A. DESCRIPTION OF PLAN (CONTINUED):

6. *Vesting and Forfeitures.* Participants are immediately vested in their voluntary contributions. Vesting in employer matching contributions, nonelective and minimum contributions, plus any earnings they generate are based on the years of continuous service. There were no forfeitures for the years ended December 31, 2017 and 2016. The amount would be used to reduce employer contributions. A participant vests according to the following schedule:

Years of Service	Vesting %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

7. *Payments of Benefits.* Payment of benefits to terminated participants (or their beneficiary) is made by the trustees in accordance with terms described in the Plan.

8. *Safe Harbor.* Individuals are vested immediately in safe harbor contributions received. The policy for the Safe Harbor Matching is dollar for dollar for first 3% of salary deferral, then ½ for the next 2% salary deferrals. Therefore, if an employee defers 5% the safe harbor contribution will equal 4%.

B. SUMMARY OF ACCOUNTING POLICIES

1. *Basis of Accounting*. The Plan's financial statements are prepared on the modified accrual basis of accounting, whereby employer contributions and investment income are recorded as additions to net assets in the year to which they pertain. The Plan has not accounted for end of year liabilities relating to terminated plan members.

2. *Investments.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date of the financial statements. See Note E for a discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

3. *Notes Receivable from Participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

4. *Payment of Benefits.* Benefits are recorded when paid.

B. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

5. *Administrative Expenses.* Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefit as net appreciation (depreciation) in fair value of investments.

6. *Income Taxes.* The Plan has received a favorable determination letter from the Internal Revenue Service and is qualified for exemption from federal income taxes under Section 401(a) of the Internal Revenue Code.

   The Plan obtained its last determination letter on July 16, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. *Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

8. *Adoption of New Accounting Standards.* There were no recent accounting pronouncements applicable to the Plan.

8. *Subsequent Events.* The Plan must disclose the date through which subsequent events have been evaluated, in accordance with the requirements in FASB ASC 855, *Subsequent Events*. With regards to the financial statements and notes to those financial statements, the Plan has evaluated all subsequent events through October 9, 2018 (the date the Plan's financial statements were available to be issued). There were no material subsequent events that required recognition or additional disclosures in these financial statements.

C. CONTRIBUTIONS

Amounts due from employer consist of the Company contributions.

The Company's contributions are paid to the Plan each year no later than the due date of the Company's federal income tax returns, including extensions thereon. Participant contributions collected by the Company are remitted as soon as separated and identifiable but no later than the 15th of the following month.

D. SPECIAL RULE FOR CERTAIN PARTICIPANT - DIRECTED TRANSACTIONS

The investment of transactions is directed by the participants; therefore, those transactions are no longer required to include the cost computation of the investments as reported on the schedule of assets (held at end of year).

E. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability
Level 2	Inputs to the valuation methodology include: ● quoted prices for similar assets or liabilities in active markets; ● quoted prices for identical or similar assets or liabilities in inactive ● inputs other than quoted prices that are observable for the asset or ● inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair market value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Registered Investment Companies (Mutual Funds):* Registered investment companies are valued at quoted market prices that represent the net asset value of shares on a market exchange at the end of the trading day. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The registered investment companies are classified in Level 1 in the fair value hierarchy.

- *Common/Collective Trust Funds:* This investment represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The common collective trust fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The common collective trust fund is classified in Level 1 in the fair value hierarchy.

E. FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017

F. TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service and is qualified for exemption from federal income taxes under Section 401(a) of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the applicable tax authority. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

G. PARTY-IN-INTEREST TRANSACTIONS

State Street Bank is the Trustee and qualifies as a party-in-interest. Fees paid by the Plan for the custodial and recordkeeping services totaled $9,601 and $6,843 for 2017 and 2016, respectively.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reporting in the statement of net assets available for benefits.

I. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

J. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.
