Grubbs Infiniti, LTD 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Grubbs Infiniti, LTD 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2017, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the financial information certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing that information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the custodian as of and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

We were not engaged to audit, review or compile the accompanying 2016 statement of net assets available for benefits and, accordingly, we do not express an opinion or any other form of assurance on them.

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Grubbs Infiniti, LTD 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Grubbs Infiniti, LTD. and participating employers (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

The Plan covers substantially all employees who have completed 6 months of service with the Company to be eligible to participate in the Plan as of the next first day of the month coinciding with or next following the date they satisfy eligibility requirements. This plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

The Plan is administered by the Company. The Plan's trustees are appointed by the Company. The duties of the trustees are to oversee the operations of the Plan and to provide for prudent investment of Plan assets. Accordingly, the trustees have been granted discretionary authority concerning investment and management activities. The Plan's Custodian, Fidelity Management Trust Company (the "Custodian") is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 90 percent of pretax annual compensation as defined in the Plan, subject to the dollar limitation under section 402(g) of the IRC. At the Participant's election, these may be either "traditional" before-tax or "Roth" after-tax 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature, whereby the Company automatically deducts 3.00% of the participant's compensation each payroll period unless the participant makes a contrary election.

The Plan also provides that the Company makes nondiscretionary matching contributions in an amount equal to 50% of a participant's deferral contribution subject to a maximum of 3% of the eligible participants compensation (a max of ½ of 3.00% of total compensation), each payroll period. The only eligibility requirement for the matching contributions is the employee made deferral contributions during the Plan year.

The Company may decide each contribution period whether to make a discretionary non-elective employer contribution on behalf of eligible participants. For each plan year the employer may decide in the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the contribution period. Eligible employees are those employed by the employer, or a related employer, on the final day of the plan year. To date there have been no discretionary contributions and the Company has no intent to use this provision, at this time.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

A participant is automatically fully vested in employee contributions and rollovers plus actual earnings thereon. A participant vests in all employer contributions in 20 percent increments beginning in year two and is 100 percent vested after six years of service. Additionally, full vesting occurs upon a participant's death, permanent disability, normal retirement date (age 65) or termination of the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. A participant can only have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 6.25%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, or may elect to receive a lump-sum distribution or a direct transfer to another qualified retirement plan subject to certain conditions, equal to the participant's vested account balance. However, a participant with an account balance of $5,000 or less will be automatically rolled over into an IRA or other plan. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At December 31, 2017, forfeited accounts totaled $28,009. These funds may be used to first pay plan expenses and then reduce future employer matching contributions. For the year ended December 31, 2017, employer matching contributions of $2,758 were paid through use of the forfeiture account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the modified cash basis of cash receipts and disbursements. Under this basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at stated market value.

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term and such changes could materially the amounts reported in the statements of net assets available for benefits.

The Plan invests indirectly in securities with contractual cash flows, such as asset backed securities, corporate bonds, mortgage-backed securities (including commercial mortgage-backed securities), and securities issued or backed by U.S. government agencies, government sponsored enterprises, or similar U.S. government entities or instrumentalities. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2017 and 2016, there were no significant transfers in or out of level 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Common/collective trusts: Valued at the NAV as reported by the trust managers as of the financial statement dates, which may reflect recent transaction prices. In general there are no restrictions as to the redemption of these common/collective trusts, nor does the Plan have any contractual obligation to further invest in any of these common/collective trusts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2017:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,012,437	$ -	$ -	$ 3,012,437
Investments in the fair value hierarchy	$ 3,012,437	$ -	$ -	3,012,437
Common/collective trusts (a)				28,009
Total investments at fair value				$ 3,040,446

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2016 (unaudited):

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,397,289	$ -	$ -	$ 2,397,289
Investments in the fair value hierarchy	$ 2,397,289	$ -	$ -	2,397,289
Common/collective trusts (a)				2,758
Total investments at fair value				$ 2,400,047

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31, 2017	December 31, (Unaudited) 2016
Investments at fair value:		
Mutual funds	$ 3,012,437	$ 2,397,289
Common/collective trusts	28,009	2,758
Total investments	3,040,446	2,400,047
Notes receivable from participants	157,935	46,007
	$ 3,198,381	$ 2,446,054

	Year Ended December 31, 2017
Investment income:	
Interest and dividends	$ 86,690
Net appreciation in fair value of investments	380,730
	$ 467,420

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

5. PLAN AMENDMENTS

Effective January 1, 2016 the Plan was amended and restated to comply with the Pension Protection Act of 2006 and other legislative and regulatory changes.

On September 29, 2017, there was an addendum to the plan to add a related employer to the Company as a participating employer in the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right, under the Plan, to change, amend or discontinue the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, each participant's account will become fully vested and non-forfeitable.

7. REPORTABLE TRANSACTIONS

During the year ended December 31, 2017, there were no reportable transactions, loans in default or uncollectible, or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

8. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are units of funds held by registered investment companies account funds are managed by Fidelity Investments, an entity related the trustee of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. TAX STATUS

The Companies have adopted the Fidelity Management & Research Company Defined Contribution Prototype Non-Standardized Profit Sharing Plan. The Internal Revenue Service has issued an opinion letter dated March 31, 2014 stating the Plan is acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 10, 2018 , the date the financial statements were available to be issued.

On October 1, 2018, there was an addendum to the plan to add a related employer to the Company as a participating employer in the Plan.
