ANNA MARIA OF AURORA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2017 AND 2016

1. Description of Plan:

The following brief description of the Anna Maria of Aurora, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan, established on January 1, 2016, covering substantially all employees of Anna Maria of Aurora, Inc. and affiliated entities (the "Company"), who have completed sixty days of service. Furthermore, the Plan excludes employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, as well as nonresident aliens, leased employees and PRN employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by trustees who are appointed by the Company. The trustees are responsible for oversight of the Plan. The trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions:

Participants may elect to contribute a portion of their compensation (as defined) to the Plan on a pre-tax or after-tax basis. The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions to each participant's account. The Company's discretionary matching contribution is based on a percentage of the participant's contribution. The Company's discretionary matching contribution is 20% of the participant's contributions, limited to the first 5% of the participant's compensation in 2017 and 2016. The matching contributions totaled \$29,981 in 2017 and \$28,914 in 2016.

The Plan also has a discretionary profit sharing contribution feature. The profit sharing contribution is allocated in proportion to compensation. There was no profit sharing contribution for 2017 or 2016.

Participant accounts:

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, as well as allocations of the Company's discretionary profit sharing contributions and Plan earnings. Each participant's account is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant compensation, earnings or account balances, as defined.

YEARS ENDED DECEMBER 31, 2017 AND 2016

1. Description of Plan (continued):

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's contribution portion of their accounts based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0 – 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures of nonvested accounts are retained in the Plan may be used to reduce future employer contributions and/or pay administrative expenses. Forfeited accounts not allocated to participant accounts amounted to \$369 at December 31, 2017 and \$140 at December 31, 2016.

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death, and are distributed in a single lump sum or direct rollover to another qualified plan.

Notes receivable from participants:

Participants may borrow from their account. The minimum loan is \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested balance reduced by any outstanding loan balance on the date the new loan is made. Repayment of the loan must be made over a period not to exceed five years, unless the loan is used to purchase principal residence, in which case the loan must be repaid over a reasonable period as determined by the plan administrator. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rates on the notes ranged from 5.00% to 5.25% at December 31, 2017. Principal and interest are paid through biweekly payroll deductions. The outstanding balance of loans at December 31, 2017 was \$4,288. There were no loans outstanding at December 31, 2016.

YEARS ENDED DECEMBER 31, 2017 AND 2016

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are reported at fair value as provided by Capital Bank and Trust Company (Capital), the custodian of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Company's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses are paid by the Plan with the expense allocated to each participant. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Additionally, investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 12, 2018, the date the Plan's financial statements were available to be issued.

ANNA MARIA OF AURORA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2017 AND 2016

3. Investments:

The following table presents the fair value of investments at December 31, 2017 and 2016. All investments of the Plan were participant-directed at December 31, 2017 and 2016.

	<u>2017</u>	<u>2016</u>
Mutual funds	\$ 590,926	\$ 285,525
Money market fund	<u>11,934</u>	<u>1,555</u>
	<u>\$ 602,860</u>	<u>\$ 287,080</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2017 and 2016.

The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The money market fund is valued at its face value, which approximates fair value.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2017 AND 2016

4. Fair value (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31, 2017 and 2016.

	2017 <u>(Level 1)</u>	2016 <u>(Level 1)</u>
Mutual funds	\$ 590,926	\$ 285,525
Money market fund	<u>11,934</u>	<u>1,555</u>
	<u>\$ 602,860</u>	<u>\$ 287,080</u>

5. Certified investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital, in accordance with Section 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

6. Party-in-interest transactions:

All Plan investments are managed by American Funds, who is an affiliate of Capital and, therefore, these transactions qualify as party-in-interest transactions.

7. Tax status:

On March 31, 2014, the IRS stated that the volume submitter plan adopted by the Plan on January 1, 2016, as then designed, qualifies under the appropriate section of the Code. The Plan has not received a determination letter specific to the Plan itself.

Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations for all years since 2016 (inception of the Plan).

YEARS ENDED DECEMBER 31, 2017 AND 2016

8. Plan termination:

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan were to terminate or partially terminate, all participants would become 100% vested in their accounts.

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
