United Paradyne Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2017 and 2016

Note 1: Description of Plan

The following description of the United Paradyne Corporation (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a type of defined contribution plan under which each participant has a specific account balance. The Plan covers all employees of the Company who have attained age twenty-one except for leased employees and certain nondiscriminatory classification of employees employed by one or more specified divisions by the Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute to the Plan through salary deductions up to 100% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

In addition, each year the Company may also elect, at its discretion, to make a matching contribution to the Plan; however, no discretionary matching contributions were made for the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution via salary reductions and an allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting and Forfeitures

Participants are 100% vested in their elective deferrals and the Company's non-elective contributions. Vesting in the Company's discretionary matching contributions to their account plus earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's discretionary matching contributions after six years of service. As the Company has not contributed a match for several years, including 2017 and 2016, no forfeitures have been generated by the Plan.

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum of \$50,000 equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 2%, as of the loan date. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefit payments will commence upon termination of service or obtaining age 70 ½ unless elected otherwise by the participant. Benefits may be paid in a single lump sum, a joint annuity, or a joint and 50% survivor annuity.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accrual basis of accounting is used in preparation of information regarding net assets available for Plan benefits and related changes.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

Fair Value Measurement and Income Recognition

Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (the Topic), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The Topic also established a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds are stated at fair value as determined by observable Level 1 quoted pricing inputs on an active market or by quoted prices for similar assets in active markets.

Participant Loans: Participant loans are valued at their outstanding balance, which approximates fair value.

United Paradyne Corporation 401(k) Plan**Notes to Financial Statements****December 31, 2017 and 2016****Page 4****Note 2: Summary of Significant Accounting Policies (Continued)**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equity securities:				
Mutual funds	<u>\$ 6,106,136</u>	<u>\$</u>	<u>\$</u>	<u>\$ 6,106,136</u>
Total investments at fair value	<u><u>\$ 6,106,136</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 6,106,136</u></u>

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equity securities:				
Mutual funds	<u>\$ 4,882,943</u>	<u>\$</u>	<u>\$</u>	<u>\$ 4,882,943</u>
Total investments at fair value	<u><u>\$ 4,882,943</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 4,882,943</u></u>

Plan Administration Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain fees related to the administration of the Plan are charged directly to the participants account and are included in administrative expenses. Plan administration expenses were \$14,351 and \$21,914 for the years ended December 31, 2017 and 2016, respectively, and were paid by the Plan.

Note 3: Information Prepared and Certified by Trustee

The Plan's asset information as of December 31, 2017 and 2016, and for the years then ended, included in the accompanying financial statements and supplemental schedules were prepared or derived from information provided

United Paradyne Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Note 3: Information Prepared and Certified by Trustee (Continued)

by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator from the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears through the financial statements and supplemental schedule.

The certification extends to the investment and investment income included in the statement of net assets and net assets available for benefits.

During the years ended December 31, 2017 and 2016, the Plan's investments (including investments bought, sold, and held during the period) appreciated in value by \$684,381 and \$224,412, respectively. Investment income (including interest from notes receivable from participants and dividends) during the years ended December 31, 2017 and 2016 were \$222,412 and \$173,801, respectively.

Note 4: Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5: Additional Financial Statement Disclosures

Under ERISA, the Department of Labor and the Internal Revenue Service have the authority to issue regulations covering reporting and disclosure requirements, certain administrative responsibilities, and enforcement powers. The items enumerated below are required to be disclosed to meet ERISA guidelines.

1. The Plan uses a prototype plan document sponsored by ADP. ADP received an opinion letter from the IRS dated July 8, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter, however the Company and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.
2. All reportable transactions have been disclosed in supplemental schedules of the annual report made available to the Plan participants.

Notes to Financial Statements

Page 6

Note 5: Additional Financial Statement Disclosures (Continued)

Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2014.

Note 6: Investment in Fully Benefit-Responsive Contracts

As described in Financial Accounting Standards Board Staff Position (FSP) AAG INV-1 and SOP 94-4, *Reporting of Fully-Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 7: Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the plan and, therefore, these transactions qualify as party-interest transactions. Fees paid by the plan for the investment management services are included in net appreciation in fair value investments.

Note 8: Recent Accounting Pronouncements

In July 2015, FASB issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date (Practical Expedient)*. The main objective of this ASU is to identify, evaluate, and improve areas of generally accepted accounting principles (GAAP) for which cost and complexity can be reduced while maintaining or improving the usefulness of the information provided to users of financial statements. Under the amendments in Part I, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. Under the amendments in Part II, requirements to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type will be eliminated for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period still will be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. The amendments in Part III provide a practical expedient to permit plans to measure investments and investment-related accounts as of a

Note 8: Recent Accounting Pronouncements (Continued)

month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. This pronouncement is effective for fiscal years beginning after December 15, 2015.

Management adopted Parts I and II for the year ended December 31, 2016. Accordingly, the amendment was retrospectively applied resulting in minimal impact on the financial statements. Part III is not applicable to this Plan.

In February 2017, the FASB issued ASU No. 2017-06, *Plan Accounting: Defined Benefit Pensions Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting*. This statement clarifies the presentation requirements for a plan's interest in a master trust and requires more detailed disclosures of the plan's interest in the master trust. The ASU is effective for fiscal years beginning after December 15, 2018. As the Plan does not hold an interest in a master trust, management has determined that the impact of this statement on its financial statements will be minimal.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework, Changes to the Disclosure Requirements for Fair Value Measurement*. This statement modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. The ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Management has not yet determined the impact of this statement on its financial statements.

Note 9: Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: Subsequent Events

Events subsequent to December 31, 2017 have been evaluated through October 12, 2018, which is the date the financial statements were available to be issued. Management did not identify any subsequent events that required disclosure.

United Paradyne Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2017 and 2016

Note 1: Description of Plan

The following description of the United Paradyne Corporation (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a type of defined contribution plan under which each participant has a specific account balance. The Plan covers all employees of the Company who have attained age twenty-one except for leased employees and certain nondiscriminatory classification of employees employed by one or more specified divisions by the Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute to the Plan through salary deductions up to 100% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

In addition, each year the Company may also elect, at its discretion, to make a matching contribution to the Plan; however, no discretionary matching contributions were made for the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution via salary reductions and an allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting and Forfeitures

Participants are 100% vested in their elective deferrals and the Company's non-elective contributions. Vesting in the Company's discretionary matching contributions to their account plus earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's discretionary matching contributions after six years of service. As the Company has not contributed a match for several years, including 2017 and 2016, no forfeitures have been generated by the Plan.

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum of \$50,000 equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 2%, as of the loan date. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefit payments will commence upon termination of service or obtaining age 70 ½ unless elected otherwise by the participant. Benefits may be paid in a single lump sum, a joint annuity, or a joint and 50% survivor annuity.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accrual basis of accounting is used in preparation of information regarding net assets available for Plan benefits and related changes.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

Fair Value Measurement and Income Recognition

Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (the Topic), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The Topic also established a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds are stated at fair value as determined by observable Level 1 quoted pricing inputs on an active market or by quoted prices for similar assets in active markets.

Participant Loans: Participant loans are valued at their outstanding balance, which approximates fair value.

United Paradyne Corporation 401(k) Plan**Notes to Financial Statements****December 31, 2017 and 2016****Page 4****Note 2: Summary of Significant Accounting Policies (Continued)**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equity securities:				
Mutual funds	<u>\$ 6,106,136</u>	<u>\$</u>	<u>\$</u>	<u>\$ 6,106,136</u>
Total investments at fair value	<u><u>\$ 6,106,136</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 6,106,136</u></u>

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equity securities:				
Mutual funds	<u>\$ 4,882,943</u>	<u>\$</u>	<u>\$</u>	<u>\$ 4,882,943</u>
Total investments at fair value	<u><u>\$ 4,882,943</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 4,882,943</u></u>

Plan Administration Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain fees related to the administration of the Plan are charged directly to the participants account and are include in administrative expenses. Plan administration expenses were \$14,351 and \$21,914 for the years ended December 31, 2017 and 2016, respectively, and were paid by the Plan.

Note 3: Information Prepared and Certified by Trustee

The Plan's asset information as of December 31, 2017 and 2016, and for the years then ended, included in the accompanying financial statements and supplemental schedules were prepared or derived from information provided

United Paradyne Corporation 401(k) Plan

Notes to Financial Statements

Note 3: Information Prepared and Certified by Trustee (Continued)

by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator from the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears through the financial statements and supplemental schedule.

The certification extends to the investment and investment income included in the statement of net assets and net assets available for benefits.

During the years ended December 31, 2017 and 2016, the Plan's investments (including investments bought, sold, and held during the period) appreciated in value by \$684,381 and \$224,412, respectively. Investment income (including interest from notes receivable from participants and dividends) during the years ended December 31, 2017 and 2016 were \$222,412 and \$173,801, respectively.

Note 4: Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5: Additional Financial Statement Disclosures

Under ERISA, the Department of Labor and the Internal Revenue Service have the authority to issue regulations covering reporting and disclosure requirements, certain administrative responsibilities, and enforcement powers. The items enumerated below are required to be disclosed to meet ERISA guidelines.

1. The Plan uses a prototype plan document sponsored by ADP. ADP received an opinion letter from the IRS dated July 8, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter, however the Company and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.
2. All reportable transactions have been disclosed in supplemental schedules of the annual report made available to the Plan participants.

Page 6

Note 5: Additional Financial Statement Disclosures (Continued)

Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2014.

Note 6: Investment in Fully Benefit-Responsive Contracts

As described in Financial Accounting Standards Board Staff Position (FSP) AAG INV-1 and SOP 94-4, *Reporting of Fully-Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 7: Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the plan and, therefore, these transactions qualify as party-interest transactions. Fees paid by the plan for the investment management services are included in net appreciation in fair value investments.

Note 8: Recent Accounting Pronouncements

In July 2015, FASB issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date (Practical Expedient)*. The main objective of this ASU is to identify, evaluate, and improve areas of generally accepted accounting principles (GAAP) for which cost and complexity can be reduced while maintaining or improving the usefulness of the information provided to users of financial statements. Under the amendments in Part I, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. Under the amendments in Part II, requirements to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type will be eliminated for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period still will be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. The amendments in Part III provide a practical expedient to permit plans to measure investments and investment-related accounts as of a

Note 8: Recent Accounting Pronouncements (Continued)

month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. This pronouncement is effective for fiscal years beginning after December 15, 2015.

Management adopted Parts I and II for the year ended December 31, 2016. Accordingly, the amendment was retrospectively applied resulting in minimal impact on the financial statements. Part III is not applicable to this Plan.

In February 2017, the FASB issued ASU No. 2017-06, *Plan Accounting: Defined Benefit Pensions Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting*. This statement clarifies the presentation requirements for a plan's interest in a master trust and requires more detailed disclosures of the plan's interest in the master trust. The ASU is effective for fiscal years beginning after December 15, 2018. As the Plan does not hold an interest in a master trust, management has determined that the impact of this statement on its financial statements will be minimal.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework, Changes to the Disclosure Requirements for Fair Value Measurement*. This statement modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. The ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Management has not yet determined the impact of this statement on its financial statements.

Note 9: Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: Subsequent Events

Events subsequent to December 31, 2017 have been evaluated through October 12, 2018, which is the date the financial statements were available to be issued. Management did not identify any subsequent events that required disclosure.
