NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 (AUDITED) AND 2016 (UNAUDITED)

1. DESCRIPTION OF PLAN

General

The Saratoga - Schenectady Gastroenterology Associates, P.C. Retirement Plan (the Plan) was established on January 9, 1973. The Plan is sponsored by Saratoga – Schenectady Gastroenterology Associates, P.C. (the Company). The following brief description of the Plan provides general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants who have attained the age of twenty-one and have completed one year of service, may contribute pretax and/or post-tax annual compensation, as defined in the plan document, up to the maximum allowed by the Internal Revenue Code. Participants who have reached age 50 before the end of the plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a matching contribution equal to 50% of a participant's elective deferral contribution up to 6% of the participant's compensation. The Company may also make a discretionary profit sharing contribution to eligible participants. Discretionary profit sharing contributions of 5% of participants' eligible wages were made for the year ended December 31, 2017.

Participant Accounts

The Plan allows each participant to select the investments in their individual account. Each participant's account is credited with the participant's contribution, the Company's contributions, and allocations of (a) plan earnings and losses, and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan's provisions allow participants to make their own investment elections with the Plan's investment advisors. A participant may direct their contribution and the Company's contributions to any of the Plan's mutual or money market funds or the stable value fund as of December 31, 2017 and 2016.

SARATOGA - SCHENECTADY GASTROENTEROLOGY ASSOCIATES, P.C. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 (AUDITED) AND 2016 (UNAUDITED)

1. DESCRIPTION OF PLAN

Vesting

Participants have a 100% non-forfeitable interest in the portion of their accounts attributable to their own voluntary deferrals and accumulated earnings thereon. Participants also have a 100% non-forfeitable interest in the Company's matching contribution at the time the contribution is made. Vesting of the Company's discretionary profit sharing contributions and earnings thereon is based on a schedule of years of continuous service as follows:

Years of Service	Percent Vested
Less than 0	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Accounts

Forfeitures shall be applied to pay Plan expenses or to offset future employer contributions to the Plan. At December 31, 2017 and 2016, forfeited nonvested accounts were $1,280 and $0, respectively. During the year ended December 31, 2017, $2,000 in forfeitures were used to offset plan expenses.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. Normal retirement under the Plan is 65 years of age. There are no provisions for early retirement. Hardship withdrawals from the vested portion of a participant's account are allowed as defined in the plan document. The Plan also permits in-service distributions after attaining age 59 ½ from the vested portion of a participant's account.

Termination of the Plan

Although it has not expressed intent to do so, the Company has the right under the plan document to terminate the Plan subject to the provisions of ERISA. In the event of termination, the Company's contributions portion of each participants' account shall become fully vested and non-forfeitable, and along with the participant's contributions portion of their account, be distributed in accordance with the plan document and ERISA.

Other Income

The Plan has a revenue sharing agreement with Newport Trust Company (NTC) whereby the Plan receives a share of the revenue received by NTC from the various investment fund families. The revenue received is held in a Plan Credit Account and can be used to pay administrative expenses of the Plan. During the year ended December 31, 2017, $28,670 of administrative expenses were paid from the Plan Credit Account. The amount included in the accompanying statement of changes in net assets available for benefits is net of the amount paid out during the plan year

SARATOGA - SCHENECTADY GASTROENTEROLOGY ASSOCIATES, P.C. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 (AUDITED) AND 2016 (UNAUDITED)

1. DESCRIPTION OF PLAN

Notes Receivable from Participants

Participants are allowed to borrow from their accounts, limited to 2 outstanding loans at any one time, a minimum amount of at least $500 up to a maximum amount equal to the lesser of $50,000 or 50% percent of their vested account balance. The notes are secured by the balance in the participant's account. All notes bear a rate of interest equal to 1% above the prime rate. Notes are required to be repaid in level payments of principal and interest over a term ranging from one to five years. However, notes used to acquire a principal residence may be paid over a term that exceeds five years.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Investment income recognized by the Plan includes earnings from investments, net gains (losses) realized from sale of investments, and the net changes in the unrealized appreciation (depreciation) of investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recognized by the Plan in the period in which it is earned based on the outstanding principal balance times the stated interest rate at the date the note receivable originated. Delinquent participant notes are reclassified as deemed distributions based upon the terms of the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Risks and Uncertainties

The Plan invests in various investments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant account balances and amounts reported in the statements of net assets available for benefits.

Benefits

Payments of benefits are recorded when paid.

3. ADMINISTRATIVE EXPENSES

The Company, at its discretion, may pay certain administrative expenses of the Plan. During the year ended December 31, 2017, the Company paid $2,838 in administrative expenses on behalf of the Plan.

4. INCOME TAX STATUS

The Plan has adopted a prototype non-standardized profit sharing plan sponsored by Newport Group, Inc. The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated March 31, 2014, that the prototype plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The submitted plan has been amended to comply with recent legislation. The Plan has not filed for its own determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of Section 401(a) of the IRC and, as such, would be exempt from federal income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require the recording of a liability or disclosure in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company, the Trustee of the Plan has certified to the completeness and accuracy of the investments reflected in the accompanying 2017 statement of net assets available for benefits and the supplemental schedule of assets (held at end of year, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

* Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

* Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

* Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2017 and 2016. There were no changes in the valuation techniques used to determine fair value at December 31, 2017 and 2016.

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Assets Value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The Plan has adopted the provisions of Accounting Standards Update (ASU) 2009-12, *Investments in Certain Entities that Calculate Net Assets Value per Share (or its equivalent)*. ASU 200912 allows for the estimation of fair value in certain investment companies for which the investment does not have a readily determinable value by using net asset value (NAV) per share or its equivalent as a practical expedient. The Morley Stable Value Fund is valued at the closing NAV of units held by the Plan at year-end based on information provided and certified by the Trustee.

6. FAIR VALUE MEASUREMENTS

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of assets measured on a recurring basis at December 31 are as follows:

	Level 1	Total
December 31, 2017		
Money market funds	$ 6,310	$ 6,310
Mutual funds	16,306,470	16,306,470
Total assets in the fair value hierarchy	16,312,780	16,312,780
Stable Value Fund	-	3,637,145
Total assets measured at net asset value (a)	-	3,637,145
Total Investments at Fair Value	$ 16,312,780	$ 19,949,925

	Level 1	Total
December 31, 2016		
Money market funds	$ 2	$ 2
Mutual Funds	14,317,165	14,317,165
Total assets in the fair value hierarchy	14,317,167	14,317,167
Stable Value Fund	-	2,414,474
Total assets measured at net asset value (a)	-	2,414,474
Total Investments at Fair Value	$ 14,317,167	$ 16,731,641

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The Plan's accounting policy is to recognize transfers between levels of the fair value hierarchy on the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2017, there were no transfers between levels 1, 2, or 3.

	Fair Value at December 31,		Redemption Frequency	Redemption Restrictions	Redemption Period Notice
	2017	2016			
Morley Stable Value Fund	$ 3,637,145	$ 2,414,474	Daily	None	Daily

Note: As of December 31, 2017, there were no unfunded commitments related to the Morley Stable Value Fund.

7. STABLE VALUE FUND

The Plan holds an investment in the Morley Stable Value Fund (the Fund), which is an investment fund offered by the Principal Global Investors Trust Company, and is designed for retirement trusts exempt from federal income taxes under Section 501(a) of the Internal Revenue Code, as amended. The objective of the Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Fund seeks to achieve this objective by investing primarily in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents. It is intended that the Fund's stable value investment contracts will maintain a minimum weighted average credit quality rating of A or better. The underlying fixed income securities must be rated investment grade and meet issuer diversification guidelines. The duration of the Fund's investments will not exceed 4 years. The Fund is typically appropriate for investors who desire low volatility, stable principal value, and returns commensurate with a capital preservation objective for a component of their retirement savings. The Fund is designed for long-term retirement investing.
