401k PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Milestone Technologies, Inc. 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established by Milestone Technologies, Inc. (the "Company" or "Plan Sponsor") on January 1, 1998, restated on January 1, 2015, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is the Plan administrator and retains the services of a third party to assist in the administration of the Plan. Fidelity Management Trust Company was appointed the trustee, custodian and recordkeeper effective July 1, 2017 and held the Plan's assets and executed investment transactions from July 1, 2017 to December 31, 2017 and Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC held the Plan's investment assets and executed investment transactions as of December 31, 2016 and for the period from January 1, 2017 to June 30, 2017.

Eligibility and Coverage: Except for excluded employees, all employees of the Company are eligible to participate in the Plan upon reaching age 21. Participants may begin deferring a portion of their compensation into the Plan on the first day of each month following eligibility. Employees covered under a collective bargaining agreement, non-resident aliens, and leased employees are not eligible to participate in the Plan.

Employee Contributions: Participants may elect to contribute up to 100% of their compensation subject to the maximum allowed under section 401(k) of the Internal Revenue Code. For 2017 and 2016 the annual limitation was \$18,000, with catch-up contributions available for participants who are age 50 or older by the end of the year. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

Employer Matching Contributions: Effective January 1, 2017, the Plan was amended to change the matching contribution from a discretionary match to a fixed matching contribution. Effective January 1, 2017, the Company's matching contributions will be 25% of eligible participant contributions made each pay period, up to a maximum amount of \$2,500 per year. The Company matching contribution is limited to 5% of Plan compensation as defined in the Plan document. For the year ended December 31, 2017, the Company contributed \$2,422,296. Contributions are subject to certain limitations.

Participants' Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer profit sharing contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's elective and non-elective contribution portion of their accounts is based on years of continuous service, subject to a four year graded schedule.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account and bear interest at market financing rates, currently prime plus 1% (4.5% as of December 31, 2017). Loan terms range from one to five years, but may not exceed five years, except for loans used for a purchase of a primary residence, which may be repaid over a period of up to thirty years. Principal and interest are paid ratably through payroll deduction each pay period.

Payment of Benefits: On termination of service due to normal retirement age, disability, death, or termination of employment, the entire balance in the participant's deferral account as well as the participant's vested balance in the Company's match and discretionary non-elective match may be distributed to the participant in a lump sum payment, installment payments, joint and survivor annuity, rolled over into another qualified plan, or left in the Plan (subject to minimum balance requirements). The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed \$5,000.

As an active participant in the Plan, an employee may, upon attaining age 59 ½, request the distribution of his or her balance. In addition, a participant may apply for a hardship withdrawal, if he or she is experiencing an immediate and heavy financial need as defined by the specific criteria in the Plan document.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Forfeited Accounts: The Plan Sponsor may elect that all or any portion of the forfeiture account be allocated to all eligible participants who receive non-elective employer contributions. At December 31, 2017 and 2016, the forfeiture balance was approximately \$67,000 and \$41,000, respectively.

Subsequent Events: The Plan has evaluated subsequent events through October 8, 2018, the date that the financial statements were available to be issued.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit responsive investment contracts are reported at fair value as further described in Notes 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments brought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company as of December 31, 2017 and for the period from July 1, 2017 to December 31, 2017 and by Great-West Life & Annuity Insurance Company and Great West Trust Company, LLC as of December 31, 2016 and for the period from January 1, 2017 to June 30, 2017. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable Value Funds: The fair values of participation units held in stable value funds are based on the net asset values per unit as reported by the fund managers. The stable value funds provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement. The fund invests in public bonds, commercial mortgages, and private placement bonds in order to produce a desirable balance between interest crediting rate responsiveness and stability.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2017, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

During the year ended December 31, 2016, a portion of the net assets available for benefits of the Plan were invested in an Investment Contract Account (the "ICA"). The ICA was a market value separate account annuity contract with a general investment account guarantee that provided a stated rate and insulated participants' accounts from daily fluctuations in the market. Under the terms of the ICA, participants directed permitted withdrawal and transfer transactions of all or a portion of their balance in the ICA.

Because the ICA was a fully benefit-responsive fund, contract value was the relevant measurement attributed for that portion of the net assets available for benefits attributable to the ICA. Contract value represented contributions made under the ICA, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2016, there were no reserves against the contract value for credit risk of the contract issuer. The interest rates were based upon a formula agreed with the issuer with the requirement that interest rates may not be less than 1%. Such interest rates were reviewed on a semi-annual basis for resetting.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exception from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator did not believe that any such value event occurred, which limited the Plan's ability to transact at contract value with participants.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of mutual funds that are managed by the Trustee. The trustee is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees to the trustee qualify as party-in-interest transactions. At December 31, 2016 through June 30, 2017, the Plan held a guaranteed investment contract through Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company was a service provider to the plan, and therefore this qualifies as a party-in-interest transaction. Notes receivable from participants also reflect party-in-interest transactions

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.
