Note 1. Description of Plan

The following description of the Trident Holding Company, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Trident Holding Company, LLC (the Company or Sponsor) and its wholly-owned subsidiaries who are age 21 or older. Employees may enter the Plan on the first day of the quarter coinciding with or following satisfaction of the eligibility requirements. The Plan administrator is responsible for oversight of the plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute a specific percentage or dollar amount of up to 100% of their annual eligible compensation (elective deferrals), as defined by the Plan, subject to Internal Revenue Service (IRS) limitations. Participants are permitted to make pre-tax and/or after-tax (Roth) contributions. Participants age 50 or older may elect to defer additional amounts (catch-up contributions) to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company may provide discretionary matching and/or profit sharing contributions determined at year-end by management. Discretionary contributions shall only be made on behalf of participants who are employed on the last day of the Plan year except in limited circumstances as defined in the Plan agreement. There were no profit-sharing contributions for the year ended December 31, 2017.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary contributions, if any, Plan investment earnings/losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, contributions, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their salary deferrals and rollover contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested in the Company contribution portion after completing two years of credited service and 100% vested after completing three years of credited service.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59-½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeitures: Forfeitures are used to reduce future employer contributions, pay Plan expenses or re-allocated to eligible employees. Forfeited non-vested accounts totaled $30,146 and $134,040 as of December 31, 2017 and 2016, respectively. During 2017, $101,355 was used to reduce employer contributions.

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 30 years for the purchase of a participant's primary residence. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. As of December 31, 2017, the notes bear interest at annual rates ranging from 4.25% to 6.00%, and mature through 2047. Principal and interest are paid ratably through bi-weekly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee and investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the schedule repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Contributions: Contributions from Plan participants and the matching contribution from the Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassification: Certain amounts in the 2016 statement of net assets available for benefits have been reclassified to conform to the 2017 presentation.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2017) through October 15, 2018, the date the financial statements were available to be issued. On March 1, 2018, the Plan merged in the participants of the Schryver Medical Sales & Marketing, LLC 401(K) Plan. Schryver Medical Sales & Marketing, LLC is a wholly-owned subsidiary of the Company.

Note 3. Information Certified or Provided by MG Trust Company d/b/a Matrix Trust Company (Matrix) (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedules related to the following assets:

	2017	2016
Investments at fair value:		
Cash	$ 244,460	$ 808,445
Mutual funds	47,066,893	39,223,826
Common collective trust stable value fund	1,344,004	1,653,524
	$ 48,655,357	$ 41,685,795

Matrix also certified to the completeness and accuracy of $5,962,601 of net appreciation in fair value of investments and $1,249,658 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies used at December 31, 2017 and 2016.

Cash: Valued at costs that equal fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust stable value fund: A stable value fund that is composed primarily of fully benefit-responsive contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimating fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
Description	Level 1	Level 2	Level 3	Total
Cash	$ 244,460	$ -	$ -	$ 244,460
Mutual funds	47,066,893	-	-	47,066,893
	$ 47,311,353	$ -	$ -	47,311,353
Investments measured at NAV (a)				1,344,004
Investments at fair value				$ 48,655,357

	Assets at Fair Value as of December 31, 2016			
Description	Level 1	Level 2	Level 3	Total
Cash	$ 808,445	$ -	$ -	$ 808,445
Mutual funds	39,223,826	-	-	39,223,826
	$ 40,032,271	$ -	$ -	40,032,271
Investments measured at NAV (a)				1,653,524
Investments at fair value				$ 41,685,795

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2017 and 2016.

	Fair Value at December 31		Unfunded	Redemption	Redemption
Investment	2017	2016	Commitment	Frequency	Notice Period
Common collective trust stable value fund:					
Gartmore Morley Stable Value Series I Fund	$ 1,344,004	$ 1,653,524	None	Daily	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Party-in-Interest Transactions

MG Trust Company d/b/a Matrix Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. No fees were paid by the Plan to the trustee during the year ended December 31, 2017.

Note 5. Related Party and Party-in-Interest Transactions (Continued)

The Company paid certain administrative expenses of the Plan. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7. Tax Status

Effective January 1, 2016, the Plan adopted a Volume Submitter Profit Sharing Plan with CODA sponsored by Sungard Business Systems LLC. The Volume Submitter Plan has received an opinion letter from the IRS dated March 31, 2014 as to the Plan's qualified status. The Volume Submitter Plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions and is currently under examination by the IRS for the year ended December 31, 2016.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to the Form 5500:

	December 31	
	2017	2016
Net assets available for benefits per the financial statements	$ 49,729,724	$ 42,806,609
Differences in:		
Investments – participant loans	1,151,578	1,073,656
Receivables – notes from participants	(1,151,578)	(1,073,656)
Net assets available for benefits per the Form 5500	$ 49,729,724	$ 42,806,609

Note 9. Nonexempt Transactions

As of January 1, 2017, the Company had failed to reimburse the Plan for lost interest on participant deferrals in the amount of $435,564 not deposited timely for years 2012 through 2016. During 2017, the Company inadvertently failed to deposit an additional $2,786 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Company filed Form 5330's and paid the applicable excise tax for certain late deposits totaling $217,844 in 2017. The excise tax payments were made from the Sponsor's assets and not from assets of the Plan. For the remaining uncorrected late deposits as of December 31, 2017, the Company intends to reimburse the Plan for lost interest. The Company also intends to file Form 5330's and pay the applicable excise tax from the Company's assets and not from the assets of the Plan.
