The following description of the Reliant Holdings, Ltd. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Reliant Holdings, Ltd. and its related entities and Meek Refrigeration, Inc. (collectively referred to as the "Company") who have completed three months of service and attained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible participants may enter the Plan on the first month of the Plan year or the seventh month of the Plan year.

Contributions

Participants may elect to contribute to the Plan a specific percentage or dollar amount of their annual compensation, subject to limitations. Such contributions are recorded by the Plan in the period in which the Company makes applicable payroll deductions and shall not exceed the limitations as set forth by the Internal Revenue Code Sections 415 (d).

Under the provisions of the Plan, the Company may also make discretionary contributions for the benefit of the participants. As of July 1, 2006, the Company began matching contributions at a rate of 50 percent of the first 6 percent of the employees' elective deferral to the Plan. As of March 1, 2009, the Company suspended its Plan matching contribution due to economic challenges. As of June 15, 2010, the Company reinstated its matching contribution and began matching contributions at a rate of 25 percent of the first 6 percent of the employees' elective deferral to the Plan. Effective January 1, 2017, the Company increased their matching contributions to a rate of 50 percent of the first 6 percent of the employee's elective deferral to the Plan.

Participant Accounts

A separate account in the name of each participant is maintained by the Trustee to reflect the participant's accrued benefit in the Plan's net assets. Each participant's account is credited with employee deferrals and employer contributions, allocated forfeitures and an allocation of the Plan earnings. Plan earnings are allocated to participants based on the respective investment account balances during the Plan year. Employer contributions are credited to participant accounts based on the matching formula and forfeitures are allocated to participant accounts in the same manner as employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account. Interest rates range from 5.25% - 6.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

(1) DESCRIPTION OF THE PLAN, CONTINUED

Vesting

Participants are 100% vested in the employee contributions and the employer safe harbor matching contribution portion of the account balances.

Participants vest in the non-safe harbor employer contributions as follows:

Participant's Years of Service	Vested Percentage
0-1 year	0%
1-2 years	20%
2-3 years	40%
3-4 years	60%
4-5 years	80%
5 years and over	100%

The term "year of service" includes all Plan years where an employee worked not less than 1,000 hours. Also, participants are 100% vested upon death, disability or attaining normal retirement age.

Distributions

The benefit to which a participant is entitled is the non-forfeitable accrued benefit that can be provided from the participant's account. Benefits are payable by the Plan upon retirement, death, disability or other termination of employment pursuant to the Plan documents.

At December 31, 2017 and 2016, vested balances aggregating $666,439 and $507,206, respectively, were reserved for participants who had terminated employment. These amounts have been reflected as a component of the net assets available for plan benefits in the accompanying statements of net assets available for plan benefits.

Forfeitures

The non-vested portion of a terminated participant's account is forfeited after incurring a break in service. A break in service occurs when the participant does not work more than 500 hours in a Plan Year. Forfeitures are used to reduce plan expenses and/or to reduce employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $32,627 and $30,254, respectively.

Trust Accounting

All assets are held by Empower Retirement, the asset custodian and recordkeeper, and all investment decisions and transactions are administered by the asset custodian and recordkeeper pursuant to participant instructions. Empower Retirement, as recordkeeper, performs the allocation of employee and employer contributions and the allocation of income earned to the respective participant accounts.

Notes to Financial Statements (Continued)

(1) DESCRIPTION OF THE PLAN, CONTINUED

Accounting Method

Interest income is recognized when earned. Contributions are recognized based on payroll dates and are accrued. Benefits are recorded when paid.

Administrative Expenses

In 2017 and 2016, the Plan paid all administrative costs.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The financial statements of the Reliant Holdings, Ltd. 401(k) Plan (the "Plan") have been prepared on the accrual basis of accounting, under which income is recognized when earned and expenses are recognized when the obligation is incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Trustee

The Trustee for the Plan is responsible for the administration and management of the Plan. Empower Retirement holds all assets of the Plan, executes investment transactions pursuant to individual participant direction, values all assets and performs all recordkeeping functions, including income allocations and participant statement preparation.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from such estimates.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment and Investment Valuation

The Plan allows participants to self-direct their investments. Participants may invest their account balances in a combination of investment funds which take the form of Empower Retirement Group Annuity Contracts.

Values for investments in Group Annuity Contracts are determined by Empower Retirement, the asset custodian. Investments are reported at their fair value, based on the quoted market prices of the underlying securities with each fund at December 31, 2017 and 2016. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments were held in trust and administered by the asset custodian. All investment information presented in the accompanying financial statements and supplemental schedules, including investments held, net appreciation/depreciation in fair value of investments, interest, and dividends, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the asset custodian.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Date of Management's Review

Subsequent events were evaluated through October 3, 2018, which is the date the financial statements were available to be issued.

Reclassifications

Certain amounts in the 2016 financial statements may have been reclassified to conform to the current year's presentation.

(3) FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1: unadjusted quoted prices in active markets for identical assets; highest priority
Level 2: observable inputs other than quoted prices for identical assets (level 1)
Level 3: unobservable; lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements: The fair values of fixed annuities are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. These inputs are generally considered obtainable/observable through the review of existing contracts and readily available financial information on the web sites of the issuing financial institutions.

The following table sets forth by level within the fair hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Plan Investments at Fair Value as of December 31, 2017

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2017, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

(4) RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Empower Retirement. Empower Retirement is the asset custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $37,473.

This party-in-interest transaction is exempt from the prohibited transaction rules of ERISA.

(5) TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become fully vested and non-forfeitable.

(6) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500:

		December 31, 2017		December 31, 2016
Net assets available for benefits per the financial statements		$6,334,277		$5,291,380

Net assets available for benefits per Schedule H to the Form 5500		$6,334,277		$5,291,380

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2017 to Schedule H of the Form 5500:

Benefits paid to participants per the financial statements		$487,195
Add: amounts allocated to withdrawing participants at December 31, 2017		-
Less: amounts allocated to withdrawing participants at December 31, 2016		-
Benefits paid to participants per Schedule H of the Form 5500		$487,195

Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

(7) TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter effective September 18, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(8) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) DEPARTMENT OF LABOR REQUIRED DISCLOSURES

There were no obligations or leases in default as of December 31, 2017 and 2016.
