NOTE A - DESCRIPTION OF THE PLAN

The following description of the Nellson Nutraceutical, LLC Employee Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective December 3, 2007, the Plan was established for certain employees of Nellson Nutraceutical, LLC and subsidiaries, (the "Company" or "Employer"). The Plan is a contributory profit sharing plan under sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2017, the Company terminated its contract with State Street Bank and Trust Company ("State Street") and Transamerica Retirement Solutions, LLC ("Transamerica") as trustee and recordkeeper of the Plan and appointed Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company (collectively "Prudential") as its new trustee, custodian, and recordkeeper. As a result, on September 29, 2017, all plan assets were transferred from State Street and were received by Prudential on September 29, 2017 and October 3, 2017. In addition, the Plan was restated effective October 2, 2017 to reflect various changes in plan design.

In November 2017, the Company entered into a merger agreement with various entities. There has been no effect on the status of the Plan as of the date of this report, as a result of this merger agreement.

2. Eligibility

An employee is eligible to make pre-tax salary deferral contributions of after-tax Roth contributions to the Plan on the first day of the month following thirty days of active employment and attainment of age 21. Effective October 2, 2017, the entry date changed to immediate entry upon meeting eligibility requirements. In addition, effective October 2, 2017, employees are eligible for Employer matching contributions following completion of 30 days of continuous service and attainment of age 21. Prior to October 2, 2017, employees were eligible to receive Employer matching contributions on the first day of the month upon completion of six months of continuous service.

Unless eligible employees elect otherwise, they will be automatically enrolled into the Plan at a deferral rate of 3%. Each eligible employee that is auto-enrolled into the Plan will have their deferral rate automatically increased to 4%, 5% and 6% on January 1, of the first, second, and third year, respectively, following the Plan year in which the participant was enrolled. Employees covered under a collective bargaining agreement and part-time, temporary, and seasonal employees with less than 1,000 hours of service, and employees of an employer in a controlled group who has not adopted the plan are not eligible to participate in the Plan.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, from 1% to 100% of their compensation up to the maximum deferral limit per Section 402(g)(1) of the IRC. Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year.

The Employer may make a discretionary matching contribution with each payroll, subject to determination on an annual basis by the Board of Directors of the Employer, in an amount equal to a percentage of the participant's deferred compensation, up to a maximum of 4% of compensation. Catch-up contributions are not matched. Effective October 2, 2017, the maximum matching contribution is 3% of compensation. In addition, the Employer may also elect to contribute a discretionary non-elective contribution or a qualified non-elective contribution in an amount to be determined by the Employer. No non-elective contributions were made for the year ended December 31, 2017.

4. Participant Accounts

Each participant's account is credited with the employee's contributions, rollovers, Employer matching contribution and allocations of the Employer discretionary and qualified non-elective contributions and plan earnings. Allocations for non-elective contributions are based on the ratio each participant's compensation bears to the compensation for all participants. Plan earnings on investments are allocated based on participant account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options held by State Street, the trustee through October 3, 2017, and Prudential, the trustee and custodian beginning October 2, 2017 (see Note A.1.). Participants may change their investment options daily.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

6. Notes Receivable from Participants

Subject to approval by the plan administrator, participants may borrow up to 50% of their vested balance, not to exceed $50,000 and not less than $1,000. Only one outstanding loan per participant is permitted. The loan shall bear interest equal to the Prime rate plus 1% per annum. Loans must be repaid within five years of the date of issuance, in accordance with terms established by the plan administrator. Effective October 2, 2017, loans for the purchase of a primary residence may be repaid over 15 years. Prior to October 2, 2017, loans for the purchase of a primary residence were to be repaid over 30 years.

7. Vesting

Participant contributions, rollovers, Employer qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of Employer matching contributions, Employer non-elective contributions, and actual earnings on such contributions is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Employees of the Employer's Salt Lake City, Utah location that were terminated after September 1, 2016 became 100% vested in all Employer contributions.

8. Benefit Payments

Upon termination of service participants are entitled to receive a lump-sum amount equal to the value of his or her vested account balance. In the event of retirement, death or disability while employed by the Employer, the participant or a participant's beneficiary is entitled to the total value of the participant's account. In-service and hardship withdrawals are permitted if certain criteria are met.

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to offset Plan expenses or to reduce Employer contributions. Forfeitures totaling approximately $53,000 were used to pay Plan expenses. As of December 31, 2017 and 2016, outstanding forfeitures available totaled $94,293 and $17,689, respectively, and are included in net assets available for benefits.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants shall become 100% vested. Net assets available for benefits would then be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments. Plan expenses paid during the year ended December 31, 2017 from forfeitures and from the expense budget account totaled $176,394 (see Note F).

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C - INFORMATION CERTIFIED BY CUSTODIANS AND TRUSTEES

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street and Prudential, the custodians and trustees of the Plan, as complete and accurate, except for comparing such information certified by the custodians and trustees to information included in the Plan's financial statements and supplemental schedules:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016
- Net investment income and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017
- Investments and notes receivable from participants reflected in the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common/Collective Trust Fund: At December 31, 2016, the Plan had an investment in the Diversified Stable Pooled Fund with State Street. Due to the transfer of assets to Prudential (see Note A.1.), the fund was transferred into the Wells Fargo Stable Value Fund J (collectively, "Stable Value Funds"). The Stable Value Funds invest in fully benefit-responsive investment contracts through their investment in the Wells Fargo Stable Value Fund G ("Fund G"), a collective trust fund sponsored by Wells Fargo Bank, N.A. The Stable Value Funds are valued at the net asset (NAV) provided by the trustees of the Stable Value Funds. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Stable Value Funds will sell the investment for an amount different from the reported net asset value. The NAV is based on the underlying daily value reported by Fund G. The principal objective the Stable Value Funds is to provide safety of principal and consistency of returns while attempting to maintain minimal volatility.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Cash Reserve Account: Valued at cost plus interest, which approximates fair value.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 19,851,226	$ -	$ -	$ 19,851,226
Investments measured at net asset value [(a)]				1,280,113
Investments at fair value				$ 21,131,339

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 17,272,029	$ -	$ -	$ 17,272,029
Cash reserve account	17,689	-	-	17,689
	$ 17,289,718	$ -	$ -	17,289,718
Investments measured at net asset value [(a)]				1,547,374
Investments at fair value				$ 18,837,092

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. Participant-directed transfers from the Stable Value Funds are permitted to non-competing funds, subject to a 90-day equity wash provision. The redemption notice period below is applicable only to the Plan (see Note I).

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust fund	$ 1,280,113	None	Daily	Up to 12 months

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust fund	$ 1,547,374	None	Daily	Up to 12 months

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a group annuity contract with Prudential that is a guaranteed investment contract (the Contract). The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the traditional investment contract held by the Plan:

	December 31,	
	2017	2016
Guaranteed Income Fund	$ 1,365,199	$ -

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The contract issuer is obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. When establishing interest crediting rates, the contract issuer considers many factors, including current economic and market conditions and the general interest rate environment. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third party issuer's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

There are no events that would limit the ability of the Plan to transact at contract value paid either immediately or, depending upon the interest rate environment and cash flow levels, over time. Also, there are no events that allow the issuer to terminate the contract which would require the Plan sponsor to settle at an amount different than contract value paid either within ninety days or over time.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by State Street through October 3, 2017 and by Prudential effective September 29, 2017. State Street, Transamerica and Prudential are the custodians, trustees and recordkeepers for the Plan and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

The plan administrator authorized Transamerica, to establish an expense budget account (EBA). The EBA is funded by the recordkeeper's shared revenues from certain investments and is netted against earnings. At the direction of the Employer, these funds may be used to pay reasonable Plan related expenses or can be allocated to Plan participants at the end of the year. Shared revenues totaled $81,248 for the year ended December 31, 2017 (see Note B.6.). This agreement terminated upon conversion from State Street to Prudential (see Note A.1.).

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H - TAX STATUS

Effective October 2, 2017, the Employer adopted a Prototype Non-Standardized Profit Sharing Plan ("prototype plan") which received a favorable opinion letter from the Internal Revenue Service (IRS) dated April 29, 2014. Prior to October 2, 2017, the Employer adopted a Volume Submitter Plan ("volume submitter plan") which received a favorable opinion letter dated March 31, 2014. Both opinion letters stated that the prototype plan and volume submitter plan as then designed, were in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letters. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2014.

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

In June 2018, the Plan liquidated its investment in the Wells Fargo Stable Value Fund J (see Note D).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Nellson Nutraceutical, LLC Employee Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective December 3, 2007, the Plan was established for certain employees of Nellson Nutraceutical, LLC and subsidiaries, (the "Company" or "Employer"). The Plan is a contributory profit sharing plan under sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2017, the Company terminated its contract with State Street Bank and Trust Company ("State Street") and Transamerica Retirement Solutions, LLC ("Transamerica") as trustee and recordkeeper of the Plan and appointed Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company (collectively "Prudential") as its new trustee, custodian, and recordkeeper. As a result, on September 29, 2017, all plan assets were transferred from State Street and were received by Prudential on September 29, 2017 and October 3, 2017. In addition, the Plan was restated effective October 2, 2017 to reflect various changes in plan design.

In November 2017, the Company entered into a merger agreement with various entities. There has been no effect on the status of the Plan as of the date of this report, as a result of this merger agreement.

2. Eligibility

An employee is eligible to make pre-tax salary deferral contributions of after-tax Roth contributions to the Plan on the first day of the month following thirty days of active employment and attainment of age 21. Effective October 2, 2017, the entry date changed to immediate entry upon meeting eligibility requirements. In addition, effective October 2, 2017, employees are eligible for Employer matching contributions following completion of 30 days of continuous service and attainment of age 21. Prior to October 2, 2017, employees were eligible to receive Employer matching contributions on the first day of the month upon completion of six months of continuous service.

Unless eligible employees elect otherwise, they will be automatically enrolled into the Plan at a deferral rate of 3%. Each eligible employee that is auto-enrolled into the Plan will have their deferral rate automatically increased to 4%, 5% and 6% on January 1, of the first, second, and third year, respectively, following the Plan year in which the participant was enrolled. Employees covered under a collective bargaining agreement and part-time, temporary, and seasonal employees with less than 1,000 hours of service, and employees of an employer in a controlled group who has not adopted the plan are not eligible to participate in the Plan.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, from 1% to 100% of their compensation up to the maximum deferral limit per Section 402(g)(1) of the IRC. Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year.

The Employer may make a discretionary matching contribution with each payroll, subject to determination on an annual basis by the Board of Directors of the Employer, in an amount equal to a percentage of the participant's deferred compensation, up to a maximum of 4% of compensation. Catch-up contributions are not matched. Effective October 2, 2017, the maximum matching contribution is 3% of compensation. In addition, the Employer may also elect to contribute a discretionary non-elective contribution or a qualified non-elective contribution in an amount to be determined by the Employer. No non-elective contributions were made for the year ended December 31, 2017.

4. Participant Accounts

Each participant's account is credited with the employee's contributions, rollovers, Employer matching contribution and allocations of the Employer discretionary and qualified non-elective contributions and plan earnings. Allocations for non-elective contributions are based on the ratio each participant's compensation bears to the compensation for all participants. Plan earnings on investments are allocated based on participant account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options held by State Street, the trustee through October 3, 2017, and Prudential, the trustee and custodian beginning October 2, 2017 (see Note A.1.). Participants may change their investment options daily.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

6. Notes Receivable from Participants

Subject to approval by the plan administrator, participants may borrow up to 50% of their vested balance, not to exceed $50,000 and not less than $1,000. Only one outstanding loan per participant is permitted. The loan shall bear interest equal to the Prime rate plus 1% per annum. Loans must be repaid within five years of the date of issuance, in accordance with terms established by the plan administrator. Effective October 2, 2017, loans for the purchase of a primary residence may be repaid over 15 years. Prior to October 2, 2017, loans for the purchase of a primary residence were to be repaid over 30 years.

7. Vesting

Participant contributions, rollovers, Employer qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of Employer matching contributions, Employer non-elective contributions, and actual earnings on such contributions is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Employees of the Employer's Salt Lake City, Utah location that were terminated after September 1, 2016 became 100% vested in all Employer contributions.

8. Benefit Payments

Upon termination of service participants are entitled to receive a lump-sum amount equal to the value of his or her vested account balance. In the event of retirement, death or disability while employed by the Employer, the participant or a participant's beneficiary is entitled to the total value of the participant's account. In-service and hardship withdrawals are permitted if certain criteria are met.

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to offset Plan expenses or to reduce Employer contributions. Forfeitures totaling approximately $53,000 were used to pay Plan expenses. As of December 31, 2017 and 2016, outstanding forfeitures available totaled $94,293 and $17,689, respectively, and are included in net assets available for benefits.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants shall become 100% vested. Net assets available for benefits would then be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments. Plan expenses paid during the year ended December 31, 2017 from forfeitures and from the expense budget account totaled $176,394 (see Note F).

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C - INFORMATION CERTIFIED BY CUSTODIANS AND TRUSTEES

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street and Prudential, the custodians and trustees of the Plan, as complete and accurate, except for comparing such information certified by the custodians and trustees to information included in the Plan's financial statements and supplemental schedules:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016
- Net investment income and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017
- Investments and notes receivable from participants reflected in the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common/Collective Trust Fund: At December 31, 2016, the Plan had an investment in the Diversified Stable Pooled Fund with State Street. Due to the transfer of assets to Prudential (see Note A.1.), the fund was transferred into the Wells Fargo Stable Value Fund J (collectively, "Stable Value Funds"). The Stable Value Funds invest in fully benefit-responsive investment contracts through their investment in the Wells Fargo Stable Value Fund G ("Fund G"), a collective trust fund sponsored by Wells Fargo Bank, N.A. The Stable Value Funds are valued at the net asset (NAV) provided by the trustees of the Stable Value Funds. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Stable Value Funds will sell the investment for an amount different from the reported net asset value. The NAV is based on the underlying daily value reported by Fund G. The principal objective the Stable Value Funds is to provide safety of principal and consistency of returns while attempting to maintain minimal volatility.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Cash Reserve Account: Valued at cost plus interest, which approximates fair value.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 19,851,226	$ -	$ -	$ 19,851,226
Investments measured at net asset value [(a)]				1,280,113
Investments at fair value				$ 21,131,339

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 17,272,029	$ -	$ -	$ 17,272,029
Cash reserve account	17,689	-	-	17,689
	$ 17,289,718	$ -	$ -	17,289,718
Investments measured at net asset value [(a)]				1,547,374
Investments at fair value				$ 18,837,092

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. Participant-directed transfers from the Stable Value Funds are permitted to non-competing funds, subject to a 90-day equity wash provision. The redemption notice period below is applicable only to the Plan (see Note I).

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust fund	$ 1,280,113	None	Daily	Up to 12 months

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust fund	$ 1,547,374	None	Daily	Up to 12 months

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a group annuity contract with Prudential that is a guaranteed investment contract (the Contract). The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the traditional investment contract held by the Plan:

	December 31,	
	2017	2016
Guaranteed Income Fund	$ 1,365,199	$ -

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The contract issuer is obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. When establishing interest crediting rates, the contract issuer considers many factors, including current economic and market conditions and the general interest rate environment. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third party issuer's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

There are no events that would limit the ability of the Plan to transact at contract value paid either immediately or, depending upon the interest rate environment and cash flow levels, over time. Also, there are no events that allow the issuer to terminate the contract which would require the Plan sponsor to settle at an amount different than contract value paid either within ninety days or over time.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by State Street through October 3, 2017 and by Prudential effective September 29, 2017. State Street, Transamerica and Prudential are the custodians, trustees and recordkeepers for the Plan and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

The plan administrator authorized Transamerica, to establish an expense budget account (EBA). The EBA is funded by the recordkeeper's shared revenues from certain investments and is netted against earnings. At the direction of the Employer, these funds may be used to pay reasonable Plan related expenses or can be allocated to Plan participants at the end of the year. Shared revenues totaled $81,248 for the year ended December 31, 2017 (see Note B.6.). This agreement terminated upon conversion from State Street to Prudential (see Note A.1.).

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H - TAX STATUS

Effective October 2, 2017, the Employer adopted a Prototype Non-Standardized Profit Sharing Plan ("prototype plan") which received a favorable opinion letter from the Internal Revenue Service (IRS) dated April 29, 2014. Prior to October 2, 2017, the Employer adopted a Volume Submitter Plan ("volume submitter plan") which received a favorable opinion letter dated March 31, 2014. Both opinion letters stated that the prototype plan and volume submitter plan as then designed, were in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letters. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2014.

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

In June 2018, the Plan liquidated its investment in the Wells Fargo Stable Value Fund J (see Note D).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Nellson Nutraceutical, LLC Employee Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective December 3, 2007, the Plan was established for certain employees of Nellson Nutraceutical, LLC and subsidiaries, (the "Company" or "Employer"). The Plan is a contributory profit sharing plan under sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2017, the Company terminated its contract with State Street Bank and Trust Company ("State Street") and Transamerica Retirement Solutions, LLC ("Transamerica") as trustee and recordkeeper of the Plan and appointed Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company (collectively "Prudential") as its new trustee, custodian, and recordkeeper. As a result, on September 29, 2017, all plan assets were transferred from State Street and were received by Prudential on September 29, 2017 and October 3, 2017. In addition, the Plan was restated effective October 2, 2017 to reflect various changes in plan design.

In November 2017, the Company entered into a merger agreement with various entities. There has been no effect on the status of the Plan as of the date of this report, as a result of this merger agreement.

2. Eligibility

An employee is eligible to make pre-tax salary deferral contributions of after-tax Roth contributions to the Plan on the first day of the month following thirty days of active employment and attainment of age 21. Effective October 2, 2017, the entry date changed to immediate entry upon meeting eligibility requirements. In addition, effective October 2, 2017, employees are eligible for Employer matching contributions following completion of 30 days of continuous service and attainment of age 21. Prior to October 2, 2017, employees were eligible to receive Employer matching contributions on the first day of the month upon completion of six months of continuous service.

Unless eligible employees elect otherwise, they will be automatically enrolled into the Plan at a deferral rate of 3%. Each eligible employee that is auto-enrolled into the Plan will have their deferral rate automatically increased to 4%, 5% and 6% on January 1, of the first, second, and third year, respectively, following the Plan year in which the participant was enrolled. Employees covered under a collective bargaining agreement and part-time, temporary, and seasonal employees with less than 1,000 hours of service, and employees of an employer in a controlled group who has not adopted the plan are not eligible to participate in the Plan.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, from 1% to 100% of their compensation up to the maximum deferral limit per Section 402(g)(1) of the IRC. Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year.

The Employer may make a discretionary matching contribution with each payroll, subject to determination on an annual basis by the Board of Directors of the Employer, in an amount equal to a percentage of the participant's deferred compensation, up to a maximum of 4% of compensation. Catch-up contributions are not matched. Effective October 2, 2017, the maximum matching contribution is 3% of compensation. In addition, the Employer may also elect to contribute a discretionary non-elective contribution or a qualified non-elective contribution in an amount to be determined by the Employer. No non-elective contributions were made for the year ended December 31, 2017.

4. Participant Accounts

Each participant's account is credited with the employee's contributions, rollovers, Employer matching contribution and allocations of the Employer discretionary and qualified non-elective contributions and plan earnings. Allocations for non-elective contributions are based on the ratio each participant's compensation bears to the compensation for all participants. Plan earnings on investments are allocated based on participant account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options held by State Street, the trustee through October 3, 2017, and Prudential, the trustee and custodian beginning October 2, 2017 (see Note A.1.). Participants may change their investment options daily.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

6. Notes Receivable from Participants

Subject to approval by the plan administrator, participants may borrow up to 50% of their vested balance, not to exceed $50,000 and not less than $1,000. Only one outstanding loan per participant is permitted. The loan shall bear interest equal to the Prime rate plus 1% per annum. Loans must be repaid within five years of the date of issuance, in accordance with terms established by the plan administrator. Effective October 2, 2017, loans for the purchase of a primary residence may be repaid over 15 years. Prior to October 2, 2017, loans for the purchase of a primary residence were to be repaid over 30 years.

7. Vesting

Participant contributions, rollovers, Employer qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of Employer matching contributions, Employer non-elective contributions, and actual earnings on such contributions is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Employees of the Employer's Salt Lake City, Utah location that were terminated after September 1, 2016 became 100% vested in all Employer contributions.

8. Benefit Payments

Upon termination of service participants are entitled to receive a lump-sum amount equal to the value of his or her vested account balance. In the event of retirement, death or disability while employed by the Employer, the participant or a participant's beneficiary is entitled to the total value of the participant's account. In-service and hardship withdrawals are permitted if certain criteria are met.

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to offset Plan expenses or to reduce Employer contributions. Forfeitures totaling approximately $53,000 were used to pay Plan expenses. As of December 31, 2017 and 2016, outstanding forfeitures available totaled $94,293 and $17,689, respectively, and are included in net assets available for benefits.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants shall become 100% vested. Net assets available for benefits would then be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments. Plan expenses paid during the year ended December 31, 2017 from forfeitures and from the expense budget account totaled $176,394 (see Note F).

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C - INFORMATION CERTIFIED BY CUSTODIANS AND TRUSTEES

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street and Prudential, the custodians and trustees of the Plan, as complete and accurate, except for comparing such information certified by the custodians and trustees to information included in the Plan's financial statements and supplemental schedules:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016
- Net investment income and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017
- Investments and notes receivable from participants reflected in the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common/Collective Trust Fund: At December 31, 2016, the Plan had an investment in the Diversified Stable Pooled Fund with State Street. Due to the transfer of assets to Prudential (see Note A.1.), the fund was transferred into the Wells Fargo Stable Value Fund J (collectively, "Stable Value Funds"). The Stable Value Funds invest in fully benefit-responsive investment contracts through their investment in the Wells Fargo Stable Value Fund G ("Fund G"), a collective trust fund sponsored by Wells Fargo Bank, N.A. The Stable Value Funds are valued at the net asset (NAV) provided by the trustees of the Stable Value Funds. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Stable Value Funds will sell the investment for an amount different from the reported net asset value. The NAV is based on the underlying daily value reported by Fund G. The principal objective the Stable Value Funds is to provide safety of principal and consistency of returns while attempting to maintain minimal volatility.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Cash Reserve Account: Valued at cost plus interest, which approximates fair value.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 19,851,226	$ -	$ -	$ 19,851,226
Investments measured at net asset value [(a)]				1,280,113
Investments at fair value				$ 21,131,339

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 17,272,029	$ -	$ -	$ 17,272,029
Cash reserve account	17,689	-	-	17,689
	$ 17,289,718	$ -	$ -	17,289,718
Investments measured at net asset value [(a)]				1,547,374
Investments at fair value				$ 18,837,092

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. Participant-directed transfers from the Stable Value Funds are permitted to non-competing funds, subject to a 90-day equity wash provision. The redemption notice period below is applicable only to the Plan (see Note I).

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust fund	$ 1,280,113	None	Daily	Up to 12 months

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust fund	$ 1,547,374	None	Daily	Up to 12 months

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a group annuity contract with Prudential that is a guaranteed investment contract (the Contract). The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the traditional investment contract held by the Plan:

	December 31,	
	2017	2016
Guaranteed Income Fund	$ 1,365,199	$ -

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The contract issuer is obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. When establishing interest crediting rates, the contract issuer considers many factors, including current economic and market conditions and the general interest rate environment. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third party issuer's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

There are no events that would limit the ability of the Plan to transact at contract value paid either immediately or, depending upon the interest rate environment and cash flow levels, over time. Also, there are no events that allow the issuer to terminate the contract which would require the Plan sponsor to settle at an amount different than contract value paid either within ninety days or over time.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by State Street through October 3, 2017 and by Prudential effective September 29, 2017. State Street, Transamerica and Prudential are the custodians, trustees and recordkeepers for the Plan and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

The plan administrator authorized Transamerica, to establish an expense budget account (EBA). The EBA is funded by the recordkeeper's shared revenues from certain investments and is netted against earnings. At the direction of the Employer, these funds may be used to pay reasonable Plan related expenses or can be allocated to Plan participants at the end of the year. Shared revenues totaled $81,248 for the year ended December 31, 2017 (see Note B.6.). This agreement terminated upon conversion from State Street to Prudential (see Note A.1.).

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H - TAX STATUS

Effective October 2, 2017, the Employer adopted a Prototype Non-Standardized Profit Sharing Plan ("prototype plan") which received a favorable opinion letter from the Internal Revenue Service (IRS) dated April 29, 2014. Prior to October 2, 2017, the Employer adopted a Volume Submitter Plan ("volume submitter plan") which received a favorable opinion letter dated March 31, 2014. Both opinion letters stated that the prototype plan and volume submitter plan as then designed, were in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letters. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2014.

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

In June 2018, the Plan liquidated its investment in the Wells Fargo Stable Value Fund J (see Note D).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Nellson Nutraceutical, LLC Employee Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective December 3, 2007, the Plan was established for certain employees of Nellson Nutraceutical, LLC and subsidiaries, (the "Company" or "Employer"). The Plan is a contributory profit sharing plan under sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2017, the Company terminated its contract with State Street Bank and Trust Company ("State Street") and Transamerica Retirement Solutions, LLC ("Transamerica") as trustee and recordkeeper of the Plan and appointed Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company (collectively "Prudential") as its new trustee, custodian, and recordkeeper. As a result, on September 29, 2017, all plan assets were transferred from State Street and were received by Prudential on September 29, 2017 and October 3, 2017. In addition, the Plan was restated effective October 2, 2017 to reflect various changes in plan design.

In November 2017, the Company entered into a merger agreement with various entities. There has been no effect on the status of the Plan as of the date of this report, as a result of this merger agreement.

2. Eligibility

An employee is eligible to make pre-tax salary deferral contributions of after-tax Roth contributions to the Plan on the first day of the month following thirty days of active employment and attainment of age 21. Effective October 2, 2017, the entry date changed to immediate entry upon meeting eligibility requirements. In addition, effective October 2, 2017, employees are eligible for Employer matching contributions following completion of 30 days of continuous service and attainment of age 21. Prior to October 2, 2017, employees were eligible to receive Employer matching contributions on the first day of the month upon completion of six months of continuous service.

Unless eligible employees elect otherwise, they will be automatically enrolled into the Plan at a deferral rate of 3%. Each eligible employee that is auto-enrolled into the Plan will have their deferral rate automatically increased to 4%, 5% and 6% on January 1, of the first, second, and third year, respectively, following the Plan year in which the participant was enrolled. Employees covered under a collective bargaining agreement and part-time, temporary, and seasonal employees with less than 1,000 hours of service, and employees of an employer in a controlled group who has not adopted the plan are not eligible to participate in the Plan.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, from 1% to 100% of their compensation up to the maximum deferral limit per Section 402(g)(1) of the IRC. Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year.

The Employer may make a discretionary matching contribution with each payroll, subject to determination on an annual basis by the Board of Directors of the Employer, in an amount equal to a percentage of the participant's deferred compensation, up to a maximum of 4% of compensation. Catch-up contributions are not matched. Effective October 2, 2017, the maximum matching contribution is 3% of compensation. In addition, the Employer may also elect to contribute a discretionary non-elective contribution or a qualified non-elective contribution in an amount to be determined by the Employer. No non-elective contributions were made for the year ended December 31, 2017.

4. Participant Accounts

Each participant's account is credited with the employee's contributions, rollovers, Employer matching contribution and allocations of the Employer discretionary and qualified non-elective contributions and plan earnings. Allocations for non-elective contributions are based on the ratio each participant's compensation bears to the compensation for all participants. Plan earnings on investments are allocated based on participant account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options held by State Street, the trustee through October 3, 2017, and Prudential, the trustee and custodian beginning October 2, 2017 (see Note A.1.). Participants may change their investment options daily.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

6. Notes Receivable from Participants

Subject to approval by the plan administrator, participants may borrow up to 50% of their vested balance, not to exceed $50,000 and not less than $1,000. Only one outstanding loan per participant is permitted. The loan shall bear interest equal to the Prime rate plus 1% per annum. Loans must be repaid within five years of the date of issuance, in accordance with terms established by the plan administrator. Effective October 2, 2017, loans for the purchase of a primary residence may be repaid over 15 years. Prior to October 2, 2017, loans for the purchase of a primary residence were to be repaid over 30 years.

7. Vesting

Participant contributions, rollovers, Employer qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of Employer matching contributions, Employer non-elective contributions, and actual earnings on such contributions is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Employees of the Employer's Salt Lake City, Utah location that were terminated after September 1, 2016 became 100% vested in all Employer contributions.

8. Benefit Payments

Upon termination of service participants are entitled to receive a lump-sum amount equal to the value of his or her vested account balance. In the event of retirement, death or disability while employed by the Employer, the participant or a participant's beneficiary is entitled to the total value of the participant's account. In-service and hardship withdrawals are permitted if certain criteria are met.

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to offset Plan expenses or to reduce Employer contributions. Forfeitures totaling approximately $53,000 were used to pay Plan expenses. As of December 31, 2017 and 2016, outstanding forfeitures available totaled $94,293 and $17,689, respectively, and are included in net assets available for benefits.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants shall become 100% vested. Net assets available for benefits would then be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments. Plan expenses paid during the year ended December 31, 2017 from forfeitures and from the expense budget account totaled $176,394 (see Note F).

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C - INFORMATION CERTIFIED BY CUSTODIANS AND TRUSTEES

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street and Prudential, the custodians and trustees of the Plan, as complete and accurate, except for comparing such information certified by the custodians and trustees to information included in the Plan's financial statements and supplemental schedules:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016
- Net investment income and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017
- Investments and notes receivable from participants reflected in the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common/Collective Trust Fund: At December 31, 2016, the Plan had an investment in the Diversified Stable Pooled Fund with State Street. Due to the transfer of assets to Prudential (see Note A.1.), the fund was transferred into the Wells Fargo Stable Value Fund J (collectively, "Stable Value Funds"). The Stable Value Funds invest in fully benefit-responsive investment contracts through their investment in the Wells Fargo Stable Value Fund G ("Fund G"), a collective trust fund sponsored by Wells Fargo Bank, N.A. The Stable Value Funds are valued at the net asset (NAV) provided by the trustees of the Stable Value Funds. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Stable Value Funds will sell the investment for an amount different from the reported net asset value. The NAV is based on the underlying daily value reported by Fund G. The principal objective the Stable Value Funds is to provide safety of principal and consistency of returns while attempting to maintain minimal volatility.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Cash Reserve Account: Valued at cost plus interest, which approximates fair value.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 19,851,226	$ -	$ -	$ 19,851,226
Investments measured at net asset value [(a)]				1,280,113
Investments at fair value				$ 21,131,339

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 17,272,029	$ -	$ -	$ 17,272,029
Cash reserve account	17,689	-	-	17,689
	$ 17,289,718	$ -	$ -	17,289,718
Investments measured at net asset value [(a)]				1,547,374
Investments at fair value				$ 18,837,092

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. Participant-directed transfers from the Stable Value Funds are permitted to non-competing funds, subject to a 90-day equity wash provision. The redemption notice period below is applicable only to the Plan (see Note I).

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust fund	$ 1,280,113	None	Daily	Up to 12 months

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust fund	$ 1,547,374	None	Daily	Up to 12 months

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a group annuity contract with Prudential that is a guaranteed investment contract (the Contract). The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the traditional investment contract held by the Plan:

	December 31,	
	2017	2016
Guaranteed Income Fund	$ 1,365,199	$ -

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The contract issuer is obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. When establishing interest crediting rates, the contract issuer considers many factors, including current economic and market conditions and the general interest rate environment. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third party issuer's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

There are no events that would limit the ability of the Plan to transact at contract value paid either immediately or, depending upon the interest rate environment and cash flow levels, over time. Also, there are no events that allow the issuer to terminate the contract which would require the Plan sponsor to settle at an amount different than contract value paid either within ninety days or over time.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by State Street through October 3, 2017 and by Prudential effective September 29, 2017. State Street, Transamerica and Prudential are the custodians, trustees and recordkeepers for the Plan and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

The plan administrator authorized Transamerica, to establish an expense budget account (EBA). The EBA is funded by the recordkeeper's shared revenues from certain investments and is netted against earnings. At the direction of the Employer, these funds may be used to pay reasonable Plan related expenses or can be allocated to Plan participants at the end of the year. Shared revenues totaled $81,248 for the year ended December 31, 2017 (see Note B.6.). This agreement terminated upon conversion from State Street to Prudential (see Note A.1.).

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H - TAX STATUS

Effective October 2, 2017, the Employer adopted a Prototype Non-Standardized Profit Sharing Plan ("prototype plan") which received a favorable opinion letter from the Internal Revenue Service (IRS) dated April 29, 2014. Prior to October 2, 2017, the Employer adopted a Volume Submitter Plan ("volume submitter plan") which received a favorable opinion letter dated March 31, 2014. Both opinion letters stated that the prototype plan and volume submitter plan as then designed, were in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letters. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2014.

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

In June 2018, the Plan liquidated its investment in the Wells Fargo Stable Value Fund J (see Note D).
