INDEPENDENT AUDITOR'S REPORT

To the Pension Investment Committee
Patterson-Kelley Hourly Employees Pension Plan
Camp Hill, Pennsylvania

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Patterson-Kelley Hourly Employees Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 5 and 7, which was certified by Wells Fargo Bank, N.A., and U.S. Bank, N.A., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that U.S. Bank, N.A., held the Plan's investment assets and executed investment transactions from September 1, 2017, to December 31, 2017, and that Wells Fargo Bank, N.A., held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2016, and for the period January 1, 2017, to August 31, 2017. The Plan Administrator has obtained certifications from the trustees as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, (1) Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) and (2) Schedule H, Line 4(j) - Schedule of Reportable Transactions, as of and for the year ended December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PATTERSON-KELLEY HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Patterson-Kelley Hourly Employees Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a noncontributory defined benefit plan providing retirement, death, and disability benefits to all eligible union employees of Patterson-Kelley, a division of Harsco Corporation (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Although the Company received Board approval as of December 31, 2003, to merge all defined benefit plans maintained by the Company or its subsidiaries in its ERISA controlled group, the Plan has not yet been merged. The merger is planned in order to reduce administrative and funding costs that otherwise will be incurred if these plans continue as separate plans. The merger will be subject to union approval where required.

Effective December 31, 2008, the Plan was amended to change its provisions in several ways. Any participant who was an employee as of the close of business on December 31, 2008, became immediately 100% vested. Also, the Plan was amended to freeze both participation and the accrual of benefits for participants as of December 31, 2008. The benefit accrual for participants in the former Patterson-Kelley Administrative Employees Pension Plan, which merged with the Plan on December 31, 2008, was frozen as of April 1, 2007; subsequently, the eligible compensation for those participants was frozen as of March 31, 2017.

The Plan evaluated subsequent events for recognition or disclosure through October 9, 2018, the date the financial statements were available to be issued.

The Plan is administered by the Company’s Pension Investment Committee (“Committee”), which is a committee of the board of directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Company’s board of directors.

Service Rules

Employees are credited with a year of service for each Plan year during which they have at least 1,000 hours of service.

(continued)

PATTERSON-KELLEY HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Pension Benefits

Employees with five or more years of continuous service are entitled to annual pension benefits beginning at normal retirement age (65) amounting to monthly benefits equal to the benefit unit in effect at the time of termination of employment multiplied by the participant's number of full years (and fraction thereof, to the nearest month) of continuous service. The Plan permits early retirement as defined in the Plan document. Employees may receive their pension benefits in the form of a life annuity for unmarried participants or for married participants the actuarial equivalent of the life annuity is paid in the form of a 50% joint and survivor annuity. If the present value of the pension does not exceed \$1,000, a lump-sum payment is automatic. If employees terminate before reaching 5 years of service, they forfeit the right to 100% of their accrued benefit.

The amount of the monthly benefit, as defined in the Plan document, depends upon, among other things, the years of service of the employee and in which division of the Company the employee worked.

Death and Disability Benefits

The Plan provides for death and disability benefits. In the event of death, the amount of benefit the beneficiary will receive will depend upon, among other things, the employee's status as of the date of death and whether the participant was already receiving normal retirement benefits. In the event a participant becomes totally and permanently disabled, the benefit to be received will depend upon, among other things, the employee's status at the time of disability. After completing 15 years of continuous service, each participant who leaves on total and permanent disability is entitled to 100% of their accrued benefit.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. See Note 6 for a discussion of fair value measurements. The Company's finance department determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net increase in plan interest in the Harsco Pension Profit Sharing Collective Investment Fund ("CIF") includes the Plan's gains and losses on CIF units bought and sold as well as held during the year.

(continued)

PATTERSON-KELLEY HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Funding Policy

The Plan is funded by the Company with actuarially determined contributions. The contributions are determined using an actuarial cost method which takes into consideration the present value of benefits expected to accrue during the plan year. The Plan has complied with the minimum funding requirements established by ERISA for 2017 and 2016.

Investment Fees

Investment income reflects certain fees paid by the investment funds, as well as the underlying investment funds of the Harsco Pension and Profit Sharing Collective Investment Fund ("CIF"), to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

Administrative costs, such as legal, accounting, actuarial, and trustee fees, as well as the Pension Benefit Guaranty Corporation ("PBGC") premium, are paid by the Plan.

Purchase of Insurance Contracts

In 1977, the Company entered into a contract with the AXA Equitable Insurance Company ("AXA") under which the Plan has discontinued contributions. AXA maintains contributions received to purchase annuity contracts in prior years in a dividend experience fund to which it adds investment income. Purchased annuities are contracts under which AXA is obligated to pay benefits to named employees or their beneficiaries. The annuity contracts provide for periodic dividends at AXA's discretion on the basis that the market value of the assets exceeds the estimated present value of future pension payment. There were no insurance contract dividends earned by the Plan for the year ended December 31, 2017. Insurance contract dividends earned by the Plan for the year ended December 31, 2016 were \$22,530 and are recognized as other plan income.

PATTERSON-KELLEY HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Recently Adopted Accounting Standard

In January 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-01, Financial Instruments (Subtopic 825-10) – Overall Recognition and Measurement of Financial Assets and Financial Liabilities. ASU No. 2016-01 eliminates the requirement to disclose the fair value of financial instruments not recorded at fair value under Accounting Standards Codification (ASC) 825. As permitted under the guidance, the Plan early adopted this standard for the year ended December 31, 2017, and applied it on a retrospective basis. There was no impact on the Plan's net assets or changes in net assets as a result of the adoption of this standard.

Recently Issued Accounting Pronouncement

In February 2017, the FASB issued ASU No. 2017-06, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) – Employee Benefit Plan Master Trust Reporting. ASU 2017-06 requires plans to make additional disclosures related to their interest in master trusts. This ASU becomes effective for the Plan on January 1, 2019, and requires retrospective application. Management does not expect the adoption of this ASU to have a significant impact on the Plan's financial statements.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' credited service and the benefit rate in effect at the time of retirement. The accumulated plan benefits for active employees at frozen locations are based on their credited service and the benefit rates in effect at the time the plan was frozen. The accumulated plan benefits for active employees at locations in which plan compensation is not frozen are based on their credited service at the time the plan was frozen and the benefit rates in effect as of December 31, 2016. Benefits to be provided via annuity contracts are excluded from Plan assets and are excluded from accumulated plan benefits.

Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary as of January 1, 2017 and 2016, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

(continued)

PATTERSON-KELLEY HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

The significant actuarial assumptions used in the valuation and the determination of the present value of accumulated plan benefits as of January 1, 2017 and 2016, are as follows:

Discount rate *	6.75% compounded annually for 2017 and 2016.
Mortality basis	<p>For 2017: Separate rates for non-annuitants based on RP2014 “Employee” table (male and female) with collar adjustment (blue collar for non-clerical; no collar for clerical), projected generationally from the base year of 2006 using Scale MP2017; and annuitants based on RP2014 “Healthy Annuitants” table (male and female) with collar adjustment (blue collar for non-clerical; no collar for clerical), projected generationally from the base year of 2006 using Scale MP2017.</p> <p>For 2016: Separate rates for non-annuitants based on RP2014 “Employee” table (male and female) with collar adjustment (blue collar for non-clerical; no collar for clerical), projected generationally from the base year of 2006 using Scale MP2016; and annuitants based on RP2014 “Healthy Annuitants” table (male and female) with collar adjustment (blue collar for non-clerical; no collar for clerical), projected generationally from the base year of 2006 using Scale MP2016.</p>
Retirement	30% at age 62 increasing to 100% at age 65 for clerical employees and 67 for non-clerical employees in 2017 and 2016.

* Net of 0.50% for assumed expenses in 2017 and 2016.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

The actuarial present value of accumulated plan benefits is as follows as of January 1, 2017 and 2016 (in thousands):

	2017	2016
Vested benefits		
Participants currently receiving payments	\$ 4,199	\$ 4,656
Other participants	2,703	2,901
	6,902	7,557
Nonvested benefits	43	59
Total actuarial present value of accumulated plan benefits	\$ 6,945	\$ 7,616

(continued)

PATTERSON-KELLEY HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

The changes in the actuarial present value of accumulated plan benefits for the years ended January 1, 2017 and 2016, are presented below (in thousands):

	2017	2016
Actuarial present value of accumulated plan benefits at beginning of year	\$ 7,616	\$ 7,880
Increase (decrease) attributable to		
Benefits accumulated	23	16
Interest due to the decrease in the discount period	481	533
Benefits paid	(1,048)	(593)
Actuarial gains	(90)	(245)
Assumption changes	(37)	25
Net decrease	(671)	(264)
Actuarial present value of accumulated plan benefits at end of year	\$ 6,945	\$ 7,616

For the year ended January 1, 2017, the decrease in actuarial present value of accumulated plan benefits from changes in actuarial assumptions is primarily a result of changing the mortality table used to determine the life expectancy of participants. For the year ended January 1, 2016, the increase in actuarial present value of accumulated plan benefits from changes in actuarial assumptions is primarily a result of decreasing the discount rate.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2017 and 2016. Had the valuations been performed as of December 31, there would be no material differences.

In 2016, the Plan had significant distributions, triggering settlement accounting and the redetermination of the funded status and unamortized losses reflecting new assumptions, plan changes, and demographic changes to the plan participants, as applicable.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated in accordance with the Plan document and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated.

(continued)

PATTERSON-KELLEY HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

- a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- b) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations (discussed subsequently).
- c) All other vested benefits (that is, vested benefits not insured by PBGC).
- d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a ceiling, which is adjusted periodically, on the amount of monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

5. PLAN INTEREST IN THE HARSCO PENSION AND PROFIT SHARING COLLECTIVE INVESTMENT FUND (UNAUDITED)

The Plan invests primarily in the Harsco Pension and Profit Sharing Collective Investment Fund ("CIF"). The CIF is a unitized pool. Each participant holds units of the pool that represent their pro-rata share of the underlying investments. On a monthly basis, the investment pool is valued and a new pool net asset value ("NAV") is calculated to represent this value. All income allocations are processed on a per unit basis. On September 1, 2017, the CIF's trustee changed from Wells Fargo Bank, N.A. ("Wells Fargo") to U.S. Bank, N.A. ("U.S. Bank"). Upon transition of the CIF's assets to U.S. Bank, the outstanding units of the CIF were split by a ratio of 58.39:1. Neither the value of the Plan's investment in the CIF nor the Plan's allocable portion of the CIF were impacted by the split in units.

All income, realized and unrealized gains/losses, are included in/rolled into the monthly NAV.

The following investment information disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information that has been prepared and certified to as complete and accurate by U.S. Bank and Wells Fargo, the trustees of the CIF, and has not been audited by independent auditors.

6. FAIR VALUE MEASUREMENTS

The Plan measures its investments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

(continued)

PATTERSON-KELLEY HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Level 1 – Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 – Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets, and other observable inputs.

Level 3 – Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and similar techniques.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31 (in thousands):

	2017

^a In accordance with ASU No. 2015-07, *Fair Value Measurement* (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset value per Share (or its Equivalent)*, certain mutual funds held by the CIF, which are measured at NAV per share, are exempt from categorization within the fair value hierarchy. These mutual funds are valued by the investment advisor based on the current market values of the mutual funds' underlying assets. Further information concerning these mutual funds may be obtained from their separate audited financial statements. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items within the summary of the fair value of net assets held by the CIF, which is presented in Note 5.

Following is a description of the valuation methodologies used for CIF investments measured at fair value.

PATTERSON-KELLEY HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Level 1 Fair Value Measurements

Money market funds are stated at cost, which approximates fair value. The fair values of certain mutual funds are based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks and corporate bonds, notes, and convertible debentures are valued at the closing price reported in the active market on which the individual securities are traded.

Level 2 Fair Value Measurements

Investments in U.S. Treasury notes and collateralized securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

For both Plan and CIF investments, there have been no significant changes in the methodologies used during the years ended December 31, 2017 and 2016.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

The following table summarizes investments measured at fair value based on the NAV per share practical expedient as of December 31, 2017 and 2016 (in thousands).

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

NOTES TO FINANCIAL STATEMENTS

7. INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2017 and 2016. U.S. Bank held the Plan's investment assets and executed investment transactions from September 1, 2017, to December 31, 2017. Wells Fargo held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2016, and for the period January 1, 2017, to August 31, 2017. Accordingly, U.S. Bank and Wells Fargo, the trustees of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017, the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2017 and 2016, and the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2017.

8. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated July 23, 2018 that the Plan and related trust are in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Effective September 1, 2017, the Plan's investments are managed by U.S. Bank. Prior to September 1, 2017, the Plan's investments were managed by Wells Fargo. The Plan invests in certain funds (directly and within the CIF) owned by the investment manager. U.S. Bank and Wells Fargo each served as the Plan's trustee during their respective periods as the Plan's investment manager. Therefore, transactions in funds owned by the investment manager qualify as party-in-interest transactions.

Fees incurred by the Plan for the trustee fees amounted to \$6,881 and \$7,930 for the years ended December 31, 2017 and 2016, respectively. CIF transactions in Harsco Corporation common stock also qualify as party-in-interest transactions. There were no purchases or sales of Harsco Corporation common stock in the CIF during 2017 and 2016. All other transactions which may be considered parties-in-interest transactions relate to normal plan management and administrative services, and the related payment of fees.

(continued)

PATTERSON-KELLEY HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

10. RISKS AND UNCERTAINTIES

Investments of the Plan are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the Statement of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Form of payment

- Clerical 85% of participants elect lump sum. The remaining 15% elect an annuity: life annuity for single participants and 31.25% of married participants, 50% J&S for 68.75% of married participants.
- Non-Clerical Life annuity for single participants and 31.25% of married participants, 50% J&S for 68.75% of married participants.

Percent married

80%. Used to value pre-retirement surviving spouse benefits and in determining the optional forms expected to be elected at commencement.

Spouse age

Wife two years younger than husband

Administrative expenses

Estimated based on actual expenses during the prior year (adjusted for expected changes in current year expenses). The assumption for 2017 is \$83,045.

Timing of benefit payments

Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

SCHEDULE SB ATTACHMENTS

Methods

Valuation date	First day of plan year (January 1)
Funding target	Present value of accrued benefits as required by regulations under IRC § 430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year, as required by regulations under IRC § 430.
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and the four immediately preceding semi-annual periods, adjusted for contributions, benefits, administrative expenses and expected earnings of 6.42% during calendar 2016 and 6.48% during calendar 2015 (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2016 plan year).</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	<p>All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions and, based on that review, is not aware of any significant benefits required to be valued that were not.</p> <p>The plan pays automatic cashouts of small benefits with a present value up to \$5,000 in a single lump sum payment, as well as other optional distributions for small present values. Such forms of payment are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.</p>

Sources of Data and Other Information

Harsco Corporation through its third party administrator furnished participant data as of January 1, 2017. Information on assets, contributions and plan provisions was supplied by Harsco Corporation. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Assumptions or estimates were made when data were not available, and the data was

adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Lump sum conversion rate	Lump sum benefits determined on the IRC § 417(e) basis are valued assuming that the lump sum conversion rate in the future is equal to the discount rate. Lump sum benefits determined on the PBGC basis are valued assuming that the lump sum conversion rate in the future is equal to 4.0%, which represents the assumed long-term PBGC effective interest rate.
Administrative expenses	Administrative expenses for the coming year are estimated by taking the actual expenses paid during the prior year and adjusting for expected changes in the current year, reflecting items like expected changes in PBGC premiums.
Investment return	A 6.42% investment return assumption for 2016 was selected for use in the actuarial value of assets (with such expected earnings limited as described in IRS Notice 2009-22). This assumption is based on an estimate of future experience for asset investments returns reflecting the plan's asset allocation and any expected changes during the plan year, market conditions at the measurement date and expectations for future market conditions. Portfolio return simulations using Willis Towers Watson's CAP:Link model were used to select this assumption.

Assumptions Rationale - Significant Demographic Assumptions

Healthy mortality	Assumptions used for funding purposes are as prescribed by IRC § 430(h).
Disabled mortality	Assumptions used for funding purposes are as prescribed by IRC § 430(h).
Termination	Termination rates were based on an experience study conducted in 2012, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Disability	Disability rates were based on a published table for pension participants believed to have reasonably similar characteristics, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Retirement	Retirement rates were based on an experience study conducted in 2012, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Benefit commencement date for deferred vested benefits	Deferred vested participants are assumed to receive lump sum benefits upon termination and to commence annuity benefits at the later of age 63 or the current age based on a best estimate of commencement age based on an experience study conducted in 2012.
Form of payment	Form of payment assumptions were based on an experience study conducted in 2012, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Spouse age	The assumed age difference for spouses is based on the age difference observed among recent retirees from the experience study conducted in 2012.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC § 430, or were selected by the plan sponsor from a range of methods permitted by IRC § 430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation	<p>The segment interest rates used to calculate the funding target, target normal cost, and IRC § 417(e) lump sums were updated from an applicable month of September 2015 to September 2016, as required by IRC § 430.</p> <p>The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement, as required by IRC § 430.</p> <p>The expense assumption used to calculate the target normal cost was updated to reflect recent plan experience.</p>

Change in methods since prior valuation	None.

Schedule SB – Statement by Enrolled Actuary

Plan Sponsor	Harsco Corporation
EIN/PN	23-1483991/206
Plan Name	Patterson Kelley Hourly Employees Pension Plan
Valuation Date	January 1, 2017
Enrolled Actuary	David Webber
Enrollment Number	17-06137

The actuarial assumptions that are not mandated by IRC § 430 and regulations represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

SCHEDULE SB, LINE 22 -- Description of Weighted Average Retirement Age
Harsco Corporation
Patterson Kelley Hourly Employees Pension Plan
EIN 23-1483991 / PN 206

Retirement rates varying by age are listed below:

<u>Age</u>	Retirements per 1,000 participants:	
	<u>Non-Clerical</u>	<u>Clerical</u>
55	0	50
56	0	50
57	0	50
58	0	50
59	0	50
60	50	100
61	100	100
62	300	300

64	300	200
65	500	1,000
66	500	1,000
67+	1,000	1,000

For 1,000 theoretical participants, an expected retirement age was calculated for each group noted above, weighted in proportion to the probability that the individual would remain an active participant to each age and then retire at that age. The Plan's weighted average retirement age of 62 is the average of the expected retirement ages, weighted in proportion to the number of active participants in each group.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
