**XPO LOGISTICS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

1. Description of Plan

The following description of the XPO Logistics, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

a. General

The Plan is a defined contribution savings and profit sharing plan established January 1, 2004 by XPO Logistics, Inc. (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is administered by the Administrative Committee. The Plan is subject to the provisions of ERISA, as amended.

Effective December 31, 2016, the Jacobson Companies 401(k) Profit Sharing Plan, NDO America, Inc. 401(k) Plan and the majority of XPO Logistics Supply Chain, Inc. 401(k) Plan were merged into the Plan. Notes receivable for these Plans were in transit as of December 31, 2016. As such, notes receivable from these merged Plans are separately recorded as a receivable on the statements of net assets available for benefits. Additionally, any receivables or payables from these Plans are separately recorded on the statements of net assets available for benefits.

Effective December 31, 2016, the Company changed trustees and transferred assets from Principal Trust Company to T. Rowe Price Trust Company (“T. Rowe Price” and “the Trustee”). Accordingly, the assets were held in a non-interest bearing cash account at December 31, 2016.

Effective December 31, 2017, XPO CNW 401(k) Plan and a portion of the XPO CNW Personal Savings Plan were merged into the Plan. Accordingly, the investments related to these plans were held in a non-interest bearing cash account at December 31, 2017. As such, any receivables from these Plans are separately recorded on the statements of net assets available for benefits.

b. Eligibility

Employees, except part-time employees, are eligible to participate in the Plan upon employment except employees covered by a collective bargaining agreement, nonresident aliens, residents of Puerto Rico, leased employees and certain other employees. Part-time employees are eligible to participate following one year of service. Eligible employees may receive employer contributions after completing one year of service.

c. Participant Contributions

Participants may contribute up to 75% of eligible compensation, limited by requirements of the IRC. Upon reaching the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. Participants may also roll over amounts representing distributions from other qualified defined contribution plans or individual retirement accounts into the Plan.

d. Employer Contributions

Effective January 1, 2017, the Company made matching contributions equal to 100% of the first 3% contributed by the participant. Prior to that, the Company matched 50% of the first 2% contributed by the participant and matches 25% of the next 4% contributed by the participant.

The Company may also make additional contributions to the Plan at its discretion, subject to the limits of the IRC. No additional discretionary contributions were made during 2017 or 2016.

e. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

f. Vesting

Participants are fully vested at all times in the portion of their accounts attributable to their own contributions, rollover contributions, matching contributions, discretionary contributions and the earnings thereon. Effective December 31, 2014, the Pacer International 401(k) Plan was merged into the Plan. All employer contributions made prior to the merger continue to vest as follows:

Less than 1 year of service	0%
1 year of service	20%
2 years of service	40%
3 years of service	60%
4 years of service	80%
5 or more years of service	100%

Effective December 31, 2016, the Jacobson Companies 401(k) Profit Sharing Plan was merged into the Plan. Those participants are subject to the vesting schedules included in the Plan document based on the source of their employer contributions.

g. Payment of Benefits

Upon reaching retirement age, termination of service or death, a participant or beneficiary may elect to have their account balances distributed in a single lump-sum amount or in a series of substantially equal installment payments, as defined by the Plan. Account balances less than \$5,000 may be distributed in the form of a direct rollover to an individual retirement account designated by the Plan Administrator.

h. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum subject to a minimum of \$500, a portion of their elective deferrals as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to

make contributions to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

i. Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance, subject to a \$1,000 minimum and certain other restrictions. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years unless they are loans that were rolled over into the Plan for the purchase of a primary residence in which case those loans could be for periods up to ten years. The loans bear interest at a rate as determined by the Plan Administrator based on the commercial lending rates for comparable loans at the time the loan is granted. The interest rate on outstanding loans at December 31, 2017 ranged from 4.25% to 5.50% and mature through 2034.

j. Forfeitures

The forfeited accounts of non-vested terminated participants may be used to pay administrative expenses of the Plan or to reduce future Company contributions. For the years ended December 31, 2017 and 2016, there were approximately \$9,000 and \$248,000, respectively, in forfeitures utilized to pay administrative expenses. Forfeitures available to reduce future contributions or to pay administrative expenses were approximately \$436,000 and \$233,000 at December 31, 2017 and 2016, respectively.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

d. Notes Receivable From Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

e. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions are returned to participants the subsequent year.

f. Payment of Benefits

Benefits are recorded when paid.

g. Expenses

Certain direct expenses totaling approximately \$289,000 and \$330,000 were paid by the Plan during 2017 and 2016, respectively, representing certain administrative expenses and transactional fees incurred and allocated to specific participants. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

h. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through October 12, 2018, the date the financial statements were available for issuance.

i. New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") adopted Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. This standard eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at the net asset value ("NAV") per share (or its equivalent) using the practical expedient in FASB's fair value measurement guidance. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Management adopted this ASU during the year ended December 31, 2017 and have modified the disclosures in the notes to financial statements accordingly.

3. Investments

The Plan investment assets are held by the Trustee. Participants can direct their accounts among various mutual funds and common collective trusts.

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price reported on the active market on which the individual securities are traded.

Common collective trusts - The Plan's interest in the common collective trust is valued at the NAV of the common collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the common collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. Participant transactions can occur daily.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017:

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 74,670,392	\$ -	\$ -	\$ 74,670,392
Total	<u>\$ 74,670,392</u>	<u>\$ -</u>	<u>\$ -</u>	<u>74,670,392</u>
Investments at NAV:				
Common collective trusts				150,012,341
Total Investments				<u>\$ 224,682,733</u>

There were no investment assets held at December 31, 2016.

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value at December 31, 2017:

	<u>Fair Value</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trusts	\$ 150,012,341	Daily	1 – 2 days

The common collective trusts include investments that are operated by a trust company that manages a pooled group of trust accounts. Common collective trusts combine the assets of various institutional investors to create a larger, well-diversified portfolio. Each investor owns a participating interest that is calculated in units and represents a portion of the holdings of the fund.

The investments in common collective trusts can generally be redeemed without restriction; however, in certain cases, redemption or purchase may be limited to prevent excess and/or short-term trading. There were no unfunded commitments related to the common collective trusts at December 31, 2017 and 2016.

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the Trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017 and Principal Trust Company, for the year ended December 31, 2016 as complete and accurate:

- Investments, at fair value
- Non-interest bearing cash
- Notes receivable from participants
- Investment income
- Interest on notes receivable from participants
- Schedule of assets (held at end of year)

7. Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee. Accordingly, these investments and investment transactions qualify as party-in-interest transactions. Prior to the transfer of the Plan to the Trustee, certain Plan investment funds were managed by Principal, an affiliate of Principal Trust Company. Principal Trust Company was the trustee of the Plan and, therefore, these investments and investment transactions qualified as party-in-interest transactions.

Additionally, the Plan sponsor, XPO Logistics, Inc., is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

8. Income Tax Status

Effective January 1, 2017, the Plan adopted the T. Rowe Price Retirement Plan Services, Inc. PDS Premier Volume Submitter 401(k) Savings/PS Plan Document. T. Rowe Price, Inc. received an opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014 in which the IRS stated that the underlying plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt as of and for the years ended December 31, 2017 and 2016.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:

	<u>2017</u>	<u>2016</u>
