Total	\$ —	—	—	19,165,788

- (a) Certain investments that are fully benefit-responsive investment contracts are measured at contract value and have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the table of fair values of investment and total net assets for the trustee.

Plan investments in pooled separate investment accounts totaling \$14,688,051 in 2016 were excluded from the fair value hierarchy table as they were measured using the net asset value (or its equivalent) practical expedient. In 2017, the Plan Sponsor determined that these investments should have been included as a level one investment within the fair value hierarchy table as they were determined to have a readily determinable fair value.

(5) Guaranteed Investment Contract with MassMutual Retirement Services

The Plan has a traditional fully benefit-responsive guaranteed investment contract with MassMutual Retirement Services (MassMutual) totaling \$732,482 and \$697,278 at December 31, 2017 and 2016, respectively. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a semiannual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example,

MIDWEST TAPE 401(k) PROFIT-SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the issuer.

The guaranteed interest rate for deposits made during the years ended December 31, 2017 and 2016 was 1.5% for both years. The composite interest rate for the years ended December 31, 2017 and 2016 was 1.5%.

(6) Tax Status

The Plan was a proto-type nonstandardized profit-sharing plan of Automatic Data Processing. Effective July 1, 2013, the Plan was converted to proto-type nonstandardized profit-sharing plan of MassMutual Retirement Services. The plan investment option is a Group Variable Funding Agreement issued by Hartford Life Insurance Company. MassMutual Retirement Services has been informed that this plan is acceptable under Section 401 of the Internal Revenue Code and that a company that adopts this plan will be considered to have a plan qualified under Code Section 401 (a) provided all terms of the plan are followed. The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Sponsor and the Plan Sponsor's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2014.

(7) Plan Termination

Although the Plan Sponsor has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

MIDWEST TAPE 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) Party-in-interest Transactions

Certain plan investments are managed by the trustee of the Plan. Therefore, transactions in these pooled separate investment accounts qualify as party-in-interest transactions.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for pension benefits per the financial statements to the Form 5500:

	December 31	
	2017	2016
