Note 1 - Description of Plan (Continued)

Employer Contributions

A safe harbor matching contribution is also made by the Company on behalf of the participants. The contribution is equal to 100% of pretax deferrals up to 3% of eligible compensation plus 50% of pretax deferrals between 3% and 6% of eligible compensation. The safe-harbor matching contribution is funded with each pay period.

The Plan allows the Company to make discretionary profit sharing contributions to participants who are employed as of the last day of the Plan year. For the year ended December 31, 2017, there were no profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions. Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions. The investment fund gains or losses are allocated daily to the applicable participant's account in that fund based on the previously reported account balance, adjusted for current period contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. A participant may have no more than two loans outstanding at any time. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing prime rates. Principal and interest are paid ratably through payroll deductions.

Vesting

Each participant's pretax contributions, after-tax contributions, safe harbor matching contributions, and any qualified non-elective contributions, as well as allocated earnings thereon, are fully vested and non-forfeitable. Participants acquire a vested interest in their profit sharing contribution accounts based upon a graded vesting schedule, becoming 100% vested after six years of service. In any event, the employer contribution account of an active participant shall become fully vested upon the attainment of early retirement age (age 55 and completion of 10 years of service), normal retirement age of 65, disability or death.

Note 1 - Description of Plan (Continued)

Administrative Expenses

Professional fees incurred to operate the Plan are paid directly by the Plan. Other fees and expenses relating to the day-to-day operations are also paid by the Plan. Certain investment related expenses are included in the net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits

The Plan provides benefits for eligible participants upon retirement, early retirement, death, termination, or permanent disability, according to the form of payment elected by the participants within the limitations defined in the Plan. The Plan also allows for in-service distributions upon attainment of age 59 ½. Distributions shall be made in the form of a lump sum. A terminated participant with a vested account balance of $5,000 or less is not allowed to leave such amounts in the Plan and must take a distribution. Hardship withdrawals are available to participants after the participant has met the hardship withdrawal requirements stated in the Code.

Continuation of the Plan

Although it has not expressed any intent to do so, the Company has the right to cease contributions and terminate the Plan at any time. In the event of Plan termination, participants would become 100% vested in their employer contributions and would receive benefits based on their account balance accumulated to the date of termination of the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are valued at their unpaid principal plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan's loan policy.

Payment of Benefits

Benefit payments are recorded when distributed.

Note 3 - Forfeitures

Forfeitures are available to reduce employer contributions or to pay reasonable Plan expenses. Employees returning to service are eligible to have their forfeited employer contribution amounts restored to their employer contribution account. In order to have the forfeited employer contribution restored, the vested portion that was distributed to the employee must be repaid before the earlier of five years of returning to work as an eligible employee or five years after receiving payment of the vested portion. As of December 31, 2017 and 2016, the balance in the forfeiture account was $18,314 and $-0-, respectively. Forfeitures of $2,604 were used during 2017 to offset employer contributions.

Note 4 - Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the reporting date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methods used for assets measured at fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Collective trust fund: The collective trust fund is not publicly traded and represents a stable value collective investment trust for which fair value is determined using the trust fund's net asset value (NAV) as readily determinable fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Redemption can occur daily and no unfunded commitments exist.

Continued

Note 4 - Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below segregates all financial assets as of December 31, 2017 and 2016 that are measured at fair value on a recurring basis into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date.

Assets measured at fair value as of December 31, 2017 are as follows:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,625,424	$ -	$ -	$ 7,625,424
Collective trust fund	180,992	-	-	180,992
Investments at fair value	$ 7,806,416	$ -	$ -	$ 7,806,416

Assets measured at fair value as of December 31, 2016 are as follows:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,018,452	$ -	$ -	$ 6,018,452
Collective trust fund	245,361	-	-	245,361
Investments at fair value	$ 6,263,813	$ -	$ -	$ 6,263,813

Note 5 - Unaudited Information Certified by Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016, and notes to financial statements.
- Net appreciation in fair value of investments, interest and dividend income and interest income from participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.
- The supplemental schedule of assets (held at end of year).

Investments representing 10% or more of the Plan's net assets available for benefits are considered to be significant concentrations and are as follows at December 31:

	2017	2016
American Funds 2040 Target Date Retirement Fund R5	$ 2,273,085	$ 1,936,935
American Funds 2030 Target Date Retirement Fund R5	1,329,950	888,097

Note 6 - Tax Status

The Plan has adopted a volume submitter plan which obtained its latest advisory letter on September 30, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the advisory letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are funds that are managed by Charles Schwab Bank. Charles Schwab Bank is the Custodian for the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in the net appreciation or depreciation in fair value of the respective investment. For the year ended December 31, 2017, fees paid from Plan assets to a service provider who is an affiliate of the Custodian totaled $7,992. Additionally, as of December 31, 2017 and 2016, fees due to a service provider who is an affiliate of the Custodian totaled $905 and $930, respectively.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent Events

Subsequent to December 31, 2017, an amendment was adopted by the Plan whereby all employees actively employed by the Plan Sponsor on April 16, 2018 or thereafter shall be 100% vested for all Plan purposes.

Management performed an evaluation of the Plan's activity through October 13, 2018, the date the financial statements were available to be issued, noting no other subsequent events requiring recognition or disclosure in the financial statements.
