1. Description of the Plan

The following description of INOAC USA 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

Effective April 1, 2011, the Plan was amended and changed its name from INOAC Automotive, LLC 401(k) Savings Plan. On April 1, 2011 and August 1, 2011, Crest Foam Savings Plan (the "Crest Plan") excluding Union 401(k) Plan and INOAC USA, Inc. Retirement Savings Plan (the "INOAC Retirement Plan"), respectively, joined the Plan. On October 1, 2014, INOAC Interior Systems L.L.C. ("IIS') began participating in the Plan and started making contributions from January 1, 2015. At the time of participation by the IIS employees, all IIS employees were fully vested. On January 26, 2016, Crest Foam Industries Inc. Union 401 (k) Plan merges with the Plan and transferred approximately $476,000 to the Plan.

The Plan is a defined contribution plan covering all employees of INOAC Group North America, L.L.C., INOAC USA Inc., INOAC Packaging Group, Inc., Crest Foam Industries Incorporated and INOAC Interior Systems L.L.C. (collectively the "Company," "Employer" or the "Plan Sponsor"). The contributions to the Plan were authorized under Section 401(k) of the Internal Revenue Code (the "Code"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is established to encourage long-term savings and provides additional funds to participants for their retirements.

Trust Agreement

Ascensus Trust Company, previously known as Frontier Trust Company, is the trustee of the Plan (the "Trustee"), and Ascensus Inc. provides record-keeping and administrative services for the Plan (collectively, "Ascensus").

Eligibility

All employees will be eligible for deferral contribution to the Plan and the Company matching contribution and will be automatically enrolled in the Plan on the first of the month following their hired date if they don't sign a waiver. All participants are eligible for the Company's discretionary profit sharing contribution during the Plan year.

1. Description of the Plan (continued)

Contributions

Each year, each eligible employee (the "participant") may contribute up to 100% of pretax annual compensation, as defined by the Plan, limited to a maximum of $18,000 in 2017. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company contributes an amount equal to 50% of a participant's contribution up to a maximum of 6% of the participant's compensation, as defined by the Plan (the "Matching Contribution"). In addition, the Company may contribute an amount to be determined from year to year by the discretion of each participating employer on a separate basis to the Plan (the "Profit Sharing Contribution"). During the year ended December 31, 2017, no Profit Sharing Contribution was made.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Matching Contributions, (c) the Profit Sharing Contribution, and (d) Plan's earnings and losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested immediately in their contributions plus actual earnings thereon. The vesting percentages in the participants' accounts attributable to the Matching Contribution and the Profit Sharing Contribution were amended in 2016. The following is the amended schedule as of December 31, 2017:

Participant's Years of Service	Employer's Matching Contribution Percent Vested	Employer's Profit Sharing Contribution Percent Vested
Less than one year	0%	0%
One year	20%	20%
Two years	60%	60%
Three years	100%	100%

In addition to the above vesting schedule, all participants age 59-1/2 and above are 100% vested in the Matching Contribution and the Profit Sharing Contribution.

1. Description of the Plan (continued)

Investments

Participants direct the investment of their contributions into various mutual funds and cash equivalents offered by the Plan as investments options for participants. Participants may change investments and transfer amounts between funds daily.

Notes Receivable from Participants

A participant may borrow from a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance. Loan repayment terms range from 1 to 5 years, but a longer repayment term of up to 15 years is allowed to purchase a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by Ascensus, in accordance with the Plan documents. Principal and interest are paid ratably through payroll deductions. As of December 31, 2017, interest rate was ranged from 4.25% to 5.50% with maturities up to year 2032.

Payment of Benefits

Upon termination of employment, a participant will receive a lump-sum amount equal to the vested portion of the account. Upon retirement, death while being an employee of the Company or disability while being a participant of the Plan, a participant or designated beneficiary will be entitled to all of the participant's account balance. A participant who terminates employment for any reason other than death may elect to have the funds remain in the Plan or have the balance in its account transferred to another plan approved under Section 401(a) of the Code of 1986. A participant with vested account balance of less than $5,000 may receive a single lump-sum payment.

Forfeited Account

The non-vested portion of a terminated participant's account balance remains in the Plan and is called forfeiture. At both December 31, 2017 and 2016, there were forfeited non-vested account balances of approximately $177,000. Forfeitures attributable to the Profit Sharing Contributions are added to any employer discretionary profit sharing contributions. Forfeitures attributable to the Matching Contributions are used to reduce any matching contributions. No forfeitures were used to reduce the 2017 matching contributions and certain administrative expenses for the year ended December 31, 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on an accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from participants

Notes Receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayment and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company at its discretion as provided by the Plan document and are excluded from these financial statements. Fees related to the administration of note receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan evaluated the subsequent events through October 3, 2018 (report date), the date that the financial statements were available to be issued. The Plan has determined that there are no subsequent events required to be recorded or disclosed.

3. Amounts Certified by Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following is summary of the unaudited information that was certified by the Trustee, as complete and accurate as of December 31, 2017 and 2016, and for the year ended December 31, 2017:

- Statements of Net Assets Available for Benefits – Investments of $22,544,132 and $18,890,469 as of December 31, 2017 and 2016, respectively, and notes receivable from participants of $532,325 and $499,064 as of December 31, 2017 and 2016, respectively.

- Statement of Changes in Net Assets Available Benefits – Interest and dividend of $182,855, interest income on notes receivable from participants of $28,006 and net appreciation in fair value of investments of $2,686,077 for the year ended December 31, 2017.

- Note 4– All investment balances and information in the note, excluding classification by level.

- Supplemental Schedule – Schedule of Assets (Held at End of Year) as of December 31, 2017.

4. Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standard Codification ("ASC") 820, *Fair Value Measurements*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

4. Fair Value Measurements (continued)

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
Level 2	Inputs to the valuation methodology include: a. Quoted prices for similar assets or liabilities in active markets; b. Quoted prices for identical or similar assets or liabilities in inactive markets; c. Inputs other than quoted prices that are observable for the asset or liability; d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash Equivalents: These largely consist of a short-term investment fund and a money market fund, the fair value of which is based on the net asset value. The investment objectives for these funds are to provide safety for principal, daily liquidity and a competitive yield by investing in high quality instruments.

The following tables set forth the Plan's assets at fair value, by level, within the fair value hierarchy as of December 31, 2017 and 2016:

4. Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Investment at fair value:				
Mutual funds	**$ 19,357,195**	**$ —**	**$ —**	**$ 19,357,195**
Cash equivalents	**—**	**3,186,937**	**—**	**3,186,937**
Total investments at fair value	**$ 19,357,195**	**$ 3,186,937**	**$ —**	**$ 22,544,132**

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Investment at fair value:				
Mutual funds	$ 16,509,328	$ —	$ —	$ 16,509,328
Cash equivalents	—	2,381,141	—	2,381,141
Total investments at fair value	$ 16,509,328	$ 2,381,141	$ —	$ 18,890,469

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Related Party Transactions and Party-in-Interest Transactions

Notes receivable from participants are considered party-in-interest transactions which amounted to $532,325 as of December 31, 2017. Administrative expenses paid to Ascensus, Inc. were $16,235 for the year ended December 31, 2017. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The Company has adopted a Prototype Non-standardized Plan maintained by Ascensus Inc., the Parent Company of the Trustee. The Plan administrator intends to rely on the favorable opinion letter dated March 31, 2008 issued by the Internal Revenue Service ("IRS") for the Prototype Non-standardized Plan and does not intend to apply to the IRS for a separate determination letter. The Plan's administrative committee believes that the Plan and the trust established under the Plan meet the requirements of Section 401(a) of the Code and are exempt from Federal income tax under Section 501(a) of the Code. The Plan's administrative committee is not aware of any course of action or series of events that might adversely affect the Plan's qualifying status. The Plan has been amended since the last prototype letter was received; however, the Plan administrator continues to believe that the Plan is being operated in accordance with the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. Receivable from Employer

Receivable from Employer as of December 31, 2017 included approximately $3,000 of the corrective contribution made for the failed Actual Deferral Percentage ("ADP") test at the Plan year end. IRS requires that all plans pass the nondiscrimination test for each plan year to maintain the tax-qualified plan statues. At the 2017 plan year end, the Plan failed ADP test as part of the nondiscrimination test. Accordingly, the Plan Sponsor made a Qualified Non-Elective Contribution ("QNEC") of approximately $3,000 as the corrective action to receive a passing result. This QNEC is 100 percent vested.

Receivable from Employer as of December 31, 2016 included approximately $91,000 which consist of approximately $57,000 of the lost opportunity to make an elective deferral election by employees, of approximately $5,000 of the related lost earnings on the deferral, and of approximately $29,000 of the related employer's matching contribution as QNEC which is 100 percent vested.

9. Reconciliation of Financial Statements and Form 5500
