**LANDIS CONSTRUCTION COMPANY, LLC
401(K) AND PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

Note 1 - Description of Plan -

The following description of Landis Construction Company, LLC 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of Plan

The Plan, established as of October 1, 1999, is a defined contribution plan covering the employees of Landis Construction Company, LLC (the "Company"). Employees who have completed six (6) consecutive months of service and attained the age of twenty-one (21) are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may make elective contributions to the plan by deferring a portion of their compensation each pay period, not to exceed the limits imposed under section 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. A discretionary matching contribution may be provided as determined by the Company for participants employed on the last day of the Plan year. Additionally, a discretionary profit sharing contribution may be provided to the Plan. Contributions are subject to certain limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants have the option to choose Roth deferrals, in addition to the pre tax deferrals.

The Company elected to provide discretionary matching contributions to all eligible employees equal to 20% and 25% of the employees' eligible compensation for the years ended December 31, 2017 and 2016, respectively. These contributions totaled \$73,342 and \$103,886 and are included as receivables in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, respectively. The Company made no profit sharing contributions for the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution (if any), and the allocations of plan earnings and administrative expenses. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on the following vesting schedule:

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
Less than Two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or More	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest ranging from 3.25% to 4.75%, and are charged an administrative fee. Principal and interest are paid ratably through monthly payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. There were no deemed distributions of participant notes receivable during the years ended December 31, 2017 and 2016.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or their beneficiaries may elect to receive a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future contributions of the Company and to pay administrative fees. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$2,735 and \$2,725, respectively. In 2017, no forfeitures were used to pay Plan administrative expenses or reduce Company contributions.

Note 2 - Summary of Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting and investments are valued at current fair value as quoted by the custodian of the Plan. All assets of the Plan are participant directed.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. As of December 31, 2017 and 2016, the Plan had no fully benefit-responsive contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net gain (loss) includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year. Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds held by the custodian. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Administrative Expenses

Certain administrative expenses of maintaining the Plan may be paid directly by the Company and are excluded from these financial statements. Fees for certain transactions, such as withdrawals and loan processing, are charged directly to the account of the participant reporting such a transaction and included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of the investments.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 10, 2018, the date which the financial statements were available to be issued.

Note 3 - Plan Termination -

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 4 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Mutual Funds - The fair values of mutual funds are based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 7,180,678	\$ -	\$ -	\$ 7,180,678

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 6,636,875	\$ -	\$ -	\$ 6,636,875

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2017, are reported in investment income.

Note 5 - Tax Status -

The Company has adopted a prototype plan which received a favorable determination from the Internal Revenue Service that it qualifies under the applicable section of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain qualification. The Plan itself has not separately applied for recognition of tax-exempt status. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U. S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2014.

Note 6 - Information Prepared and Certified by the Custodian -

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian, Transamerica Financial Life Insurance Company.

	2017	2016
Investments, at Fair Value:		
Mutual Funds	\$ 7,180,678	\$ 6,636,875
Notes Receivable from Participants	\$ 79,255	\$ 83,365
Investment Income	\$ 1,213,826	
Interest Income on Notes Receivable from Participants	\$ 2,824	

Note 7 - Party-in-Interest Transactions -

Certain plan investments are funds managed by Transamerica Financial Life Insurance Company, the custodian of plan assets as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net investment gain (loss), as they are paid through revenue sharing, rather than a direct payment. The Company also directly pays other fees related to the Plan's operations. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

This amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2017 and 2016. The Plan distributed the 2016 excess contributions to the applicable participants before March 15, 2017. The Plan distributed the 2017 excess contributions to the applicable participants on August 23, 2018, and applicable penalties will be paid by the Company.

Note 10 - Delinquent Participant Contribution -

During the year ended December 31, 2017, participant contributions of \$935 were not remitted timely to the Plan in accordance with the requirements of the Department of Labor. These contributions were remitted to the Plan upon discovery of the error in 2017.
