Note 1: Description of Plan

The following description of the Leif Johnson Ford II, Ltd. 401(k) Salary Reduction Plan provides only general information. Participants should refer to the Plan's adoption agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of the participating companies ("the Company") except collective bargaining employees, and nonresident aliens who do not receive United States source income, who have 6 months of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). The participating companies are Leif Johnson Ford II, Ltd., Riata Ford, Ltd., and AJ Car and Truck Sales, Limited.

Administration: Under the terms of the Plan, certain corporate officers of the sponsor are designated as plan trustee. The Plan has contracted with The Vanguard Group, Inc. ("Vanguard"), to act as record keeper, and Ascensus Trust Company ("Ascensus") to act as trustee. Prior to transferring assets to Vanguard on March 1, 2017 , the Plan previously contracted with John Hancock Life Insurance Company USA ("John Hancock"), to act as custodian, and Scholz and Friends as Third Party Administrator.

Contributions - Each year, participants may contribute from 1% to 100% of included compensation, as defined in the Plan, and subject to IRS annual limits. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make matching contributions equal to a discretionary percentage, to be determined by the employer, of the participant's elective deferral. For the plan year ending December 31, 2017, the Company did not make a matching contribution.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expense. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Both Vanguard and John Hancock receive indirect fee income from the underlying mutual funds held by the Plan. These fees are included in the expenses of the underlying fund and are included in the investment income and losses of each fund. Participants should refer to the mutual funds' prospectuses and the Plan's fee disclosures for details of these fees and investment expenses for each mutual fund.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of service.

Forfeitures - The total non-vested portion of terminated participants' account balances are used by the plan sponsor to pay plan expenses or allocated to participants as additional employer matching contributions. During the year ended December 31, 2017, there were no forfeitures generated or used. As of December 31, 2017 there were no unused forfeitures available.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions in various increments to the investments administered by John Hancock. Participants may change their investments daily and choose from a variety of mutual fund investments.

Payment of Benefits - Upon termination of employment, retirement, disability, or death, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump sum distribution. In service distributions may also be made due to financial hardship as defined by the Plan. All investments available in the plan allow for daily redemptions with no redemption notice period required.

Note 1: Description of Plan (continued)

Notes Receivable from Participant - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants may only have one loan outstanding. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan balances may be paid over a reasonable period of time not to exceed 5 years, unless the loan is to acquire a principle residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate (as specified in the Wall Street Journal) plus 1%.

Amendments - There were no amendments to the Plan during the year ending December 31, 2017.

Note 2: Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments consist of mutual funds, pooled separate accounts, and guaranteed investment contracts. The mutual funds are statted at fair value as determined by Ascensus, based on quoted market prices. The pooled separate accounts are valued at fair value as determined by John Hancock, based on the valuation of the underlying mutual fund investments. The guaranteed investment contracts are valued at contract value as determined by John Hancock, based on the principal amount invested by each plan participant, the cumulative compounded interest earned in each participant account, and less any withdrawals and fees.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Risks and Uncertainties - The Plan provides for various investment options which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in the values of investments will occur in the near term and would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Purchases and sales of securities - Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Plan management has evaluated subsequent events through October 15, 2018, the date the financial statements were available to be issued.

Note 3: Information Certified by Custodian

Ascensus Trust Company (as of December 31, 2017), and John Hancock Life Insurance USA (as of December 31, 2016), the trustees of the Plan, have certified as to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, the investment activities and interest on participant notes reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017, and all investment information reflected in the supplemental Schedule of Assets (Held at End of Year), in accordance with 29 CFR 2520.103-8(c) of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The certified information is summarized below:

	2017	2016
Investments at fair value	$ 7,304,289	$ 6,509,520
Investments at contract value	-	78,137
Notes Receivable from Participants	204,034	170,092
Interest income	380	
Dividend Income	140,956	
Net appreciation in value of mutual funds	629,737	
Net appreciation in value of pooled separat accounts	324,964	
Interest Income from notes receivable from participants	6,554	

Note 4: Fair Value Measurements

Financial Accounting Standards Board ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets:

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4: Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the net asset value ('NAV') of shares held by the plan at year end as reported by Ascensus Trust Company, the trustee of the Plan, based on quoted market prices.

Pooled Separate Accounts: Valued at fair value as determined by John Hancock, based on the number of units held and quoted market prices of the underlying mutual fund investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,304,289	$ -	$ -	$ 7,304,289
Total assets at fair value	$ -	$ -	$ -	$ 7,304,289

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 6,509,520	$ -	$ 6,509,520
Total assets at fair value	$ -	$ 6,509,520	$ -	$ 6,509,520

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 6: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since receiving the determination letter; however, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administration has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 7: Administrative Fees

The Plan's record keepers, John Hancock and Vanguard received $295 and $29,464, respectively, in direct fees paid from plan assets during 2017. John Hancock also received indirect fees from the underlying mutual fund investments of .65% of total invested assets. These indirect fees are netted in the investment income of each underlying mutual fund. Total fund level fees for the investments held at December 31, 2017 range from .07% to 1.30%, dependent on investment selection. The Plan's previous Third Party Administrator, Scholz & Friends, received $1,300 in fees during the year ending December 31, 2017.

Note 8: Corrective Distributions and Excess Contributions

The Plan was required to make corrective distributions of $26,788 and $15,886 to certain active participants, to return to them excess deferral contributions to satisfy the relevant nondiscrimination provisions of the Plan for the 2017 and 2016 plan years, respectively. These amounts are reflected as Excess Employee Contributions Payable in the statement of net assets available for benefits as of December 31, 2017 and 2016.

Note 9: Guaranteed Accounts - Deposit with Insurance Company

Prior to the switch to Vanguard from John Hancock, participants could choose to allocate contributions to the guaranteed interest investment option. Such contributions were held in the John Hancock general account. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3-, 5-, or 10-year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period. There isn't a minimum crediting rate. The crediting interest rate is reset quarterly. Under certain situations, such as a contract termination, participants may receive the fair value of the contract which may be less than the contract value. The contracts are stated at contract value as follows:

	2017	2016
Traditional General Account Investment Contract	N/A	$ 78,137

Note 10: Delinquent Participant Contributions

During the plan year ending December 31, 2017, the Plan sponsor inadvertently failed to deposit $512,362 of participant deferrals and loan repayments within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Plan management anticipates contributing the lost earnings for the affected participants in November 2018.

Note 11: Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Some of the plan investments are mutual funds offered by Vanguard, who is also the plan's record keeper. Vanguard is the investment advisor for these investments, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Vanguard for investment management services of these mutual funds is included as a reduction of the return on each fund. Notes receivable from participants also reflect party-in-interest transactions.

Note 12: Reconciliation of Financial Statements to Schedule H of Form 5500

As discussed in note 8, the Plan is required to refund excess contributions to certain participants for the plan year ending December 31, 2017. For purposes of these financial statements, this amount is reported as a payable as of December 31, 2017. Corrective distributions are reported in the year they are paid on form 5500, and these refunds will be reported as corrective distributions on the form 5500 in the 2018 tax year.

Corrective distributions per schedule H of Form 5500	$	15,409
Add accrual for excess participant contributions payable as of December 31, 2017		26,788
Less accrual for excess participant contributions payable as of December 31, 2016		(15,886)
Corrective Distributions per the financial statement	$	26,311

Due to the different treatment of reporting corrective distributions as described above, the Net Increase in assets shown on the Statement of Changes in Net Assets Available for Benefits is $10,902 lower in these financial statements as compared to the amount reported on schedule H of the Form 5500. Net Assets Available for Benefits as shown in these financial statements are $26,788 lower than the amount reported on schedule H of the Form 5500.
