NOTES TO FINANCIAL STATEMENTS
DECEMBER 5, 2017 and DECEMBER 31, 2016

1 - DESCRIPTION OF THE PLAN

The following description of the King's Casino Group 401k Profit Sharing Plan provides only general information. Participants should refer to the plan agreement and amendments for a more complete description of the plan provisions.

General – The Plan is a profit sharing and Safe Harbor 401k plan adopted by King's Casino Management Corp and its subsidiary Kings Casino Food Services Inc. The Plan has an effective date of January 1, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

Plan Administration – King's Casino Management Corp is the Plan administrator and retains the service of a third party to assist in the administration of the Plan. The Plan's custodian is Principal Life Insurance Company, the Plan's third-party administrator is Pensys Inc and the Plan's trustees are Masis Kevorkian and Ryan Stone.

Eligibility – The plan covers substantially all eligible employees of King's Casino Management Corp and its participating subsidiary Kings Casino Food Services Inc. As per the Plan document, the eligibility requirements of employees are minimum age of 21- and 60-days service. The Plan covers all employees of the King's Casino Management Corp and its participating subsidiary Kings Casino Food Services Inc except union, non-resident aliens and leased employees.

Contributions – The plan utilizes a "safe harbor" design under Internal Revenue Service ("IRS") 401k plan regulators in which employee pre-tax and employer contributions are not subject to discrimination testing. Participants may elect to defer a portion of their eligible compensation up to the limits imposed by federal tax law. Each year, participants may contribute from 1% to 75% of their pretax eligible compensation, but in no event can the aggregate contribution exceed the maximum annual dollar limit permitted by law. Participants may also contribute amounts representing distributions from other retirement plans, provided all legal and Administrator's requirements are met. The respective employer safe harbor contributions are 100% of an employee contribution up to 3%, plus 50% of employee contributions between 3% and 5%. No safe harbor contributions were contributed for the period ended December 5, 2017. King's Casino Management Corp has right, under the Plan, to discontinue or modify its contributions at any time. Discretionary additional

NOTES TO FINANCIAL STATEMENTS

matching contributions and discretionary additional profit-sharing contributions may be contributed at the option of the King's Casino Management Corp's respective Board of Directors. No discretionary additional matching contributions and profit-sharing contributions were contributed for the years 2017 and 2016. \$18,000 is the maximum employee contribution limit for 2017 and 2016, respectively. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

Participant Accounts – Each participant's account is credited with the participant's and Employer's contributions, and Plan earnings, and charged for services the administrator specifically performs for participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Participants may direct the investment of their account balance in any combination of various investment options offered by the custodian. Participants may change their investment options at any time.

Notes Receivable from Participants and Deemed Distributions – Participants may borrow against their vested account balance, subject to plan administrator approval. Loans are limited from a minimum of \$500 to a maximum of 50% of a participant's vested account balance, but not in excess of \$50,000.

The maximum loan term is five years, unless the loan qualifies as a home loan, in which case the plan administrator may permit a longer repayment term. No more than one (1) loan may be outstanding at any time except in hardship cases approved by Plan Administrator. The maximum loan term for any loan qualifying as a home loan will be 30 years. Loans bear interest at rates determined by the plan administrator and based on the prevailing interest rates. Principal and interest are paid ratably through payroll deductions. In case of default, i.e., if any of the scheduled repayments remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due, the loan balance will be deducted from the participant's account, and will be considered deemed distribution for which the participant will be liable for federal and state income taxes.

Employer Safe Harbor Contributions Receivable – Employer contributions receivable of \$0 and \$114,612 respectively as of December 5, 2017 and December 31, 2016. Employer Safe harbor contributions of \$114,612 for 2016 received in 2017.

KING'S CASINO GROUP 401k PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 5, 2017 and DECEMBER 31, 2016

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant will be paid the vested interest in his account in lump sum as soon as administratively feasible. If the vested interest exceeds \$5,000, participants can defer distribution to a later date, but not beyond his normal retirement age.

Vesting – Participants are immediately vested in all elective deferral's contributions and employer safe harbor contributions into the Plan. Participant vesting with regards to employer discretionary matching contributions and employer discretionary profit-sharing contributions are determined by years of service. The table below outlines the participant's vesting schedule for the employer matching contributions and employer discretionary profit-sharing contributions to the plan:

<u>Years of Service for Vesting</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Management Fees and Operating Expenses – King's Casino Management Corp pays the cost of administering the Plan such as third-party administrator annual fees, benefit testing, census reconciliation, recordkeeping, accounting, legal and custodian services. Investments fees are generally assessed as a percentage of assets invested, and are deducted directly from investment returns. Transaction-based fees that are associated with optional services offered under the Plan are charged directly to the account of the Participant, who takes advantage of such a feature, like a participant loan.

Forfeitures – Forfeitures are the non-vested portion of participants' accounts that are lost upon termination of employment. Forfeitures are first used to pay administrative expenses and any remaining balance is used to reduce employer contributions. Forfeitures in the amount of \$0 were used to pay administrative expenses during the period ended December 5, 2017 and the year ended December 31, 2016. As of December 5, 2017 and December 31, 2016, the forfeitures' balance was \$0 and \$0 respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 5, 2017 and DECEMBER 31, 2016

Termination of Plan – On November 20, 2007, the Board of Directors of King's Casino Management Corp, Inc., the Plan sponsor, approved the merger of the Plan with Cal Cardroom Employee Benefit Plan. Subsequent to November 20, 2017, no contributions, loan payments or new loans and no distributions or rollovers were allowed into the Plan and on December 5, 2017, the Plan merged with Cal Cardroom Employee Benefit Plan.

2 - SIGNIFICANT ACCOUNTING POLICIES

Recent Accounting Pronouncements –In May 2016, the Financial Accounting Standards Board ("FASB") issued ASU No. 2015-07, Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). ASU 2015-07 removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. It also eliminated certain disclosures for investments eligible to be measured at fair value using his practical expedient.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part II eliminated the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplified the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset.

Recently Issued Accounting Pronouncements Not Yet Adopted

In January 2016, the FASB issued ASU No. 2016-01, —Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities. ASU 2016-01 addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. ASU 2016-01 is effective for the Plan years beginning after December 15, 2018. With certain exceptions, early adoption is not permitted. This standard is not expected to have a material impact on the Plan's financial statements.

KING'S CASINO GROUP 401k PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 5, 2017 and DECEMBER 31, 2016

Basis of Accounting – The Plan’s financial statement is prepared under the accrual method of accounting in accordance with auditing standards generally accepted in the United States of America.

Investment Valuation and Income Recognition – Principal Life Insurance Company serves as the Plan’s custodian and holds all investments of the Plan.

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurement.

The Plan invests in fully-benefit-responsive investment contracts through a common collective trust and pooled separate accounts. These funds are recorded at fair value (see Note 3).

The short-term investments are stated at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis.

Use of Estimates – The preparation of financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statement and the reported changes to net assets during the reporting periods. Actual results could differ from those estimates.

Administrative Expenses – The sponsor of the plan pays for substantially all plan administrative expenses.

Payment of Benefits – Distributions to participants are recorded when paid.

Subsequent Events – Subsequent events for the Plan have been considered through October 12, 2018 the date of the Independent Auditor’s Report, which represents the date the financial statement was available to be issued.

3 – FAIR VALUE

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted

KING'S CASINO GROUP 401k PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 5, 2017 and DECEMBER 31, 2016

quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Quoted market prices in active markets for identical assets or liabilities. An active market for the asset or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and other inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

- Level 3: Input to the valuation methodology is unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 5, 2017.

Common Collective Trust – This category includes a common collective trust fund that is Valued at fair value using a discounted cash flow methodology where individual contract cash flows are discounted at the prevailing market interpolated GIC rate as of yearend. Individual assets of the synthetic investment contract are valued at fair value, on the basis of valuation furnished by Custodian approved independent pricing services, which determine valuations for normal institutional-size trading units of such securities using methods based on market transactions for comparable securities and various relationships, generally recognized by institutional traders, between securities, or at fair value as determined in good faith by the Custodian. Short-term investments are valued at contract value which approximates cost plus accrued interest, and approximates fair value.

KING'S CASINO GROUP 401k PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 5, 2017 and DECEMBER 31, 2016

Pooled Separate Accounts – A pooled separate account is a collective investments fund that is managed by a state regulated insurance company. All investments in pooled separate accounts are directed at the discretion of plan sponsor. Individual participants have no direct control over how their benefits are invested. Participants with benefits in the pooled account are entitled to a ratable interest of all assets in the account. Pooled accounts are usually valued at the annual basis.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis were as follows as of December 5, 2017 and December 31, 2016:

Description	Assets at Fair Value as of December 5, 2017

4 – INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan has certified to the completeness and accuracy of the investments and notes receivable on the accompanying statements of net assets available for benefits as of December 5, 2017 and December 31, 2016, the schedule of assets held at period end as of December 5, 2017, and the related investment activity reflected in the statement of changes in net assets available for benefits for the period ended December 5, 2017 and year ended December 31, 2016.

5 – TAX STATUS

The Plan administrator and custodian believe the Plan as designed is currently in compliance with the applicable requirements of the IRC, and therefore is qualified and the related trust is tax-exempt as of the financial statement date.

Generally Accepted Accounting Principles requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 5, 2017 and December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

6 – PARTY-IN-INTEREST TRANSACTIONS

Investments of the Plan are managed by the Principal Life Insurance Company. Principal Life Insurance Company is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

A portion of the Plan's administrative expenses are paid for by King's Casino and Management Corp, the principal Plan sponsor. Other than these, the Plan has no agreements or transactions with any other party-in-interest.

7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit risks and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of changes in net assets available for benefits.

8 – PLAN MERGER

On December 5, 2017, the Plan merged with Cal Cardroom Employee Benefit Plan. As a result, \$1,266,070 was transferred out of this plan on December 5, 2017 and all eligible employees became participants in the Cal Cardroom Employee Benefit Plan.
