1. DESCRIPTION OF PLAN:

The following description of the Buckeye Diamond Logistics, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to associates of Buckeye Diamond Logistics, Inc. (Company or Employer) who have completed at least six months of service and are at least 18 years of age. However, if an associate was employed on January 1, 2004, these requirements were waived. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute the maximum percentage and dollar limits permissible not to exceed the limits of sections 401(k), 402(g), 404, and 415 of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a safe harbor matching contribution in an amount equal to 100% of participant's elective deferrals up to a maximum of 4% of the participant's base compensation, as defined by the Plan. The matching Company contribution is invested in funds designated by the Plan participants. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain Internal Revenue Service limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Due to the Plan being a safe harbor plan, participants are immediately vested in the employer match. Discretionary employer contributions credited to a participant's account become vested in accordance with a vesting schedule in which the participant is fully vested after 4 years of service.

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Participants or their beneficiaries are entitled to receive 100% of their contributions and related earnings and Company contributions and related earnings, upon normal retirement (age 65), death, or total and permanent disability. Termination of employment with the Company entitles the participant to the vested portion of the Company contributions plus earnings thereon and 100% of the participant's contributions and related earnings. The Plan allows for withdrawals related to hardships based upon criteria determined by the Plan. The plan administrator must approve all withdrawals based upon hardship. Upon termination of service, participants with a balance of \$5,000 or less must elect to receive a lump sum distribution or roll it over to another qualified retirement plan.

Forfeited accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$45 and \$34 respectively. These accounts may be used to reduce future employer contributions. Also, in 2017, employer contributions were not reduced by forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Reclassifications

Certain amounts in the 2016 financial statements have been reclassified to conform to the 2017 presentation.

Subsequent events

The Plan has evaluated subsequent events through September 28, 2018, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB, the custodian, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

<u>Assets at fair value as of December 31, 2017</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>7,567,702</u>	<u> -</u>	<u> -</u>	<u>7,567,702</u>
<u>Assets at fair value as of December 31, 2016</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>6,281,226</u>	<u> -</u>	<u> -</u>	<u>6,281,226</u>

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are managed by Nationwide Trust Company, FSB (Nationwide). Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. TAX STATUS:

The Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
