NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Xoriant Corporation 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General* -** The Plan is a defined contribution plan that was established on October 9, 1997 by Xoriant Corporation ("the Company" or "Plan Administrator") covering all eligible employees of the Company as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Effective December 1, 2017, the Plan changed providers from Transamerica Life Insurance Company ("Transamerica") to Fidelity Management Trust Company ("Fidelity") and adopted a volume submitter plan which received an opinion letter dated March 31, 2014. Plan assets were transferred in accordance with the provisions of ERISA and mapped to similar funds at Fidelity. The black-out period in connection with the change was from November 24, 2017 to December 13, 2017. Fidelity became the trustee, custodian, and record-keeper to process and maintain the records of participant data. Plan assets were previously invested through Transamerica and a Company officer served as Plan trustee. The Company had contracted with a third-party record-keeper to process and maintain the records of participant data.

In connection with the change in providers, the Plan was amended effective December 1, 2017 as follows:

1. To change the Plan's entry date from monthly to immediate upon meeting all eligibility requirements.
2. To exclude certain classes of employees.
3. To change the minimum loan amount to $1,000 from $500.

***Contributions* -** Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for Roth deferral contributions.

Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Plan allows for an employer discretionary matching and/or an employer discretionary nonelective contribution subject to certain eligibility requirements; none were made for the year ended December 31, 2017.

As of December 31, 2017, $66,117 was payable to the Company due to an overfunding on a 2017 payroll to the Plan. The amount was paid back to the Company in 2018.

Participant Accounts **-** Each participant's account is credited with the participant's contribution, the discretionary matching contribution (if any), an allocation of the discretionary nonelective contribution (if any), plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of the Company's discretionary nonelective contribution are based on participant compensation. Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting **-** Participants are 100% vested in their contributions and rollover amounts plus actual earnings thereon. Vesting in the discretionary matching contributions and discretionary nonelective contributions and earnings is based on years of credited service at a rate of 25% per year with full vesting after four years. Participants become fully vested in the event of death, disability, normal retirement age or plan termination.

Notes Receivable from Participants **-** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. One outstanding note per participant is permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes

receivable from participants as of December 31, 2017 carry interest rates which range from 4.25% to 5.25%. Outstanding notes receivable from participants as of December 31, 2016 carry interest rates which range from 4.25% to 4.50%. Principal and interest is paid ratably through payroll deductions. The notes must be repaid in five years, unless used for the financing of a principal residence in which case the periodic repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

***Payment of Benefits* -** Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions. The Plan allows for automatic rollover of terminated participant balances between $1,000 and $5,000 to an IRA Rollover account.

***Forfeited Accounts* -** Forfeited non-vested employer contribution accounts can be used to offset plan expenses or may be used to reduce the employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting* -** The financial statements of the Plan are prepared on the accrual basis of accounting.

***Use of Estimates* -** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition* -** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Fidelity and Transamerica. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants **-** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable **-** Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. As of December 31, 2017, there were no material excess contributions payable. As of December 31, 2016, excess contributions payable represents amounts due to certain participants to comply with non-discrimination testing.

Plan Expenses **-** In 2017, some plan fees were paid by the Company and these amounts are excluded from the Plan's financial statements. Investment/fund fees and certain participant transaction fees are charged to participant accounts as applicable. In 2017, the Plan received certain revenue credits from Transamerica to offset plan expenses.

Payment of Benefits **-** Benefits are recorded when paid.

Accounting Method **-** The Plan implemented the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-07 *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or Its Equivalent)* that was issued in May 2015 and FASB ASU 2015-12 - *Plan Accounting: Defined Contribution Pension Plans (Topic 962)* that was issued in July 2015.

Subsequent Events **-** The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Fidelity as of December 31, 2017 and for the period December 1, 2017 to December 31, 2017, and by Transamerica as of December 31, 2016 and for the period January 1, 2017 to November 30, 2017, regarding the current value of assets held and transactions entered into, was used in the preparation of the accompanying financial statements and supplemental schedule.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued on a cash equivalency basis.

Pooled Separate Accounts: Valued on a unitized share basis, similar to a NAV calculation, based on the value of the underlying investments in the pooled separate accounts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. For the pooled separate accounts there are no unfunded commitments, the units can be redeemed daily, and there is no redemption notice period.

Stable Value Fund: The Transamerica Stable Value Compass Option is valued at contract value which approximates fair value as of December 31, 2016. The fund is valued on a cash equivalency basis and reports fund values on a basis similar to a NAV. Assets in the fund are commingled with assets in Transamerica's general account and there is no specific portfolio of assets in which the fund invests. The NAV for this fund is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. For this fund, there are no unfunded commitments and the units can be redeemed daily. Participants may withdraw funds without any restrictions.

Transamerica may impose a hold period in the event of a partial or full discontinuance of the Plan's contract. In connection with the change from Transamerica to Fidelity (see Note 9), participants were paid at contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$12,876,622	$ -	$ -	$12,876,622
Money Market Fund	14,827	-	-	14,827
Investments at fair value	$12,891,449	$ -	$ -	$12,891,449

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV (a)	$ -	$ -	$ -	$ 9,957,754
Investments at fair value	$ -	$ -	$ -	$ 9,957,754

(a) In accordance with FASB ASU Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 6 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are held by Fidelity and Transamerica, the custodians of the Plan. Any purchases and sales of these investments are performed in the open market at fair value. Various plan related fees were paid to Fidelity and Transamerica. The Plan's auditor and the third-party administrator received fees paid by the Plan. The Plan has other service providers. All these transactions while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - TAX STATUS

The Plan has adopted a volume submitter plan, which has received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The differences between the information reported on the financial statements and the information reported on the Form 5500 arise primarily from presenting the financial statements on the accrual basis of accounting and Form 5500 on the cash basis. The following is a reconciliation of the 2017 financial statements to the 2017 Form 5500:

Net assets available for benefits as of December 31, 2017 financial statements	$12,898,625
Add: Payable to Company as of December 31, 2017	66,117
Net assets available for benefits as of December 31, 2017 per the Form 5500	$12,964,742

Total participant contributions per the financial statements	$ 1,912,330
Add: Payable to Company as of December 31, 2017	66,117
Total participants contributions per the Form 5500	$ 1,978,447
