# Houston Shutters, LLC 401(k) Plan

## Notes to Financial Statements

## December 31, 2017 and 2016

## Note 1: Description of the Plan

The following description of Houston Shutters, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan sponsored by Houston Shutters, LLC (the Company) for the benefit of its employees who have at least one year of service and are age 21 or older. Related employers who also participate in the Plan include Rockwood Shutters of California, Inc. and Redbird Capital Company. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). John Hancock Life Insurance Company (U.S.A.) (John Hancock) is the custodian of the Plan.

### *Contributions*

The Plan permits eligible employees, through salary deferral election, to make annual contributions of up to 100 percent of eligible compensation. Participants age 50 and over are allowed to contribute an additional amount as pre-tax, catch-up contributions to the Plan, as specified in the Internal Revenue Code (the IRC). Participants may also contribute amounts representing rollover contributions from other qualified defined benefit or contribution plans. The Company matching contributions are discretionary as determined by the Company's management. For the years ended December 31, 2017 and 2016, the Company matched 50 percent of participants' contributions up to 4 percent of compensation, not to exceed 2 percent of the participants' annual compensation. Contributions are subject to certain regulatory limitations.

### *Participant Investment Account Options*

Participants direct the investment of their contributions, as well as the Company's contributions, into various investment options offered by the Plan and may change the allocation daily.

### *Participant Accounts*

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

### *Vesting*

Participants shall at all times be 100 percent vested in their salary deferral and rollover contributions. A participant is 100 percent vested in Company contributions upon the completion of three years of service. Additionally, participants are fully vested at their normal retirement date, death or disability, regardless of the number of years of participation.

### *Payment of Benefits*

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his or her vested account or a direct rollover. Participants with elective deferral contributions in excess of $5,000 may elect to defer distributions to a future date. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the *Plan Document*. Additionally, certain in-service withdrawals are permitted upon attainment of age 59½.

### *Forfeited Accounts*

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $214 and $306, respectively. These accounts will be used based on the Company's discretion. Also, in 2017 and 2016, the Company used $594 and $1,083, respectively, from the forfeited non-vested accounts to offset Plan expenses.

### *Revisions*

Certain immaterial revisions have been made to the 2016 financial statement disclosures for an error related to investment categorization and level within the fair value hierarchy.

## Note 2: Summary of Significant Accounting Policies

### *Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Pooled separate accounts are valued at estimated fair value as provided by John Hancock. Estimated fair value of the pooled separate accounts is their net asset value (NAV) which is based on the market value of its underlying investments. Since the NAV of the pooled separate accounts is determined and published daily and is the basis for current transactions, the NAV is considered a readily-determinable fair value.

Purchases and sales of securities are recorded on a trade date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the years.

### *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

### *Administrative Expenses*

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

## Note 3: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules is complete and accurate to the best of their knowledge:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.
- Investments information included in the accompanying schedule of assets (held at end of year) as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

## Note 4: Related-party and Party-in-interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are units of pooled separate accounts managed by John Hancock, which is the custodian as defined by the Plan agreement; therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The Plan paid $844 and $3,005 of recordkeeping fees to John Hancock during 2017 and 2016, respectively. The Company provides certain administrative services at no cost to the Plan.

## Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

**Level 1** Quoted prices in active markets for identical assets or liabilities.

**Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

**Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

### *Recurring Measurements*

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2017 and 2016.

| | | Fair Value Measurements Using | | |
|---|---|---|---|---|
| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| December 31, 2017: | | | | |
| Pooled separate accounts | $ 1,725,640 | $ - | $ 1,725,640 | $ - |
| December 31, 2016: | | | | |
| Pooled separate accounts | 1,356,779 | - | 1,356,779 | - |

A description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy is disclosed under "Investments" below. There have been no significant changes in the valuation techniques during the years ended December 31, 2017 and 2016. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

### *Investments*

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. The Plan held no Level 1 securities. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include pooled separate accounts. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 3 securities.

## Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions, and therefore, be entitled to receive a distribution of the value of all cash and investment units credited to his or her account as of that date.

## Notes to Financial Statements

## December 31, 2017 and 2016

### Note 7: Plan Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan and trust/custodial document sponsored by Malcolm Thompson & Associates, Inc. This prototype plan document has been filed with the appropriate agency and obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype plan and related trust, as then designed, constituted a qualified plan under Section 401 of the Internal Revenue Code and, therefore, were not subject to tax. The Plan has been amended since receiving the opinion letter. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

### Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

### Note 9: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of $67,996 and $43,496 were not remitted within the required time period for the years ended December 31, 2017 and 2016, respectively.

### Note 10: Subsequent Events

Subsequent events have been evaluated through October 10, 2018, which is the date the financial statements were available to be issued.
