Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the current custodian of the Plan, and Reliance Trust Company, the former trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the current custodian and former trustee held the Plans' assets and executed investment transactions. The Plan Administrator has obtained a certification from the current custodian for the period December 1, 2017 to December 31, 2017 and as of December 31, 2017 and the former trustee for the period January 1, 2017 to November 30, 2017 and as of December 31, 2016, that the information provided to the Plan Administrator by the current custodian and former trustee is complete and accurate.

The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

NOTE 1. PLAN DESCRIPTION

The following description of the Bershtel Enterprises LLC dba WePackItAll 401(k) Plan (the Plan) for the employees of Bershtel Enterprises LLC dba WePackItAll (the Company) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, which was established effective January 1, 2009, is a defined contribution plan covering all employees of the Company, who are at least 18 years of age and have completed 1,000 hours of service during the first 12 months of employment. Plan entry date is the first day of the month following the completion of the eligibility requirements. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2017, the Plan Sponsor adopted a resolution to amend the Plan and in connection with the Plan amendment, Massachusetts Mutual Life Insurance Company (Mass Mutual) was engaged as the Plan's custodian. Effective December 2017, the Plan's assets were transferred to Mass Mutual. Prior to the retention of Mass Mutual, Reliance served as trustee and Automatic Data Processing Retirement Services was the recordkeeper of the Plan.

Participant Accounts and Contributions: Participants may elect to contribute any combination of pre-tax deferrals or Roth deferrals from 1% to 86% of eligible earnings, as defined in the Plan, in 1% increments. The maximum participant deferral limit was $18,000 for the year ended December 31, 2017. Catch-up contributions of $6,000 were available to participants who had attained age 50 or older by December 31, 2017, and had not exceeded the contribution limit for the Plan year.

The Company may make discretionary matching contributions to the Plan. For the year ended December 31, 2017, the Company elected to match 50% of the first 1%, plus 50% of the next 1% of the participants' compensation that the participants contributed to the Plan. For the year ended December 31, 2017, Company discretionary matching contributions amounted to $16,652.

Each participant's account is credited or charged, as the case may be, with the participant's contributions, Company matching contributions, allocations of investment earnings or losses and administrative expenses.

Vesting: Participants are immediately vested in their voluntary contributions and Company matching contributions, plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their vested account balances up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The minimum loan is $500. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate as published in The Wall Street Journal, plus two percentage points. Principal and interest are paid ratably through payroll deductions or the participant's own personal funds over a term not to exceed five years, except for loans used to purchase or improve the participant's primary residence, which may have a repayment term not to exceed 30 years.

NOTE 1. PLAN DESCRIPTION (Continued)

Benefit Payments: Distributions of a participant's account, if elected, are made upon termination of service, death, disability or retirement. Distributions are made in a lump-sum payment. If a participant's vested account is greater than $1,000 but less than $5,000, and the participant does not elect to have the amount rolled over into a specific retirement account or to receive a distribution directly, such account will be rolled over to an Individual Retirement Account. Account balances of $1,000 or less can be distributed whether or not requested. An in-service distribution can also be made to participants who have attained the age of 59-1/2, upon disability or when experiencing financial hardship.

Administrative Expenses: The Company incurs certain expenses in administering the Plan, which are not passed on as expenses of the Plan. Administrative expenses charged to the Plan consist of charges associated with benefit payments and loan processing.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments: The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts. Investments in shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of the shares held at year end. Fully benefit-responsive fixed investment in group annuity investment contracts, such as those held in the Mass Mutual Fixed Account, are reported at contract value. See Note 7 for discussion of fair value measurements.

Valuation of Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid balance plus accrued but unpaid interest.

Realized and Unrealized Appreciation: Realized and unrealized appreciation is based on the market value of the assets at the end of the Plan year compared to the market value of the assets at the beginning of the Plan year, or at the time of the asset purchase/exchange during the Plan year.

Benefit Payments: Benefits are recorded when paid.

NOTE 3. CERTIFIED FINANCIAL INFORMATION

The financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, notes receivable from participants, and the schedule of assets held at end of year has been derived from information certified as complete and accurate by Mass Mutual, the current custodian of the Plan, and Reliance, the former trustee of the Plan, in accordance with Section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4. GUARANTEED INVESTMENT CONTRACT WITH MASS MUTUAL

The Plan has entered into a fully benefit-responsive fixed account investment in a group annuity contract with Mass Mutual. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is generally the amount that participants would receive in a transaction, so it is the most relevant measurement for the participant. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus credited interest, less participant withdrawal and fees.

The crediting interest rate is established for amounts invested in the fixed account. The guaranteed interest rate is determined every six months. The guaranteed interest rate was 1.00% as of December 31, 2017.

NOTE 5. INCOME TAX STATUS

The Company has adopted a non-standardized profit sharing plan that has received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service (IRS), which stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2017, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

NOTE 5. INCOME TAX STATUS (Continued)

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2014.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market performance and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1 Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 7. FAIR VALUE MEASUREMENTS (Continued)

The following methods and assumptions were used to estimate the fair value of each class of assets that are recognized at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016:

Mutual funds: Valued using quoted market prices, which represent the net assets value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements Using			
At December 31, 2017	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments at fair value				
Mutual funds	$ 1,114,232	$ --	$ --	$ 1,114,232

	Fair Value Measurements Using			
At December 31, 2016	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments at fair value				
Mutual funds	$ 1,090,248	$ --	$ --	$ 1,090,248

NOTE 8. EXCESS CONTRIBUTIONS

At December 31, 2016, the Company was required to return excess deferral contributions in the amount of $18,748, to certain active participants to satisfy the relevant nondiscrimination provisions of the Plan for 2016. The amount was returned during 2017. There were no such excess deferral contributions at December 31, 2017.

NOTE 9. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events for recognition and disclosure through October 8, 2018, which is the date the financial statements were available to be issued.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2017 - 12/31/2017 and indirect compensation is presented on a calendar year basis ending 12/31/2017.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2017, some of which may have pertained to prior years.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2017 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

*This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement from a family of mutual funds that are affiliated with MassMutual (MassMutual Select Funds and MassMutual Premier Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. For more information about these affiliated mutual funds, see the applicable fund prospectus.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, the funds listed below had soft dollar arrangements during the previous fiscal year-end. For details, please refer to the Portfolio Transactions and Brokerage section of the Statement of Additional Information ("SAI"). For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
