Note 1. Description of Plan

The following description of the Michael Stapleton Associates, Ltd. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Michael Stapleton Associates, Ltd. (the Company).The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan combination and spinoff: Effective December 8, 2015, the Plan transferred in the assets of the Michael Stapleton Associates, Ltd. Employee Stock Ownership Plan. See Notes 10 and 11.

Eligibility: An employee is eligible to participate in the Plan upon attainment of age 21 and upon completion of three months of service. The Plan excludes employees covered by a collective bargaining agreement and nonresident aliens.

Contributions: Eligible participants may elect to contribute to the Plan up to the maximum allowable under the Internal Revenue Code (the Code), which is $18,000 for the year ended December 31, 2017. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions subject to a maximum amount permitted by the Code of $6,000 for the year ended December 31, 2017. A participant may make a rollover contribution to the Plan of amounts which he or she received from other qualified plans.

The Company makes employer matching contributions of 50% of the first 5% of employee deferrals up to a maximum of 2.5%. The Company may decide to make additional discretionary contributions to the Plan, although the Company is not required to do so. No such discretionary contributions were made during the year ended December 31, 2017.

The Plan includes a Roth 401(k) contribution option which allows participants to contribute after- tax dollars into a Roth 401(k) account within the Plan, and allows for tax-free earnings on those contributions if subsequent distributions are qualified under the Code.

Participants may elect to have their contributions and matching contributions invested in a variety of investment funds. Participants may change their investment allocation daily and may change their contribution percentage on a pay period basis. The Plan currently offers mutual funds as investment options for participants.

Participant accounts: Each participant's account is credited with (a) the participant's contributions and company matching contributions, (b) an allocation of the Plan earnings, and (c) an allocation of forfeitures of terminated participants' non-vested account balances. Allocations are based on participants' account balances, as defined in the Trust indenture.

Vesting: Participants are immediately fully vested in their deferral contributions and rollover amounts plus actual earnings thereon. The Company's matching and discretionary contributions are fully vested after three years of credited service.

Note 1. Description of Plan (Continued)

Forfeited accounts: At December 31, 2017 and 2016, forfeited non-vested accounts totaled approximately $14,500 and $1,500, respectively. In the case of forfeitures, amounts may be used to pay administrative expenses or reduce the contributions of the Company. No amount of forfeitures was used during 2017.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the fixed rate of the prime rate plus one percent, and are repaid over a period up to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to ten years). Principal and interest is paid ratably through periodic payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

Payment of benefits: On termination of service due to death, total permanent disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in installment payments over a period not to exceed the life expectancy of the participant of the joint and last survivor.

In-service withdrawals of all or a portion of a participant's deferral contributions amount may be made by participants who have reached 59 1/2. In addition, in-service withdrawals of vested amounts attributable to funds merged into this Plan from the Michael Stapleton Associates, Ltd. Employee Stock Ownership Plan are available to all participants regardless of age at the withdrawal dates specified in the Plan document.

Hardship withdrawals are permitted in cases of immediate and heavy financial need as defined in the Plan document. However, subsequent to a hardship withdrawal, participant's contributions are suspended for a period of six months. Minimum required distributions for participants who have reached 70 1/2 also apply in accordance with Internal Revenue Service (IRS) regulations.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of Accounting: The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon terms of the Plan document.

Subsequent events: The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

	2017	2016
Investments:		
Mutual funds, at fair value	$ 20,251,062	$ 16,295,496
Notes receivable from participants	346,274	331,916
Total	$ 20,597,336	$ 16,627,412

Fidelity also certified to the completeness and accuracy of $1,787,740 of net appreciation in fair value of investments and $840,038 of dividends and interest ($824,962 and $15,076 from investments and notes receivable from participants, respectively) for the year ended December 31, 2017.

Note 4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 or 2016.

Mutual funds (registered investment companies): Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets primarily include exchange-traded equity securities, mutual funds and U.S. Treasury Bonds. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and are classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

	Assets at Fair Value as of December 31, 2017			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 20,251,062	$ -	$ -	$ 20,251,062
Total assets at fair value	$ 20,251,062	$ -	$ -	$ 20,251,062

	Assets at Fair Value as of December 31, 2016			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 16,295,496	$ -	$ -	$ 16,295,496
Total assets at fair value	$ 16,295,496	$ -	$ -	$ 16,295,496

Note 5. Tax Status

The Plan is a prototype plan designed by Fidelity. The Plan received an opinion letter from the IRS dated March 31, 2014, which states that the Plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan has been most recently amended effective February 22, 2016; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2017 and 2016, and for the year ended December 31, 2017.

Note 6. Plan Termination

Although the Company has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Exempt Party-In-Interest Transactions

Certain investments of the Plan are shares of mutual funds offered through Fidelity. Fidelity is the custodian, as defined by the Plan and, therefore, qualifies as a permitted party in interest, as defined by ERISA. Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements.

These party-in-interest transactions are not deemed prohibited because they are covered by statutory and administrative exemptions from the IRC and the rules of prohibited transactions of ERISA.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
