NOTE 1 – DESCRIPTION OF PLAN

The following description of Peninsula Packaging, LLC 401(k) Profit Sharing Plan and Trust (the Plan), provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

General – The Plan is a 401(k) salary deferral plan covering substantially all employees of Peninsula Packaging, LLC, and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Peninsula Packaging, LLC (the Company), is the Plan's sponsor and serves as plan administrator.

Plan Merger – The plan sponsor has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

The plan sponsor was acquired by Sonoco Products Company (Sonoco) in 2017. After the acquisition, the plan sponsor made a decision to merge the Plan into the Sonoco Retirement and Savings Plan (EIN 57-0248420) (Sonoco plan). On October 11, 2017, the plan administrator authorized the Plan's trustee, Reliance Trust Company, to initiate a transfer of all plan assets to Great West Trust Company, the custodian of the Sonoco Plan. On December 29, 2017, $9,455,702 of plan assets including outstanding balance of notes receivable from participants and balance of forfeited nonvested accounts, were transferred to the Sonoco plan. The Plan had no assets as of December 31, 2017.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after completing three months of service. Eligible employees may elect to participate in the Plan on either the first day of the plan year, January 1, or the first day of each month thereafter, following their first date of eligibility.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 75% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer matching contributions – The Plan features a matching component, as defined in the Plan document. The matching contribution is made as a percentage of a participant's salary deferral and can be capped at a specific percentage of compensation or at a specific dollar amount. For the year ended December 31, 2017, the matching contribution was 50% of employee contributions up to 4% of eligible compensation deferred to the Plan. The employer matching contribution was $257,839 in 2017.

Employer nonelective contributions – The Company may make nonelective contributions to the Plan. The nonelective contribution will be allocated to all employees eligible to participate in the Plan. The nonelective contribution is allocated proportionately based on employees' eligible earnings to total eligible earnings. There was no employer nonelective contribution in 2017.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and employer contributions, as well as allocations of plan earnings. Fees related to the benefit distributions and the administration of notes receivable from participants are charged directly to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon.

Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of service	Vesting percentage
Less than 1	0%
At least 1 but less than 2	25%
At least 2 but less than 3	50%
At least 3 but less than 4	75%
4 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 30 years. All loans bear an interest rate, which is 2% over the prime rate as established by the Wall Street Journal on the 14th of each month, for loans processed as of the 16th day of the same month. Principal and interest is paid ratably through weekly payroll deductions.

The outstanding loan balances were transferred to the Sonoco plan upon plan merger on December 29, 2017. As a result, the Plan had no unpaid notes receivable from participants at December 31, 2017.

Payment of benefits – On termination of service due to death, the participant's interest in the Plan is payable to the beneficiary in a lump sum. On termination of service due to retirement, termination, or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants whose account balance is greater than $5,000, in addition to a lump sum, may elect to receive installments, request a partial withdrawal, or defer receiving payments until age 70½. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are used to reduce the employer contributions or to pay plan expenses. For the year ended December 31, 2017, the employer matching contributions were reduced by $8,768 from forfeited nonvested accounts. The Plan had no balance in its forfeited nonvested accounts at December 31, 2017.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's trustee, Reliance Trust Company, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the benefit distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Certain investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance; thus, they are not separately disclosed in the accompanying financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 12, 2018, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value at December 31, 2016.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission.

The valuation method used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan had no investments at December 31, 2017, due to plan merger. The following table discloses the Plan's assets at fair value, by level of the fair value hierarchy, as of December 31, 2016:

	Fair Value Measurement at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,719,456	$ -	$ -	$ 7,719,456
Investments at fair value	$ 7,719,456	$ -	$ -	$ 7,719,456

NOTE 4 – TAX STATUS

The plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on July 8, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan paid $9,005 in 2017 to its third-party administrator for services provided by the party-in-interest.

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016.
- Net appreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.
