INDEPENDENT AUDITORS' REPORT

To the Trustee and Plan administrator of the
Koury Engineering and Testing Inc. 401(k) Plan

We were engaged to audit the accompanying financial statements of the Koury Engineering and Testing, Inc. 401(k) Retirement Plan, which comprise the statement of net assets available for plan benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Voya Retirement Insurance and Annuity Company for the period of January 1, 2017 to December 31, 2017 and Fidelity Master Trust Company for the period of January 1, 2016 to December 31, 2016, the Custodians for the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodians holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Custodians as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The Koury Engineering and Testing, Inc. 401(k) Retirement Plan (the Plan) is a defined contribution plan providing retirement income, disability, termination and death benefits to eligible employees. The original Plan was effective January 1, 1998. The Plan is sponsored and administered by Koury Engineering and Testing, Inc. including the affiliated employers; Koury Geotechnical Services Inc. (as of January 1, 2017 this company discontinued operations), Integrated Quality Services, and Koury Payroll Services, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended and restated effective May 18, 2015 to comply with certain provisions of the American Taxpayer Relief Act of 2012 and subsequent legislative and regulatory changes.

The Plan changed the asset custodian to Voya Retirement Insurance and Annuity Company (Voya) and adopted a new plan document and adoption agreement that amends and restates the plan, effective January 1, 2017. The Company believes that the provisions under the new plan document are in compliance with the applicable requirements of the Internal Revenue Code.

The following description of the Plan provides only general information. Participants and other interested parties should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

All of the employees of the Company and affiliated companies are eligible to participate in the Plan if they are at least 21 years old. Employees may begin contributing to the Plan starting on the first day of the month following eligibility. The plan excludes employees who are covered by a collective bargaining agreement and non-resident alien employees.

Contributions

Participants may contribute up to 90% of their eligible annual salary to the Plan; subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated target date fund based on their age until changed by the participant.

The Plan also provides for discretionary employer matching and profit sharing contributions. There were no employer contributions for the year ended December 31, 2017.

Participant Accounts

A participant's account is credited with the participant's contributions, allocation of (a) the Company's contributions and (b) plan earnings. A participant's account is debited with an allocation of plan losses and charged for administrative expenses; as applicable. Allocation of earnings or losses are based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions at all times. Participants are vested in the employer matching contributions based upon the following schedule:

Years of Vested Services	Percentage Vested
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear a reasonable fixed rate of interest based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid through payroll deductions.

Payments of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability or termination of employment. Participants terminating their employment with the Company and affiliated companies or attaining age 59 1/2 are entitled to withdraw all or a portion of their vested account balance. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution or in periodic installments. "Hardship" distributions, as outlined in the Plan, are permitted subject to the approval of the Company. Benefits under the Plan shall be distributed solely from the assets of the Trust. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance.

In addition, participants with balances less than $1,000 will have their account balances automatically distributed to them. The individual has the right to direct payment to another qualified plan or IRA.

Forfeitures

As of December 31, 2017 and 2016, the balance in the forfeitures of non-vested account totaled $7,002 and $0, respectively. Forfeitures of non-vested plan sponsor matching contributions are retained in the Plan and may be used to reduce future Company contributions and pay plan expenses.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 is to be applied retrospectively, and for nonpublic filers is effective for years beginning after December 15, 2016, with early adoption permitted.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from such estimates.

Investment Valuation and Income Recognition

Investments, except for the investment in the insurance contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and terminated participant accounts from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIANS

The following is a summary of the Plan financial information and data certified by the Custodians in accordance with 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure. As of December 31, 2017, plan asset information has been certified by Voya Retirement Insurance and Annuity Company. The plan asset information as of December 31, 2016 was certified by Fidelity Master Trust Company.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2017 and 2016:

Interest Bearing Cash : Valued at cost which approximates fair value.

Mutual Funds : Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

Pooled Separate Accounts : Valued based upon the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. As of December 31, 2017, pooled separate accounts are held by the asset custodians and are valued at the "accumulation unit value" (AUV). These are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 1,090,752	$ -	$ 1,090,752
Total assets at fair value	$ -	$ 1,090,752	$ -	$ 1,090,752

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash	$ 64,119	$ -	$ -	$ 64,119
Mutual Funds	888,518			888,518
Total assets at fair value	$ 952,637	$ -	$ -	$ 952,637

NOTE 5 - INSURANCE CONTRACTS

In 2017, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya) totaling $67,221 as of December 31, 2017. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and are charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Voya but may not be less than 1% percent. The credited interest rate for the year ended December 31, 2017 was 1.4%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the contract is dependent on Voya's ability to meet its financial obligations. Voya's ability to meet contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with Voya. These events may be different under each contract. Examples of such events include the following: (1) The failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA Code, (2) Premature termination of the contract, (3) Amendments to the plan documents including compete or partial Plan termination or merger with another plan, (4) Changes to the Plan's prohibition on competing investment

options or deletion of equity wash provisions, (5) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significantly withdrawal from the Plan. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Voya and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow Voya to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events may include the following (1) An uncured violation of the Plan's investment guidelines, (2) A breach of material obligation under the contract, (3) A material misrepresentation, (4) An amendment to the agreement without the consent of Voya.

NOTE 6 - PLAN TERMINATION

Although the Company has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become 100% vested in all Company contributions.

NOTE 7 - INCOME TAXES

In January 2017, the Company adopted the Voya Volume Submitter Profit Sharing Plan with CODA, which obtained its latest Opinion Letter on September 1, 2014. In this letter, the Internal Revenue Service states that the Plan is acceptable under Section 401 of the Internal Revenue Code (Code) for use by the employers for the benefit of their employees. The Trustee and Plan administrator believe the Plan is designed and is currently being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RELATED PARTY TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan issues loans to participants which are secured by the balances in participants' accounts. The Plan paid certain administrative fees in 2017. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exception exemption exists.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 10, 2018 the date the financial statements were available to be issued.
