MULTILINK, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016 and Year Ended December 31, 2017

NOTE A - DESCRIPTION OF PLAN

The following description of Multilink, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Multilink, Inc. (the Company, Plan Administrator, and Plan Sponsor) who have completed six months of service, are at least 21 years old, and who are not represented by a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective June 1, 2017, Multilink, Inc. Profit Sharing Plan was merged into Multilink, Inc. 401(k) Plan as further discussed in Note J. In connection with the merger, the plan was amended and restated effective June 1, 2017. Residents of Puerto Rico and nonresident aliens who are hired June 1, 2017 or later are excluded from participation in the Plan.

Contributions

Prior to June 1, 2017, participants were able to defer up to 86% of their eligible pre-tax or after-tax annual compensation as defined by the Plan, or the maximum contribution amounts allowed by law. Effective June 1, 2017, the plan was amended to allow participants to defer up to the maximum contribution amounts allowed by law. The Plan provides for the acceptance of pre-tax rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the plan year.

The Plan provides for a safe harbor employer matching contribution for each participant of 100% of the first 3%, plus 50% of the next 2% of the participant's compensation deferred. The Plan also provides for a discretionary employer nonelective profit sharing contribution which was \$-0- for the year ended December 31, 2017. Participants direct the investment of their contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions and an allocation of the Company's nonelective contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant account earnings, account balances, participant compensation, or specific participant transactions, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account.

MULTILINK, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2017 and 2016 and Year Ended December 31, 2017

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their deferral, rollover, and safe harbor matching contributions plus actual earnings thereon. Prior to June 1, 2017, vesting in the discretionary employer nonelective profit sharing contributions was based on years of credited service at a rate of 20% per year after one year of credited service. Participants were fully vested after six years of credited service. Effective June 1, 2017 through September 30, 2017, participants vested in the discretionary employer nonelective profit sharing contributions upon completing three years of credited service. Effective October 1, 2017, vesting in the discretionary employer nonelective profit sharing contributions is based on years of credited service at a rate of 20% per year after one year of credited service. Participant are fully vested after six years of credited service. Participants will also become fully vested upon death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow up to three loans from their fund accounts, a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to Plan provisions and certain Department of Labor and Internal Revenue Service (IRS) requirements. Notes receivable terms range from 1 - 5 years or up to 30 years for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts. Interest rates on notes receivable ranged from 4.25% to 6.00% at December 31, 2017. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon retirement, termination, disability, or death, a participant or a participant's beneficiary upon the participant's death may elect to receive a lump-sum amount equal to the value of the participant's vested account, or periodic payments based upon the terms of the Plan document. Effective June 1, 2017, a participant may also elect to receive a lump-sum upon attaining the age of 59 ½ during the plan year. If the value of the vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Active participants may make hardship withdrawals from their elective deferral and nonelective profit sharing account balances, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures are used to reduce future employer contributions or to pay Plan expenses. Unallocated forfeiture balances were \$5 and \$11 at December 31, 2017 and 2016, respectively. Forfeitures of \$526 were used to reduce employer contributions for the year ended December 31, 2017.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian and trustee. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make repayments on a note receivable, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Revenue Sharing

Revenue sharing income represents the portion of investment management fees provided to the Plan from the investment fund manager to offset the cost of services provided to the Plan. Revenue sharing, which is included as a component of investment income on the statement of changes in net assets available for benefits was \$12,989 for the year ended December 31, 2017.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant and employer contributions are recorded and credited to each participant's account as received by the custodian and trustee from the Company. Any contributions attributable to the plan year but not received by the trust by the last day of the plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2017 and 2016 and Year Ended December 31, 2017

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income on the accompanying statement of changes in net assets available for benefits.

Income Taxes

The Plan adopted a prototype standardized profit sharing plan with a cash or deferred arrangement agreement which received an opinion letter from the IRS dated March 31, 2014 stating that the written form of the prototype plan document, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2018, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Notes receivable from participants and investment information disclosed in the accompanying financial statements and supplemental schedule including notes receivable from participants and investments held at December 31, 2017 and 2016, and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2017 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian and trustee.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2017 are summarized below:

	<u>Level 1</u>
Mutual funds	\$ 5,216,902

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments accounted for at fair value as of December 31, 2016 are summarized below:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 3,453,157</u>	<u>\$ 3,453,157</u>
Total Investments in the fair value hierarchy	<u>\$ 3,453,157</u>	3,453,157
Investments measured at net asset value		<u>339,511</u>
Total investments at fair value		<u>\$ 3,792,668</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds are valued at the net asset value of shares held by the Plan at year end as reported on the active markets in which the investments are traded.

Common collective trust funds are valued at the net asset values of shares held by the Plan at year end. The net asset values, as provided by the trustee, are used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the trusts' underlying assets, less their liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investments for amounts different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - INVESTMENT IN COMMON COLLECTIVE TRUST FUNDS

The Plan's investments in the MetLife Stable Value Solutions Fund - Fee Class L, the State Street S&P MidCap Index Non-Lending Series Fund J and the State Street Russell Small Cap Index Securities Lending Series Fund VII as of December 31, 2016 are common collective trusts.

Participants could ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance in the MetLife Stable Value Solutions Fund - Fee Class L without restriction. Participants could ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance in the State Street S&P MidCap Index Non-Lending Series Fund J and the State Street Russell Small Cap Index Securities Lending Series Fund VII pursuant to a notice period of at least 15 days, or such lesser period as determined by the trustee of the investments.

Withdrawals from these funds by the Plan Sponsor required advanced written notice as established by the trustee and were subject to market value adjustments.

NOTE F - INVESTMENT IN GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional guaranteed investment contract with Standard Insurance Company (The Standard) with a balance of \$113,593 and \$-0- at December 31, 2017 and 2016, respectively. Contributions from the Plan and credited interest are maintained in The Standard's general account. Crediting interest rates are set for the coming quarter by The Standard taking into account yield forecasts from The Standard's asset advisory group and margin considerations. The minimum annual crediting rate under the contract cannot be less than 1% annually. Interest crediting rates are reset quarterly. Contract value is guaranteed by The Standard.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest credited, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances at contract value.

The repayment of principal and interest credited to participants in the Plan is a financial obligation of The Standard. The Plan's ability to receive amounts due is dependent on The Standard's ability to meet its financial obligations. The Standard's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of The Standard or otherwise.

NOTE F - INVESTMENT IN GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and liberalization of plan withdrawal or transfer rules. Upon the occurrence of these events, a market value adjustment or other withdrawal restriction may apply.

The Standard may terminate the contract with 30 days advance written notice for reasonable cause, which includes a failure of the Plan to abide by state or federal law, to render performance necessary to comply with the terms of the contract, to maintain assets of at least \$25,000, or Plan disqualification. Upon termination of the contract by The Standard, a market value adjustment or other withdrawal restrictions, may apply. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include investments in the funds of the custodian and trustee and the related dividend income, interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.
