NOTE 1 – DESCRIPTION OF PLAN

The C & C North America Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is a qualified retirement plan adopted by C & C North America Inc. (the Company) on January 1, 2006, to enable eligible employees to save for retirement. The Plan was amended as of April 1, 2017. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following related employers also participate in the Plan: Stone Systems of Atlanta LLC; Stone-Made Products Inc.; Stone Systems of Arizona LLC; Stone Systems of Central Texas; Stone Systems & Services Inc.; Stone Systems of South Florida; Stone Systems of New Mexico LLC; Carrara Stone Systems of Chicago LLC; Stone Systems of Houston LLC; Stone Systems of New England LLC; Stone Systems of New Jersey LLC; and Stone Systems of Raleigh LLC.

The following description of the Plan provides only general information. Participants should refer to the plan document and trust agreement for a more complete description of the Plan's provisions.

General – The Plan covers substantially all employees of the Company, except for employees covered by a collective bargain agreement, nonresident aliens or independent contractors. The Plan has no age requirement or service requirement. The entry date is the first day of each month.

Contributions – Participants may elect to defer a percentage of their eligible compensation into the Plan, not to exceed an annual limit which is set by law. Participants who are projected to be age 50 or older by the end of the Plan year may elect to defer additional amounts as catch-up contributions. The Plan also contains an automatic enrollment feature. If a participant fails to make an elective deferral election, the Company will automatically deduct 3% of a participant's pay on a pre-tax basis. Participants may stop making elective deferrals or change their automatic or elective contribution at any time during the Plan year.

The Company may make discretionary matching contributions based on a participant's eligible compensation deferred into the Plan each payroll period. The Company currently makes a matching contribution equal to 50% of the participant's elective deferrals that do not exceed 6% of the participant's eligible compensation.

Participants can roll over part or all of an eligible rollover distribution they have received from an eligible retirement plan into this Plan as a rollover contribution.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, rollover contributions, plus actual Plan earnings thereon. Vesting in employer contributions is based on years of service. A participant is fully vested after three years of service.

Investment Options – Participants direct the investment of their assets under the Plan. The Plan currently offers mutual funds with different objectives for participants. Participants may reallocate or exchange their investment options at any time.

Payment of Benefits – If a participant has reached aged 59½, then they may elect to withdraw all or a portion of their entire vested account while still employed by the Company. Active participants may also withdraw certain contributions as hardship withdrawals to satisfy specific and heavy financial needs.

A distribution of benefit can also be made due to retirement or termination of employment from the Company. Participants may defer receipt of the distribution until a later date. However, a participant cannot postpone it if their vested account balance is $5,000 or less in which case the Company will direct the trustee that any account exceeding $1,000 be distributed to an IRA or annuity. If the vested account balance is $1,000 or less, the Company will direct the trustee to distribute it to the participant as a lump sum distribution without the participant's consent.

Note Receivable From Participants – Loan will be allowed for any purpose. The minimum loan is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior 12-month period. Participant may only have one loan outstanding at any given time. All loans bear a reasonable rate of interest and are adequately secured. All loans must be repaid in level payments through after-tax payroll deductions over a five year period unless it is for the purchase of a principal residence.

Forfeitures – Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts may be used to reduce future employer contributions payable under the Plan. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $96,323 and $25,980, respectively. Also, in 2017, employer contributions were reduced by $175,000 from forfeited non-vested accounts and $2,153 of forfeitures were used to pay administrative expenses.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual funds that is registered with the SEC. This fund is required to publish its daily NAV and to transact at that price. The money market fund is deemed to be actively traded.

Pooled Separate Accounts – Valued at the daily readily determinable fair value, as provided by the custodian. The readily determinable fair value is based on the fair value of the underlying investments held by the account less its liabilities. The readily determinable fair value is published and is the basis for current participant transactions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 12,953,809**	**$ -**	**$ -**	**$ 12,953,809**

Total investments at fair value	**$ 13,120,066**	**$ -**	**$ -**	**$ 13,120,066**

	2016			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 10,308,315	$ -	$ 10,308,315
Total investments at fair value	$ -	$ 10,308,315	$ -	$ 10,308,315

NOTE 4 – CERTIFIED INVESTMENTS

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, dividends and interest for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, and Fidelity Management Trust Company, the trustee of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Certain Plan investments were managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) was the custodian and recordkeeper for the Plan and, therefore, these transactions qualified as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA.

NOTE 6 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA sponsored by Fidelity Management & Research Company. The prototype plan obtained its latest opinion later on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

The Company has no legal or contractual obligation to make annual contributions to or to continue the Plan. The Company reserves the right to terminate the Plan at any time. In the event the Plan should terminate, each participant affected by such termination shall have a vested interest in their account of 100%. The Company will facilitate the distribution of participants' accounts in single lump sum payments to each participant in accordance with Plan provisions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the statement of net asset available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During 2017, 2016 and 2015, the Company failed to remit to the custodian certain participant contributions totaling $7,260, $625 and $166,638, respectively, within the period prescribed by DOL regulations. Delays in remitting contributions to the custodian were due to unintentional administrative errors. As of December 31, 2017, certain lost earnings or profits on such delinquent contributions had not yet been remitted to the Plan.

NOTE 1 – DESCRIPTION OF PLAN

The C & C North America Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is a qualified retirement plan adopted by C & C North America Inc. (the Company) on January 1, 2006, to enable eligible employees to save for retirement. The Plan was amended as of April 1, 2017. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following related employers also participate in the Plan: Stone Systems of Atlanta LLC; Stone-Made Products Inc.; Stone Systems of Arizona LLC; Stone Systems of Central Texas; Stone Systems & Services Inc.; Stone Systems of South Florida; Stone Systems of New Mexico LLC; Carrara Stone Systems of Chicago LLC; Stone Systems of Houston LLC; Stone Systems of New England LLC; Stone Systems of New Jersey LLC; and Stone Systems of Raleigh LLC.

The following description of the Plan provides only general information. Participants should refer to the plan document and trust agreement for a more complete description of the Plan's provisions.

General – The Plan covers substantially all employees of the Company, except for employees covered by a collective bargain agreement, nonresident aliens or independent contractors. The Plan has no age requirement or service requirement. The entry date is the first day of each month.

Contributions – Participants may elect to defer a percentage of their eligible compensation into the Plan, not to exceed an annual limit which is set by law. Participants who are projected to be age 50 or older by the end of the Plan year may elect to defer additional amounts as catch-up contributions. The Plan also contains an automatic enrollment feature. If a participant fails to make an elective deferral election, the Company will automatically deduct 3% of a participant's pay on a pre-tax basis. Participants may stop making elective deferrals or change their automatic or elective contribution at any time during the Plan year.

The Company may make discretionary matching contributions based on a participant's eligible compensation deferred into the Plan each payroll period. The Company currently makes a matching contribution equal to 50% of the participant's elective deferrals that do not exceed 6% of the participant's eligible compensation.

Participants can roll over part or all of an eligible rollover distribution they have received from an eligible retirement plan into this Plan as a rollover contribution.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, rollover contributions, plus actual Plan earnings thereon. Vesting in employer contributions is based on years of service. A participant is fully vested after three years of service.

Investment Options – Participants direct the investment of their assets under the Plan. The Plan currently offers mutual funds with different objectives for participants. Participants may reallocate or exchange their investment options at any time.

Payment of Benefits – If a participant has reached aged 59½, then they may elect to withdraw all or a portion of their entire vested account while still employed by the Company. Active participants may also withdraw certain contributions as hardship withdrawals to satisfy specific and heavy financial needs.

A distribution of benefit can also be made due to retirement or termination of employment from the Company. Participants may defer receipt of the distribution until a later date. However, a participant cannot postpone it if their vested account balance is $5,000 or less in which case the Company will direct the trustee that any account exceeding $1,000 be distributed to an IRA or annuity. If the vested account balance is $1,000 or less, the Company will direct the trustee to distribute it to the participant as a lump sum distribution without the participant's consent.

Note Receivable From Participants – Loan will be allowed for any purpose. The minimum loan is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior 12-month period. Participant may only have one loan outstanding at any given time. All loans bear a reasonable rate of interest and are adequately secured. All loans must be repaid in level payments through after-tax payroll deductions over a five year period unless it is for the purchase of a principal residence.

Forfeitures – Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts may be used to reduce future employer contributions payable under the Plan. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $96,323 and $25,980, respectively. Also, in 2017, employer contributions were reduced by $175,000 from forfeited non-vested accounts and $2,153 of forfeitures were used to pay administrative expenses.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual funds that is registered with the SEC. This fund is required to publish its daily NAV and to transact at that price. The money market fund is deemed to be actively traded.

Pooled Separate Accounts – Valued at the daily readily determinable fair value, as provided by the custodian. The readily determinable fair value is based on the fair value of the underlying investments held by the account less its liabilities. The readily determinable fair value is published and is the basis for current participant transactions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 12,953,809**	**$ -**	**$ -**	**$ 12,953,809**

Total investments at fair value	**$ 13,120,066**	**$ -**	**$ -**	**$ 13,120,066**

	2016			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 10,308,315	$ -	$ 10,308,315
Total investments at fair value	$ -	$ 10,308,315	$ -	$ 10,308,315

NOTE 4 – CERTIFIED INVESTMENTS

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, dividends and interest for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, and Fidelity Management Trust Company, the trustee of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Certain Plan investments were managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) was the custodian and recordkeeper for the Plan and, therefore, these transactions qualified as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA.

NOTE 6 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA sponsored by Fidelity Management & Research Company. The prototype plan obtained its latest opinion later on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

The Company has no legal or contractual obligation to make annual contributions to or to continue the Plan. The Company reserves the right to terminate the Plan at any time. In the event the Plan should terminate, each participant affected by such termination shall have a vested interest in their account of 100%. The Company will facilitate the distribution of participants' accounts in single lump sum payments to each participant in accordance with Plan provisions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the statement of net asset available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During 2017, 2016 and 2015, the Company failed to remit to the custodian certain participant contributions totaling $7,260, $625 and $166,638, respectively, within the period prescribed by DOL regulations. Delays in remitting contributions to the custodian were due to unintentional administrative errors. As of December 31, 2017, certain lost earnings or profits on such delinquent contributions had not yet been remitted to the Plan.
