WOOD GROUP POWER PLANT SERVICES, INC. CRAFT 401(K) PLAN

Notes to Financial Statements

December 5, 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Wood Group Power Plant Services, Inc. Craft 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Wood Group Power Plant Services, Inc. Craft 401(k) Plan is a single employer defined contribution plan established on December 1, 2008, to provide retirement and other related profit sharing benefits to eligible employees of Wood Group Power Plant Services, Inc. (the “Company” or “Employer”), a division of EthosEnergy LLC.

The Plan was established for the exclusive benefit of participating employees and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and related rules and regulations.

During 2017, the Employer approved to merge the Plan into the EthosEnergy Power Operations (West) LLC Plan effective December 5, 2017. The Plan was frozen to participation effective December 31, 2016. All of the assets of the Plan were transferred to the EthosEnergy Power Operations (West) LLC Plan on December 5, 2017.

Contributions

Participants may make pretax contributions ranging from 1 percent to 60 percent of their earnings as elective contributions up to the limits prescribed by the Internal Revenue Service (“IRS”), \$18,000 for 2017. The Plan also allows for participants who are 50 years old or older to make catch up contributions in the amount of \$6,000 for 2017. Participants can change their contribution percentage at any time and those changes will be effective as soon as administratively feasible.

The Plan provides for discretionary Employer matching contribution. There were no Employer contributions for the period January 1, 2017 to December 5, 2017.

Eligibility

Employees who have 1,000 hours or more of service and are age eighteen or older are eligible to participate in the Plan the first full day of the first full payroll period that begins after their date of hire.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Employer’s contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account as a lump sum distribution, installment payments or partial payments.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Withdrawals

Withdrawals prior to the age of 59½ are allowed only at termination of employment and/or on any hardship basis subject to Internal Revenue Service regulations.

Vesting

Participants are vested immediately in their contributions, Employer matching contributions, and actual earnings thereon.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan monitored and evaluated any subsequent events for footnote disclosure or adjustments required in its financial statements for the period January 1, 2017 to December 5, 2017 through October 9, 2018, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: Valued at the NAV of units of a Common/Collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 231,532	\$ -	\$ -	\$ 231,532
Investments measured at NAV	-	-	-	16,264
Total investments, at fair value	<u>\$ 231,532</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 247,796</u>

The investment measured at fair value using NAV consists solely of a common collective trust. This investment is measured at fair value using NAV per share (or its equivalent) practical expedient. Therefore, categorization in the fair value hierarchy is not required.

Fair Value of Investments in Entities that Use Net Asset Value:

The following table present investments measured at fair value based on NAV per share as of December 31, 2016.

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common/collective trust	\$ 16,264	None	Immediate	None	None

NOTE 4 – TAX STATUS

The Plan is a Fidelity prototype plan. The Internal Revenue Service has determined and informed Fidelity that the form of the prototype plan is acceptable under Section 401(a) of the IRC. The Plan is designed to constitute a qualified tax-exempt plan under section 401(a) of the IRC. Although the Plan has been amended since Fidelity received the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – PARTIES-IN-INTEREST TRANSACTIONS AND RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee of the Plan's assets, therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. Fidelity performs certain administrative, advisory and recordkeeping services for the Plan. For the period January 1, 2017 to December 5, 2017, Fidelity was paid \$689 for these services.

NOTE 6 – CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2016, and net appreciation in fair value of investments, interest and dividends for the period January 1, 2017 to December 5, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
