1. DESCRIPTION OF THE PLAN

The following description of ASI 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's Provisions.

General

The Plan is a deferred savings plan sponsored by ASI Corp., IPEX Infotech Inc., and Nspire Systems, Inc. (collectively the "Company"), covering all employees of the three companies who have attained the age of 21 and have worked over 500 hours within the six months period following the employee's employment commencement date. The Plan is voluntary and provides that a participant or their beneficiary will receive the balance in their account upon retirement, termination of employment, disability or death. The Plan was established in April 1, 1991 and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Insurance

This Plan is not eligible for any insurance as contributions are made directly into the participants' own account. If the Plan terminates or the employer ceases to be in business, the participants will be entitled to receive all the vested benefits in their accounts at the time.

Contributions and Vesting

Participants may contribute any amount up to 100% of their pre-tax salary to the Plan, through tax-deferred salary deductions, with an annual limit of $18,000 for year 2017. Any participant who is 50 years of age or more may contribute an additional $6,000 to the Plan for year 2017. Participants' rights to voluntary contributions vest immediately.

The Company may elect, at its sole discretion, to contribute and allocate to each eligible Participant's account, a percentage of the Participant's Elective Deferrals. Matching Contributions, if any, shall be determined as of the end of the Plan year. The employer contribution is subject to vesting as forfeited balances of terminated participant's non-vested accounts are used to reduce future Company contributions. Effective January 1, 2009, the Company discontinued matching any employee contribution to the Plan.

Forfeited Accounts

As of December 31, 2017 and 2016, forfeited non-vested account balances totaled $9,939 and $3,419, respectively. These accounts will be used to pay reasonable Plan expenses and

to reduce future employer-matching contribution. For the year ended December 31, 2017, forfeiture amounted to $1,174.

Payment of Benefits

Each participant's share of the net assets of the Plan is segregated in an individual account. Distribution of each participant's vested interest in the Plan can be made at the earlier of the attainment of age 59.5, death, disability, retirement, or upon termination of employment. Additionally, a participant may withdraw vested amounts from his account arising from salary deferral contributions prior to termination of employment after demonstrating financial hardship. Financial hardship is defined as for purchase and refrain from foreclosure of the employee's principal residence and medical and education expenses.

Upon termination of employment, the participant or beneficiary may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for automatic lump sum distribution of participant vested account balance that is lower than $5,000.

As of December 31, 2017, for those participants who have withdrawn from the Plan and requested benefit payments during the Plan year, all the distributions from the Plan that they were entitled to have been made.

Notes Receivable from Participant

The Plan allows participants to borrow against their account balances. The amount that can be borrowed is limited to 50% of the participant's account balance, not to exceed $50,000, and not to be less than $1,000. The term of the note cannot exceed five years except when the note proceeds are used to purchase the participant's principal residence, in which case the maximum term is fifteen years. The notes are secured by the balance in the participant's account and bear interest, which is the prime rate as published in The Wall Street Journal on the day of the loan request, plus 1%. As of December 31, 2017, the outstanding note balance was $275,667.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for plan benefits and changes in those net assets.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The investment in Guaranteed Certificate Fund (Fixed Annuity) is presented at fair value, based on the contract values adjusted for discontinuance costs and the redemption prices quoted on the last business day of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Pooled Separate Accounts (Variable Annuities) and Guaranteed Portfolio Fund (Fixed Annuity) are fully benefit responsive and are reported at fair value adjusted to contract value. Contract value represents the accumulated contributions plus accrued net earnings, less distributions.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contact value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

It was presented and certified by the Great West Trust Company that the fair value of the above investments, prior to contract termination, equals to their contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis while dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are stated at unpaid principal balances. Interest on notes is recognized over the term of the note and is calculated using the simple-interest method on principal amounts outstanding.

Payment of Benefits

Benefits are recorded when paid.

Federal Income Taxes

The Plan document is a standardized regional prototype plan. The Internal Revenue Service has ruled that the prototype document qualifies as exempt under Section 401(a) of the Internal Revenue Code. Therefore, the Plan is not subject to tax under present income tax laws.

3. INVESTMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Assets itemized below were measured at fair value as of December 31, 2017:

	Asset at Fair Value as of December 31, 2017			
Investment Category	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds:				
Lifetime	$ 371,329	$ -	$ -	$ 371,329
Asset Allocation	8,190,004	-	-	8,190,004

Total Investments at fair value	$ 25,733,386	$ 3,766,551	$ -	$ 29,499,937

There were no significant transfers in between Levels 1 and 2 for the year ended December 31, 2017.

Investments in annuity contracts are valued using a market approach by the annuity providers according to the methods in the annuity contracts. There have been no changes in valuation techniques and related inputs.

During 2017, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,981,135, comprised of realized gain of $491,455 and unrealized gain of $3,489,680.

The realized gain of $491,455 included as part of the net investment income in statement of changes in net assets was attributable to the sales of investments for the year ended December 31, 2017.

The unrealized gain of $3,489,680 included as part of the net investment income in statement of changes in net assets was attributable to the change in unrealized gain relating to assets that were still held at the reporting date.

The following presents investments that represent five percent or more of the Plan's net assets as of December 31, 2017 and 2016:

	December 31,	
	2016	2017
Great-West Moderate Profile II Fund I	$ 3,344,218	$ 3,826,054
Great-West Aggressive Profile II Fund I	3,254,150	3,895,073
Alger Capital Appreciation Inst'l I	2,008,410	2,767,372
Great-West S&P 500 Index Fund I	2,209,476	2,714,181
Guaranteed Portfolio Fund	3,766,849	3,766,551

The above information of the investment is provided and certified by Great West Trust Company, the Trustee of the Plan.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Great West Trust Company. Great West Trust Company is the Trustee as defined by the Plan; therefore, transactions as they relate to these mutual funds were party-in-interest transactions. For the year ended December 31, 2017, the participants who received a loan distribution during the year were charged $900 in total by the Trustee as a loan origination fee. The fee was paid directly out of the loan distributed instead of charging to the Plan expense. Fees paid by the Plan for the investment management services to Advised Asset Group, an affiliate of the Trustee were $13,748, for the year ended December 31, 2017.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. Participants should refer to the Plan document for a complete description of the Plan's provisions.

6. TAX STATUS

The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2014 due to statute of limitation.

7. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the Form 5500:

	December 31	
	2016	2017
Net assets available for benefits as reported in financial statements at contract value	$ 25,895,787	$ 29,785,543
Less: Deemed distributions during the year for Form 5500 purposes	(15,884)	(16,322)
Net assets available for benefits as reported in Form 5500	$ 25,879,903	$ 29,769,221

9. SUBSEQUENT EVENT

The Plan has evaluated subsequent events through October 11, 2018, the date which the financial statements were available to be issued.
