### ***NOTE 1: Description of the Plan***

The following description of the Kolar Automotive Group, Inc. (“the Company”) 401(k) Salary Reduction Plan and Trust (“the Plan”) provides only general information. Participants and other interested readers should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### **General**

The Plan is a defined contribution plan established by the Company to provide retirement benefits to substantially all employees of the Company. In addition, the Plan provides benefits to employees of the following predecessor employers: LDC Motors, LLC dba Luther Family Chevrolet. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the administrator and sponsor of the Plan. The Company has appointed Voya Retirement Insurance and Annuity Company (“the Custodian”) as Custodian of the Plan. The Custodian is responsible for holding the investment assets of the Plan and making distributions according to the Plan’s provisions. In addition, the Custodian provides recordkeeping and reporting services for the Plan.

To be eligible to participate in the Plan, an employee of the company must be 21 years old and have completed one year of service. The Plan allows eligible participants to enter the Plan on the first day of January and July upon reaching eligibility. Employees covered by a collective bargaining unit, leased employees and nonresident aliens are excluded from eligibility.

#### **Contributions**

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the Plan and subject to IRS regulations. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Plan allows participants age 50 and older to make catch-up contributions. The Company’s matching contribution is an amount equal to 25% of the participant’s contribution, not to exceed 4% of the participant’s annual compensation as defined under the Plan, subject to the Internal Revenue Service limitations. Eligible employees can receive matching contributions and employer contributions if they are actively contributing to the Plan and are employed on the last day of the Plan year. Additional Qualified Non-Elective contributions (QNEC) may be contributed at the discretion of the Company’s Board of Directors. Excess contributions of \$0 and \$135 were due to participants as of December 31, 2017 and 2016.

### ***NOTE 1: Description of the Plan (continued)***

#### **Participant's Accounts**

Each participant's account is credited with the participant's salary reduction contributions, employer matching contributions, rollover contributions and an allocation of the Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balance, as defined in the Plan. A participant's investment allocation for current and future contributions can be changed on any business day at the discretion of the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their salary reduction contributions, any rollover contributions, QNEC's and employer matching contributions, plus actual earnings thereon. Participants, who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested.

For purposes of determining the extent to which a participant is vested, a year of service is a consecutive twelve-month period in which the participant is credited with 1,000 hours of service.

#### **Notes Receivable from Participants**

The Plan does not permit participants to take a loan from the Plan.

#### **Payment of Benefits**

Benefits may be paid to the participant or beneficiary upon death, disability, normal retirement, termination of employment, or financial hardship, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants may withdraw a portion of their account balance for hardship and in certain "in-service" situations, as defined in the Plan. Account balances of terminated participants with balances less than \$5,000 but greater than \$1,000 will be subject to mandatory rollover to an IRA, as defined in the Plan. Account balances of terminated participants with balances of \$1,000 or less will be subject to mandatory cash out as defined in the Plan.

#### **Forfeited Accounts**

Forfeitures (unvested benefits) from terminated participants' accounts are used to pay Plan expenses and/or reduce the Company's matching contributions, subject to the terms of the Plan. There were

forfeited nonvested accounts of \$2 and \$4,000 as of December 31, 2017 and 2016, respectively. Forfeitures of \$4,059 were used to pay Plan expenses for the years ended December 31, 2017.

### ***NOTE 2: Summary of Significant Accounting Policies***

#### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

#### **Investment Valuation and Income Recognition**

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account and are included in

administrative expenses. Investment related expenses may be included in appreciation of fair value of investments.

#### **Subsequent Events**

The Plan has evaluated subsequent events through October 8, 2018, the date the financial statements were available to be issued.

### ***NOTE 3: Information Certified by the Plan's Custodian***

Certain information related to investments from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodian.

### ***NOTE 4: Fair Value Measurements***

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are adjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.                                                                                                                                                                                                                                                                                                                      |
| Level 2 | Inputs to the valuation methodology include <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability;</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> |

## Notes to the Financial Statements December 31, 2017 and 2016

### **NOTE 4: Fair Value Measurements (continued)**

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

*Mutual Funds:* Share Prices/Net Asset Values (NAVs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

### **Notes to the Financial Statements December 31, 2017 and 2016**

---

#### ***Note 5: Group Annuity Contract with Great-West Life & Annuity Insurance Co.***

The Plan has entered into a traditional fully benefit-responsive group annuity contract with Great-West Life & Annuity Insurance Company (Great-West) totaling \$752,350 and \$893,844 for 2017 and 2016, respectively. Great-West maintains the contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting. The crediting rate as of December 31, 2017 and 2016 was 1.10% and 1.16%, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at Contract Value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of a portion of their investment at this value. Certain withdrawal limitations are imposed on participant initiated transfers between funds occurring within a twelve month period. If the investment contract with the Custodian is discontinued, the value of the accounts will be paid at adjusted market value and liquidation charges may apply (liquidation value).

#### ***NOTE 6: Related-Party and Parties-In-Interest Transactions***

Certain Plan investments are shares in mutual funds and a group annuity contract managed by the Custodian of the Plan. Accordingly, any related transactions qualify as party-in-interest transactions. The Custodian provides certain administrative services to the Plan and receives revenue from investment activity. The revenue is used to offset certain amounts owed to the Custodian for its administrative services to the Plan.

If the revenue received by the Custodian exceeds the amount owed under the trust agreement, the Custodian remits the excess to the Plan. The Plan or Plan Sponsor may make payment to the Custodian for administrative expenses not covered by revenue sharing.

#### ***NOTE 7: Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

#### ***NOTE 8: Tax Status***

The Plan as established as a volume submitter plan sponsored by SuperiorUSA Corporation. The volume submitter program has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the volume submitter plan's qualified status under Section 401(a) of the Internal Revenue Code. No determination letter application specific to the Plan has been filed. However, the plan administrator believes the Plan, as amended, is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### ***NOTE 9: Risks and Uncertainties***

The Plan invests in various investments in mutual funds and a group annuity contract. These investments are subject to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### ***NOTE 10 – Reconciliation of the Financial Statements to Form 5500***

There were no reconciling items for 2017 between the financial statements and Schedule H of form 5500.
