Plan Description

General

Core Molding Technologies, Inc. 401(k) Plan for Represented Employees (the "Plan") established by Core Molding Technologies, Inc. (the "Company") is a defined contribution plan covering certain employees that have attained union seniority. Participants should refer to the plan agreements for a more complete description of the plan's provisions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All regular domestic employees of the Company, who are included in a local bargaining unit represented by a labor organization under a collective bargaining agreement which provides for coverage in the Plan, become eligible to participate in the Plan upon their hire date.

Contributions

Each year, participants may contribute up to 18% of pretax annual compensation, as defined in the plan agreement. Additionally, participants may also defer up to 100% of their bonus and/or profit sharing awards in increments of 10%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes matching contributions to the Plan in an amount equal to 25% of the participant's salary reduction contributions for the plan year up to 6% of compensation.

Prior to December 31, 2007, employer matching contributions were invested in the Company's common stock. Beginning on January 1, 2008, matching contributions are no longer invested in the Company's common stock but are now invested ratably to the same funds elected by the participant.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus one percent on the first business day of the month during which the loan is made. Interest rates range from 4.25% to 5.25%. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or termination a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$1 and \$4,565, respectively. These accounts will be used to reduce future employer contributions. During 2017, forfeitures of \$5,591 were used to reduce employer contributions. No forfeitures were used during 2016.

Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The majority of the administrative expenses of the Plan are paid by the Company.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets or liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common

Collective Trust: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For these funds, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

Company Common

Stock: Valued at the NAV of shares held by the Plan at year-end.

Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 3,426,190	\$ -	\$ -	\$ 3,426,190
Company common stock in the fair value hierarchy	879,333	-	-	879,333
Investments measured at net asset value*	-	-	-	202,690
Total assets at fair value	\$ 4,305,523	\$ -	\$ -	\$ 4,508,213

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 2,875,883	\$ -	\$ -	\$ 2,875,883
Company common stock in the fair value hierarchy	723,765	-	-	723,765
Investments measured at net asset value*	-	-	-	186,592
Total assets at fair value	\$ 3,599,648	\$ -	\$ -	\$ 3,786,240

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Alerus Financial, N.A., the trustee of the Plan, as of December 31, 2017 and 2016, respectively.

	2017	2016
Mutual funds	\$ 3,426,190	\$ 2,875,883
Common collective trusts	202,690	186,592
Company common stock	879,333	723,765
Notes receivable from participants	312,503	281,465
Total	\$ 4,820,716	\$ 4,067,705

The trustee also certified the completeness and accuracy of \$529,765 and \$324,305 of net appreciation in fair value of investments and \$201,969 and \$159,045 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2017 and 2016, respectively.

Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, managed by Alerus Financial, N.A., the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$16,348 and \$15,443 for the years ended December 31, 2017 and 2016, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Tax Status

The Plan adopted a Volume Submitter Profit Sharing Plan with a Cash or Deferral Arrangement which received a favorable opinion letter dated March 31, 2014 from the Internal Revenue Service (IRS). The opinion letter stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) for disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2016 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
