Note 1. Description of the Plan

The following description of Masonry Builders, Inc. 401(k) P/S Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, established on September 1, 2003, is a defined contribution plan sponsored by Masonry Builders, Inc., (the "Company" or "Plan Sponsor") for the benefit of employees of the Company and Ice Sports Forum, LLC (a controlled group) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). An employee is eligible to participate in the Plan as of April 1 or October 1 once attaining the age of 21 and complete 500 hours of service in a six month period, or upon completion of one full year of service. The Plan is administered by representatives of the Company.

Contributions:

Each year, participants may contribute up to the maximum percentage allowable not to exceed amounts allowed by the Internal Revenue Service ("IRS"). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans. Participants direct the investment of their contributions into various investment options offered by the Plan. There were no company matching contributions and there were no discretionary profit sharing contributions for the year ended December 31, 2017. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Should the Company decide to implement company matching contributions or discretionary profit sharing contributions, vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes receivable from participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly is one percent above prime rate, as defined. Principal and interest is paid ratably through weekly payroll deductions.

Note 1. Description of the Plan, Continued

Payment of benefits:

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Forfeited accounts:

At December 31, 2017 and 2016, the Plan did not have any forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies, Continued

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

Note 3. Custodian Certifications

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and related income:

	2017	2016
Investments at fair value:		
Pooled separate accounts	$ 839,993	$ 663,959

The custodian also certified to the completeness and accuracy of $77,011 of net appreciation in the fair value of investments and $2,340 of interest income on notes receivable from participants for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements, Continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies at December 31, 2017 and December 31, 2016.

Pooled separate accounts: Valued at Net Asset Value ("NAV"). The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the pooled separate accounts in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table for December 31, 2017 and 2016 sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

	December 31, 2017			
Investment	**Fair value**	**Unfunded commitment**	**Redemption frequency**	**Redemption notice period**
Pooled separate accounts (a)	$ 839,993	$ -	(a)	(a)
Total investments at fair value	$ 839,993	$ -		

Note 4. Fair Value Measurements, Continued

	December 31, 2016			
Investment	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Pooled separate accounts (a)	$ 663,959	$ -	(a)	(a)
Total investments at fair value	$ 663,959	$ -		

(a) Investments in the Plan's pooled separate accounts are comprised of mutual funds and a stable value fund. The mutual funds are subject to the short-term trading guidelines of John Hancock Retirement Plan Services, which allow a maximum of two investment exchanges per calendar month. The stable value fund can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets.

Note 5. Related Party and Party in Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the Plan's custodian as defined by the Plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. No direct payments were made to the recordkeeper and third party administrator which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations, if any.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions, if any.

Note 7. Tax Status

The Plan Sponsor has adopted the Plan based on a prototype plan document sponsored by My Benefits, LLC. My Benefits, LLC has received an opinion letter from the IRS dated March 31, 2014 that states that the form of the prototype plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan Administrator has not requested a determination letter from the IRS on the Plan. The Plan has been amended since the date of the IRS opinion letter on the prototype plan. While the Plan cannot rely on the IRS opinion letter, the Company and the Plan Administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be substantiated upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2017 statement of net assets available for benefits.
