NOTE A - DESCRIPTION OF THE PLAN

The following description of the Dogfish 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a single employer 401(k) elective deferral plan, which covers substantially all employees of Dogfish Head Companies LLC, Dogfish Head Craft Brewery, LLC, Dogfish Head, LLC, and Dogfish Inn, LLC (collectively, the "Company"). Employees are eligible for participation in the Plan upon six months of service. The Investment Committee of the board of directors of the Company controls and manages the operation and administration of the Plan. As of July 1, 2016, Reliance Trust Company serves as the trustee of the Plan. Prior to July 2016, State Street Bank and Trust Company served as the trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Employee Contributions: Each year, employees may contribute up to 85% of their eligible earnings, as defined in the Plan document, subject to Internal Revenue Code ("IRC") limitations. The minimum elective deferral is 1%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows rollovers into the Plan from an eligible participant's qualified (Roth and non-Roth) retirement funds. Participants are not allowed to borrow from their accounts under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employer Matching Contributions: The Company made a safe harbor matching contribution equal to 100% of the first 3% of employee elective salary deferrals, and an additional 50% of the next 2% of salary deferrals to the Plan for each of the years ended December 31, 2017 and 2016. Employer contributions totaled $553,299 and $427,294 for the Plan years ended December 31, 2017 and 2016, respectively.

Investment Options

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, including money market funds, as well a collective trust fund ("CTF").

NOTE A - DESCRIPTION OF THE PLAN - Continued

Participant Accounts

Each participant's account is credited with the participant's elective salary deferral, the employer contribution and an allocation of Plan earnings, and is charged with an allocation of administrative expenses.

Vesting

The Plan provides for 100% immediate vesting of employee elective salary deferrals and employer match contributions.

Benefit Payments

Upon termination of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or various installment options as provided by the Plan. Benefits may be paid in cash, rolled over to another qualified retirement plan, or remain in the Plan until the participant chooses to take a distribution. In-service distributions are permitted from fully vested accounts after attaining age 59½. If the vested participant balance is greater than $5,000 at the time of termination, the participants may elect to defer receiving payments until age 70½ or receive installments.

Hardship withdrawals are available upon demonstration of financial hardship with limitations as defined in the Plan. After withdrawal, a participant may not make deferral contributions to the Plan for at least six months after receipt of the hardship distribution.

The Plan also provides for minimum required distributions per Internal Revenue Service ("IRS") regulations by April 1 of the calendar year following the later of the calendar year in which participants reach age 70½ or the calendar year the participant retires.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP") as applied to and in accordance with the terms of the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when paid. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Putnam Stable Value fund is a stable collective trust fund with investments in traditional investment contracts issued by insurance companies, banks, alternative contracts and short-term investments. The Dogfish 401(k) Plan uses net asset value ("NAV") as a practical expedient to determine the fair value of its investments in the Putnam Stable Value fund.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Administrative Expenses

Expenses for investment, administrative and accounting costs may be paid for by the Plan or by the Company, at the Company's discretion. In the event the Plan pays such administrative expenses, the administrative expenses are allocated to each participant's account based on their balance at the time of allocation. These administrative expenses were paid by the Company in 2017 and 2016.

In addition, the Plan may charge service fees for various services such as disbursement charges and manual checks. These fees are charged on the participant's account as incurred. Such fees paid by the Plan participants totaled $1,350 and $1,119, respectively, for the 2017 and 2016 Plan years.

Payment of Benefits

Benefit payments to participants are recorded upon their distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

New Accounting Standards

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting, Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early adoption permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

The objective of Part II of the ASU is to simplify and improve benefit plan investment disclosure requirements. For both participant-directed investments and nonparticipant-directed investments, the ASU eliminates the requirements to disclose individual investments in excess of 5% of the net assets available for benefits, as well as net appreciation or depreciation for investments by general type. Entities must disclose in aggregate net appreciation or depreciation in investments for the period. The amendments also require an entity to group participant-directed and nonparticipant-directed investments of employee benefit plans only by general type of investment, eliminating the need for entities to disclose classes of assets based on other ways, such as nature, characteristics, and risks. Lastly, plans that file the Form 5500 with the Department of Labor as direct-filing entities are no longer required to provide the investment strategy disclosures under Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, for investments using the NAV practical expedient.

The amendments in Part III of the ASU apply only to entities that have a fiscal year-end that does not coincide with month-end and follow the requirements in ASC 960, ASC 962, and ASC 965. Under the new guidance, as a practical expedient, a plan can measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with the month-end.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

New Accounting Standards - Continued

Parts I and Part III are not applicable to this Plan, but management has adopted Part II. Accordingly, the amendments were retrospectively applied, resulting in the removal of certain fair value disclosures. The disclosure of individual assets that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value investments by general type and the level of disaggregation of investments that are measured at fair value have been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEES

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company (for the period of January 1, 2016 through June 30, 2016) and Reliance Trust Company (as of December 31, 2017 and for the period of July 1, 2016 through December 31, 2016), the trustees, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments, at fair value and contract value, as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.

- Total investment income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.

- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: The Plan's investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the fair value hierarchy.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Collective Trust Fund:

2017 and 2016: See Note E.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the major categories of assets measured at fair value on a recurring basis as of December 31, 2017 and 2016, by level within the fair value hierarchy:

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,531,067	$ -	$ -	$ 7,531,067
Investments measured at NAV				90,565
Total investments at fair value	$ 7,531,067	$ -	$ -	$ 7,621,632

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,240,817	$ -	$ -	$ 5,240,817
Investments measured at NAV				91,033
Total investments at fair value	$ 5,240,817	$ -	$ -	$ 5,331,850

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The investments with a reported estimated fair value using NAV do not have unfunded commitments, redemption restrictions, or a redemption notice period. The redemption frequency is immediate.

	2017 Fair Value	2016 Fair Value	Redemption Eligible	Redemption Period
Collective trust fund	$ 90,565	$ 91,033	See Note E	See Note E

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

There were no transfers between fair value levels during the 2017 and 2016 Plan years.

NOTE E - COMMON COLLECTIVE TRUST

Starting in 2016, the Plan has investments in the Putnam Stable Value fund, which is established and maintained by Putnam Fiduciary Trust Company. The fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The fund is fully benefit-responsive. The investments are valued at contract value, which approximates cost plus accrued interest and approximates fair value. Investment income is accrued as earned.

All withdrawals and transfers from the fund are payable at contract value. Contract value represents contributions made to the CTF plus earnings less participant withdrawals and administrative expenses. Due to the size of the fund and the specific percentage allowances negotiated by the fund, it is highly unlikely (not probable) that any event would occur that would limit the fund's ability to transact and contract value with each issuer under these events. The only event that would allow issuers to immediately terminate a fully benefit-responsive contract would be if they were provided willingly fraudulent information from the Plan trustees. The Plan's trustees do not believe the occurrence of events and circumstances that would cause the CTF to transact at less than contract value is probable.

NOTE E - COMMON COLLECTIVE TRUST - Continued

There are no events anticipated which would restrict the fund from paying benefits at contract value.

NOTE F - RELATED PARTY TRANSACTIONS

Reliance Trust Company is the trustee that holds the Plan's investment assets as of December 31, 2017 and executes investment transactions. Plan investments held in the collective trust are in funds managed by Reliance advisors. No fees were paid to Reliance Trust Company directly from the Plan. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE G - INCOME TAX STATUS

The Plan is a prototype plan which has received an opinion letter from the IRS dated July 8, 2014, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from income. If the Plan were subject to interest and penalties, they would be included under deductions in the statements of changes in net assets available for benefits. US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit and market volatility. Therefore, the value, liquidity and related income of the securities are sensitive to changes in economic conditions, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated events through October 12, 2018, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
