INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Modernizing Medicine, Inc. 401k Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Modernizing Medicine, Inc. 401k Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company ("Reliance") and State Street Bank and Trust Company ("State Street"), the trustees of the Plan (collectively, the "Trustees"), except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance held the Plan's investment assets and executed investment transactions from July 1, 2016 to December 31, 2017, and that State Street held the Plan's investment assets and executed investment transactions from January 1, 2016 to June 30, 2016. The plan administrator has obtained certifications from the Trustees as of December 31, 2017 and 2016 and for the years then ended, that the information provided to the plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the Modernizing Medicine, Inc. 401k Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Modernizing Medicine, Inc. (the "Company") for the benefit of its employees who are at least twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's Administrative Committee and the plan administrator have overall responsibility for the operation and management of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

Plan administration - State Street Bank and Trust Company ("State Street") served as the Plan's trustee until June 30, 2016 at which time Reliance Trust Company ("Reliance") replaced State Street as the Plan's trustee. The Plan's third party administrator is ADP Retirement Services.

Plan merger and transfer in - Effective January 1, 2016, employees of an entity that had been acquired by the Company during 2015 became eligible to participate in the Plan provided they met the Plan's eligibility requirements. Accordingly, the acquired entity's defined contribution plan (the "Predecessor Plan") was merged into the Plan, and the Predecessor Plan's net assets, aggregating $1,633,557 were transferred into the Plan.

Contributions - Participants may contribute up to 80% of their pre-tax annual compensation, as defined in the plan document, and/or make Roth deferrals to the Plan, subject to annual limitations prescribed by the Internal Revenue Code (the "Code"). Participants may begin making contributions to the Plan on the first payroll cycle of the following month after becoming eligible to participate. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the plan document. Participants direct the investment of all contributions into various investment options offered by the Plan.

Under the provisions of the plan document, the Company makes safe harbor matching contributions to the Plan in an amount equal to 100% of the first 4% of eligible compensation that each participant defers to the Plan. The Company's safe harbor matching contributions applicable to the years ended December 31, 2017 and 2016 aggregated $1,490,018 and $1,226,415, respectively.

(1) Description of plan (continued)

Contributions (continued)

Additionally, at its discretion, the Company may make non-elective contributions to the Plan. No such non-elective contributions were made for the years ended December 31, 2017 and 2016.

All Company contributions are subject to limitations as prescribed by the Code.

Participant investment account options - The Plan currently offers various registered investment companies and common collective trust funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their own contributions, and the Company's safe harbor matching contributions, plus actual earnings thereon. Participants are also immediately vested upon death, disability, or upon reaching normal retirement age, all as defined in the plan document. Vesting in the Company's non-elective contributions, plus actual earnings thereon, is subject to the following vesting schedule:

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Prior service time for participants with the entity acquired by the Company has been recognized for vesting purposes in the Plan.

Forfeited accounts - Forfeitures of terminated nonvested account balances are retained in the Plan and may be used to offset Company contributions and/or pay the Plan's administrative expenses. Forfeitures transferred into the Plan from the Predecessor Plan during 2016 aggregated $12,259. There were no other forfeitures during 2016. Unapplied forfeitures at December 31, 2016 totaled $12,259. During the year ended December 31, 2017, $12,361 of forfeitures were used to reduce employer contributions. Unapplied forfeitures at December 31, 2017 amounted to $12.

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All notes have a definite repayment period not to exceed five years, unless used for the purchase of a primary residence in which case the Plan permits a longer repayment period. The notes are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal on the 14th day of the month in which the note originates, plus two percentage points. Principal and interest are paid ratably through payroll deductions. Participants may not have more than one note outstanding at any time.

Payment of benefits - On termination of service due to death, disability, retirement, other reasons as outlined in the plan document, or qualifying under certain "hardship" rules as prescribed by the Internal Revenue Service ("IRS"), a participant may elect to receive distributions from the Plan in an amount up to the value of the participant's vested interest in his or her account. Participants may also receive in-service distributions upon reaching 59½ years of age. Distributions of at least $5,000 may be made in the form of a lump sum payment, installments, or as a rollover into another qualified plan. Distributions of less than $5,000 and hardship distributions are made in the form of one lump sum payment.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Recent accounting pronouncement - In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "*Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*." The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification ("ASC") 820 *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Management adopted the provisions of this new standard. The adoption has been reflected in Note 4 to the financial statements.

(2) Summary of significant accounting policies (continued)

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee and the plan administrator determine the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains distributions from registered investment companies are recorded as dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Fees related to the administration of a note are charged directly to the participant's account. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the remaining note balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payments of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included on the statements of changes in net assets available for benefits. Other expenses related to the Plan, such as recordkeeping fees, are paid for by the Plan and are recorded as administrative expenses on the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments.

(3) Information prepared and certified by the trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(3) Information prepared and certified by the trustees (continued)

Accordingly, Reliance and State Street, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies: Valued at the daily closing price as reported by the fund. These assets held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission and are deemed to be actively traded. These funds are required to publish their daily NAV and to transact at that price.

Common collective trust funds: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methodologies described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 13,148,167	$ -	$ -	$ 13,148,167
Total assets in the fair value hierarchy	$ 13,148,167	$ -	$ -	13,148,167
Investments measured at NAV [(a)]				3,020,897
				$ 16,169,064

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 8,372,015	$ -	$ -	$ 8,372,015
Total assets in the fair value hierarchy	$ 8,372,015	$ -	$ -	8,372,015
Investments measured at NAV [(a)]				1,818,539
				$ 10,190,554

(4) Fair value measurements (continued)

(a) In accordance with Subtopic 820-10, the common collective trusts, which are valued at NAV, have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line item presented on the statements of net assets available for benefits. The common collective trust funds are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

(5) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in the Company's contributions.

(6) Tax status

The IRS has determined that the prototype standardized profit sharing plan adopted by the Company and provided by Automatic Data Processing, LLC ("ADP") is designed in accordance with applicable sections of the Code and informed ADP of such in a letter dated July 8, 2014. Although the Plan has been amended since the date of this letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with applicable sections of the Code.

Accounting principles generally accepted in the United States of America requires the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

(7) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

(8) Related party transactions and party-in-interest transactions

At December 31, 2017 and 2016, the Plan's investments are shares of registered investment companies and common collective trust funds in the custody of Reliance. Reliance is the trustee, as defined by the Plan, and therefore, transactions with Reliance qualify as party-in-interest transactions. From January 1, 2016 through June 30, 2016, the Plan's investments were shares of registered investment companies and common collective trust funds in the custody of State Street. State Street was the trustee, as defined by the Plan, and therefore, transactions with State Street also qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

ADP is the Plan's third party administrator and provides certain recordkeeping and other services to the Plan, and therefore, ADP is also a party-in-interest to the Plan. Fees paid by the Plan to ADP amounted to $4,925 and $5,575 for the years ended December 31, 2017 and 2016, respectively. Additionally, certain investment related fees incurred by the Plan have been included in net appreciation in fair value of investments as they are paid through revenue sharing rather than as a direct payment. The Company pays directly any other fees related to the Plan's operations.

(9) Reconciliations of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Schedule H of Form 5500:

	December 31, 2017	December 31, 2016
Net assets available for benefits per the financial statements	$ 16,503,484	$ 10,469,105
Less: participants contributions receivable	(99,633)	(78,289)
Less: employer contributions receivable	(55,889)	(42,119)
Net assets available for benefits per Schedule H of Form 5500	$ 16,347,962	$ 10,348,697

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the years ended December 31, 2017 and 2016 to Schedule H of Form 5500:

	Years Ended December 31, 2017	Years Ended December 31, 2016
