UNITED WAY OF CENTRAL IOWA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the United Way of Central Iowa 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan established on July 1, 2001. It generally covers all employees of United Way of Central Iowa and participating agencies who agree to contribute a percentage of their effective compensation through a salary reduction, provided they have attained the age of 21 and have completed 1 full year of employment in which 1,000 hours are worked, except for Employee & Family Resources (EFR) which does not have the 1 full year of employment or 1,000 hours restrictions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute up to 20 percent of pretax annual compensation, with the exception of participants at EFR, who may contribute up to 100 percent of pay, as defined in the Plan. There is no minimum deferral percentage. Six of the eight agencies have the option of automatic enrollment of participants unless the participant opts out. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers approximately 30 investment options with Principal Life Insurance Company. United Way of Central Iowa and participating agencies shall each have the discretion in determining employer contributions.

Rollover transfers:

With the consent of the Plan administrator, the insurance company may receive and invest amounts transferred in from other qualified plans. Total rollover contributions for 2017 and 2016 were \$178,370 and \$493,474, respectively.

Vesting:

Participants are immediately 100 percent vested in their participant contributions. The participants vesting in the employer contributions made varies by agency. Six of the plan agencies begin the accrual of vesting services in employer contributions on the date of employment with five of those agency’s participants being 100 percent vested after 5 or more full years of service and the sixth agency’s participants being 100 percent vested after 2 or more years of service. The seventh agency’s plan participants begin accruing vesting services after the first year of service with participants being 100 percent vested immediately.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan: (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions and an allocation of (a) the agency's contribution, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The company decides which investment options are available for each account. The participant then decides which investment options to use. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator. Interest income is recorded on the accrual basis. Principal and interest is paid ratably through payroll deductions. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. Delinquent participant loans are reclassified as benefit payments based on the terms of the Plan document. Loans are allowed only by United Way of Central Iowa and Polk County Health Services.

Forfeitures:

Forfeited balances of terminated participants are used by United Way of Central Iowa and participating agencies as a credit for the employer portion of contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$1,255 and \$23,417, respectively. Forfeited balances of \$42,649 and \$10,477, respectively, were used to reduce the Plan Sponsor and participating agency contributions for the years ending December 31, 2017 and 2016.

Payment of benefits:

Upon retirement or death, the participant or beneficiary may elect to receive the value of their account in a lump sum cash payment or one of a variety of annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan: (Continued)

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Sponsor administration and operating expenses:

United Way of Central Iowa absorbs certain administrative costs on behalf of the Plan.

Note 2. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits, with the exception of fully benefit-responsive common collective trusts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices of similar assets or liabilities in active markets or quoted prices for identical or similar assets in inactive markets, and Level 3 inputs have the lowest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of registered investment accounts is based on quoted net asset values of the shares held by the Plan at year-end. The registered investment accounts held by the Plan are registered with the U.S. Securities and Exchange Commission. The registered investments must publish their daily net asset value and transact at that price. The registered investments held by the Plan are considered to be actively traded.

NOTES TO FINANCIAL STATEMENTS

Note 2. Fair Value Measurements: (Continued)

Level 2 Fair Value Measurements

The fair value of pooled separate accounts and common collective trusts are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from observable market data.

Level 3 Fair Value Measurements

The Plan has no Level 3 inputs.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December, 31 2017 and 2016, there were no significant transfers into or out of Level 3.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair values as of December 31, 2017 and 2016:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in active Markets for Identical Assets Level (1)	Significant Other Observable Inputs Level (2)	Significant Unobservable Inputs Level (3)
<u>December 31, 2017</u>				
Pooled separate accounts	\$ 6,805,392	\$ -	\$ 6,805,392	\$ -

Total pooled separate accounts	<u>\$ 18,549,030</u>	<u>\$ 4,938,294</u>	<u>\$ 13,610,736</u>	<u>\$ -</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

Note 3. Investment Contract with Insurance Company

The Plan offers an investment in Principal Stable Value Z Fund (PSVZF) which is an investment in a common collective trust. The PSVZF is deemed to be benefit-responsive investment contracts with Union Bond & Trust Company (Trustee). Morley Financial Services, Inc. is the parent company of the trustee and a wholly-owned subsidiary of the Principal Financial Group, Inc. (Principal). The funds have various types of investment contracts, including but not limited to, guaranteed investment contracts, synthetic investment contracts and cash equivalents. The net asset values of the funds are determined each business day by the Trustee. The Trustee maintains the contributions in accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the plan by Principal. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment in PSVZF is a common collective trust and the investment contract is fully benefit-responsive. As described in Note 1, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such rates are reviewed on a monthly or quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan document (including complete or partial plan termination or merger with another plan), (b) merger or consolidation of investors, (c) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spinoffs that cause a significant withdrawal from the plan), (d) termination or partial termination of the Fund, (e) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTES TO FINANCIAL STATEMENTS

Note 5. Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from the data that has been prepared and certified to as complete and accurate by the insurance company:

	December 31,	
	2017	2016
Pooled separate accounts	\$ 6,805,392	\$ 5,742,086
Registered investment accounts	5,577,296	4,938,294
Common collective trust	10,860,446	9,102,946
Notes receivable from participants	50,785	66,647
Net appreciation in fair value of investments	3,003,400	1,281,468
Capital gains	269,930	135,752
Dividends	73,203	56,153
Interest on notes receivable from participants	3,196	2,175

Note 6. Plan Termination

Although it has not expressed any intent to do so, the organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7. Related Party Transactions

Certain expenses of the Plan are paid by United Way. Pooled separate accounts and common/collective trusts in schedule H, line 4(i), schedule of assets (held at end of year) are managed by Principal Life Insurance Company and Principal Trust Company, respectively. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$159,649 and \$113,499 for the years ended December 31, 2017 and 2016, respectively.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 9. Income Tax Status

The Internal Revenue Service has determined and informed the company by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 10. Date of Management's Review

Subsequent events were evaluated through October 10, 2018, the date the financial statements were available to be issued.
