NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Win-Dor, Inc. Retirement Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established for the benefit of all employees of Win-Dor, Inc. (the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan was established in January 2000, and most recently amended in July 2011. The Plan is administered by the management of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Standard Insurance Company (the "Custodian"), is responsible for the management and custody of the Plan's assets.

Eligibility

All employees, excluding employees covered by a collective bargaining agreement, nonresident aliens, of the Company that are at least eighteen (18) years of age will be automatically enrolled in the plan at a rate of 3% of their eligible compensation on the first day of the month after the completion of three (3) months of service unless elected otherwise.

Participant Contributions

Employees may contribute, on a pretax basis, up to a maximum dollar amount as specified in the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions can be stopped as of any payroll period. Contributions can be resumed on the next entry period, and the contribution percentages can also be changed. Participants may also make Roth 401(k) contributions and roll over amounts representing distributions from other qualified defined-benefit or contribution plans. Contributions are subject to certain limitations, as defined in the Plan.

Employer Matching Contributions

The Company may make a discretionary matching contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the contribution period. For the year ended December 31, 2017, the Company made no matching contributions to the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Profit Sharing Contributions

The Company may, in its sole discretion, make a profit sharing contribution on behalf of each eligible participant who is employed by the Company on the last day of the Plan year. For the year ended December 31, 2017, the Company made profit sharing contributions of $495,846 to the Plan.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, allocation of the Company's contributions, if any, and allocations of the Plan's earnings. Each participant's account is credited with the participant's contribution and the Company's matching contribution. The allocation is made in accordance with the investment directions provided to the custodian by each participant among the options listed in the service agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Elections

Participants may direct their salary deferral contributions and the Company matching contributions, as desired, in any of several investment options held by the custodian. Participants may change their investment options any time throughout the year via the Internet website or using the automated telephone system offered by the custodian.

Notes from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of 50% value of their vested account balance, or $50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made. The loans are collateralized by the balance in the participant's account and bear interest at a rate established by the Employer based on prevailing rates. Current loan interest rates range from 3.25% to 4.25%. Loan terms are specified for each loan. Loans must be repaid within a five (5) year period, unless the loan is used to purchase a principal residence. The maximum loan term for a principal residence loan is 10 years. A participant can only have two outstanding loans at any time.

Benefit Payments

Upon normal retirement, retirement due to permanent disability, death, termination and hardship, participants or the participants' beneficiaries are eligible to receive their vested interest in funds either in the form of payments beginning at age 70 ½ or in a lump-sum payment. The Plan can distribute all participant balances under $5,000 without the request of the participant.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting
Participants are immediately vested in their elective deferral contributions and rollover contributions, plus actual earnings thereon. The Employer's discretionary matching and profit sharing contributions thereon vest as follows:

Years of Service	Cumulative Vesting Percentage
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants are fully vested in the event of death, disability, or attaining normal retirement age (age 65).

Forfeitures
Employer contributions portion of participant's accounts are forfeited to the extent not fully vested at the time of withdrawal. Forfeitures may first be used to pay any administrative expenses and then any remaining forfeitures will be used to reduce any matching contributions. As of December 31, 2017 and 2016, the Plan had no forfeited nonvested accounts.

Administrative Expenses
Most administrative expenses of maintaining the Plan are paid by the Plan Sponsor. Loan application fees are charged to the individual participant's account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and include only the assets, liabilities and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Contributions by the participants are recognized in the period the participants' wages are earned. Withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income is recorded when received by the custodian. Plan expenses are recorded when incurred.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes from Participants
Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition
Investments are reported at fair value or contract value. Fair value or contract value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

Recently Issued Accounting Pronouncements
In February 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) Employee Benefit Plan Master Trust Reporting.* This Update improves the usefulness of the information reported to users of employee benefit plan financial statements and to provide clarity to preparers and auditors. The Update primarily relates to the reporting by an employee benefit plan for its interest in a master trust. The amendment of this Update clarifies presentation requirements for a plan's interest in a master trust and requires more detailed disclosures of the plan's interest in the master trust. The amendments also eliminate a redundancy relating to 401(h) account disclosures. The amendments of this Update are effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. Management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements.

Payment of Benefits
Benefit payments to participants are recorded upon distribution. As of December 31, 2017 and 2016, there were no benefits payable to participants who elected to withdraw from the Plan.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017, and 2016, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017; the related investment activity and interest income from participants' notes reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") Topic No. 820, "Fair Value Measurements" ("ASC 820"), previously known as SFAS 157, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Units held in pooled separate accounts ("PSA") are valued using the net asset value ("NAV") practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information. The Pooled separate accounts have daily redemption frequency, no redemption period or restrictions and have no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (practical expedient) (a)				1,370,727
Total investments				**$ 1,370,727**

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (practical expedient) (a)				1,153,220
Total investments				**$ 1,153,220**

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan maintains investments in a stable value fund managed by Standard Insurance Company ("Principal"), which is determined to be fully benefit-responsive. The Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The adjustment from fair value to contract value for the stable value fund is based on the contract value as reported to the Plan by the Custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or the transfer of all or a portion of their investment at contract value. The Principal is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan's participants is not probable. Investments in the fund will accrue interest at the applicable quarterly crediting rate, which is a weighted average of the interest rates on plan assets over the preceding five years. The actual market value of the underlying assets may, at times, be greater than or less than the book value of the Fund. Any difference between the market value and book value will be taken into consideration when setting future crediting rates.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

In 2017, Standard Insurance Company is the custodian defined by the Plan, and therefore, is considered a party-in-interest with respect to the Plan. The transactions between the Plan and the custodians qualify as "party-in-interest" transactions permitted by the United States Department of Labor's Rules and Regulations. Fees paid by the Plan to the custodian amounted to $2,400 for the year ended December 31, 2017. Notes from participants and the related interest income of $7,010 are considered related-party transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in funds in which participants can invest in various securities, including shares in mutual funds, which in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 8 – FEDERAL INCOME TAX STATUS

Effective January 1, 2000, the Plan adopted a volume submitter 401(k) profit sharing plan sponsored by Standard Insurance Company. the adoption agreement was most recently restated effective December 1, 2015. The volume submitter plan has received an opinion letter from the Internal Revenue Service ("IRS") as to the Plan's qualified status. The opinion letter has been relied upon by the Plan. The Plan Administrator and the trustee believe that although the plan has been restated after the date of opinion letter, the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company, by action of its Plan Administration, has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to the Form 5500:

	2017	2016
Net assets available for benefits per the financial statements	$ 2,386,531	$ 1,612,271
Less: Employer contributions receivable	(495,846)	-
Net assets available for benefits per Form 5500	**$ 1,890,685**	**$ 1,612,271**

The following is a reconciliation of the affected components of the changes in net assets available for benefits per the financial statements at December 31, 2017, to the Form 5500:

Total contributions per the financial statements	$ 594,303
Adjustment for current-year employer contribution receivable	(495,846)
Total contributions per Form 5500	**$ 98,457**

NOTE 11 – SUBSEQUENT EVENTS

Effective January 1, 2018, the Plan Sponsor changed the third-party administrator and record keeper from Standard Insurance Company to Plan Perfect, Inc. Total Plan asset of $1,881,747 was transferred to Charles Schwab, the new custodian contracted by Plan Perfect, Inc. on May 2, 2018. The eligibility requirements under the new Plan were amended to be at least twenty-one (21) years of age and completion of 1,000 hours during first six (6) months or one (1) year of service. The new Plan also added a safe harbor employer contribution equal to 3% of eligible participant's eligible compensation.

The Plan Administrator has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
