SIOUX CHIEF 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017

1. Description of Plan

The following description of the Sioux Chief 401(k) Profit Sharing Plan (the "Plan"), provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. General

The Plan, adopted September 1, 1984, is a defined contribution plan covering all employees of Sioux Chief Manufacturing Company, Inc., (the "Company"). Employees aged 18 or older are eligible to participate in the Plan and make elective deferrals after completing three months of service, regardless of the number of hours worked during that period. Employees aged 18 or older are eligible for Company matching contributions after completing one year of service; however, they must have worked at least 1,000 hours during the period in order to fulfill the service requirement. Employees are eligible to enter the Plan on the first day of the month following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Employees participating in the Plan may enter into elective deferral agreements authorizing the Company to withhold amounts up to the maximum dollar limit allowed by law. There are no additional Plan imposed limits. The Company has a discretionary match in place and has elected to contribute 100% of participants' deferrals to the Plan up to a maximum of 5% of their eligible base compensation for the years end December 31, 2017 and 2016. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. No such contributions were made in 2017 or 2016.

c. Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, and allocations of additional Company discretionary contributions and Plan earnings and charged with withdrawals and an allocation of Plan gains and losses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2017

1. Description of Plan (Continued)

d. Vesting

Participants are immediately vested in their voluntary salary deferral contributions plus the earnings thereon. Vesting in the Company's matching contributions, other discretionary contributions, and the earnings thereon, is based on years of continuous service according to the following 6-year graded schedule:

<u>Employer Match Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

e. Investments

Participants may direct the investment of their contributions into the various investment options offered by the Plan.

f. Payment of Benefits

Following severance from employment before the normal retirement age of 65, the Plan will make a mandatory distribution of up to \$5,000 of a participant's vested account balance. Such a distribution will be made immediately following severance from service and is subject to automatic rollover to an IRA specified by the participant. After a participant attains age 59½ or in the event of total and permanent disability, the participant is entitled to receive an in-service distribution of his or her vested balance without terminating employment. A hardship withdrawal of a participant's elective deferral, Company matching contribution, and/or other Company discretionary contribution balance is permitted but subject to a \$500 minimum distribution requirement. A participant will be fully vested upon death or disability. Benefits are recorded when paid.

1. Description of Plan (Continued)

g. Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$46,639 and \$5,257, respectively. These accounts will be used to reduce future employer contributions and pay administrative expenses. For the year ended December 31, 2017, forfeitures in the amount of \$28,616 were used to pay administrative expenses.

h. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000, or 50% of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. The loans are secured by the balance in the participants' account. All loans must be repaid with payroll deductions or ACH agreements in level payments at least quarterly over a five-year period, or up to a ten-year period for the purchase of a primary residence. Interest is charged on the loan balance at the Prime Rate plus 1%, and the participant is charged a setup fee for the loan.

i. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses that are paid by the Plan consist of fees charged by the Plan's custodian and investment advisory and management fees.

2. Summary of Significant Accounting Policies

The following are the significant policies followed by the Plan:

a. Basis of Accounting

The financial statements of the Plan are maintained on the accrual method of accounting.

SIOUX CHIEF 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2017

2. Summary of Significant Accounting Policies (Continued)

b. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amount of net assets available for benefits and the changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

c. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

d. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

e. Expenses

The Plan permits the payment of Plan expense to be made from the Plan's assets. If expenses are paid using the Plan's assets, the expenses will generally be allocated among the accounts of all participants in the Plan. The expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocation expenses depends on the nature of the expense itself. The employer may use forfeitures to pay Plan expenses.

2. Summary of Significant Accounting Policies (Continued)

f. Income Taxes

The Plan's income tax filings are subject to examination by various taxing authorities. The Plan's open examination periods are 2014 and forward.

g. Subsequent Events

Subsequent events have been evaluated up to October 10, 2018, the date these financial statements were available to be issued.

3. Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy within is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2017

3. Fair Value of Financial Instruments (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table presents assets and liabilities that are measured at fair value on a recurring basis at December 31:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	
	2017	2016
Mutual funds	\$ 31,795,966	\$ 27,578,466

4. Information Certified by Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian of the plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and non-interest bearing cash held at December 31, 2017 and 2016.
- Net appreciation in fair value of investments for the year ended December 31, 2017.
- Interest and dividends for the year ended December 31, 2017, excluding interest on notes receivable from participants.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code ("IRC"). The Plan was restated in 2015 with these pre-approved plan documents. The Company and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Risk and Uncertainties

The Plan invests in various investment instruments. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
