Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Franklin University Defined Contribution Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017 and 2016 and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (collectively, TIAA-CREF) and TIAA, as agent for TIAA, FSB (formerly known as TIAA-CREF Trust Company, FSB), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that TIAA-CREF and TIAA, FSB hold the Plan's investment assets and execute related transactions. The plan administrator has obtained certifications from TIAA-CREF and TIAA, as agent for TIAA, FSB, as of and for the years ended December 31, 2017 and 2016 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As explained in Note 6, the financial statements include investments valued at approximately \$14.9 million (21 percent of net assets) and \$14.6 million (24 percent of net assets) at December 31, 2017 and 2016, respectively, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by TIAA-CREF. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules of assets held at end of year as of December 31, 2017 and nonexempt transactions for the year ended December 31, 2017 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the TIAA-CREF and TIAA, as agent for TIAA, FSB, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of Franklin University Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Franklin University (the "University"), except student employees. In addition, part-time employees working less than 1,000 hours of the year are not eligible for the employee mandatory and University matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees who are at least 21 years of age are required to become participants beginning the first day of the month following hire and are required to make a mandatory 5 percent pretax contributions. The University is required to make a matching employer contribution of 10 percent of the employee's eligible compensation. Participants may also contribute eligible funds from another qualified plan as rollover contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the University's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments

Upon termination of employment, the incurrence of a disability, death, or attainment of age 59½, a participant may elect to receive the value of his or her account in the form of a lump-sum payment, partial payments, installment payment, or annuity amount. Certain amounts invested in the TIAA Traditional Annuity group annuity contracts may not be distributed in a lump sum; see redemption restrictions below.

Redemption Restrictions

Certain contracts under the TIAA Traditional Annuity investment have limits on the ability of the participant to transfer or withdraw from the fund. Transfers from the Retirement Annuity (RA) and Transfer Payout Annuity (TPA) contracts must be paid out in 10 annual installments. Transfers from the Retirement Choice (RC) contract must be paid over 84 monthly systematic payments. Withdrawals from the RA contract must be paid out in 10 annual installments. Withdrawals from the RC contracts are available within 120 days after termination of employment, subject to 2.5 percent surrender charge; otherwise, they must be paid over 10 annual installments or 84 monthly systematic payments, respectively. The remaining contracts under the TIAA Traditional Annuity investment do not have restrictions related to transfers and withdrawals. There are, however, "equity wash" provisions that prevent the immediate transfer of amounts to any competing funds available in the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employees hired on or after January 1, 2015 become fully vested in their employer contributions upon reaching three years of employment with the University. Participants hired prior to the January 1, 2015 are fully vested in their employer contributions, regardless of their length of employment with the University.

December 31, 2017 and 2016

Note 1 - Plan Description (Continued)

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce University contributions. As of December 31, 2017 and 2016, forfeited account balances totaled \$0 and \$9,520, respectively.

Party-in-interest Transactions

All plan assets are in investment funds managed by Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (collectively, TIAA-CREF) and TIAA, FSB (formerly known as TIAA-CREF Trust Company, FSB) or their affiliates. TIAA-CREF is a service provider of the Plan and TIAA, FSB is a custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the University has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA or amend the Plan at any time. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value, except as noted below.

The registered investment companies are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets. There are no redemption restrictions or unfunded commitments on these investments. The pooled separate account is valued at net asset value per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets, which consist primarily of rental property subject to long-term leases and has been estimated on the basis of future rental receipts and estimated residual values discounted at interest rates commensurate with risks involved. There are no redemption restrictions or unfunded commitments on this investment.

The TIAA Traditional Annuity is a guaranteed annuity account issued by Teachers Insurance and Annuity Association (TIAA) that invests in the general assets of TIAA. The TIAA Traditional Annuity does not hold any contracts considered to be benefit responsive. TIAA considers the following contracts to be nonbenefit responsive: Retirement Annuity (RA), Interest Payment (IP), Transfer Payout Annuity (TPA), and Retirement Choice (RC). The nonbenefit-responsive portion is recorded at fair value. The benefit-responsive portion is recorded at contract value. Since there are no specific securities in TIAA's general account related to these contracts, contract value is the best estimate of fair value for the nonbenefit-responsive contracts. For all portions, contract value represents principal invested, plus interest earned, less any withdrawals.

All other investments are valued based on quoted market prices reported in active markets.

Allocated Insurance Contracts

The Plan has allocated insurance contracts for retirees who were covered under the Plan in prior years. These contracts remain intact, and no additional contracts have been purchased. The activity related to the allocated insurance contracts for retirees receiving benefits is excluded from the financial statements. The Plan receives no income from these allocated insurance contracts.

December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefits are recorded when paid. There were benefit payments requested but not paid (due to redemption restrictions) totaling \$1,126,582 and \$1,199,489 for the years ended December 31, 2017 and 2016, respectively.

Administrative Expenses

Various administrative costs are paid by the University.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 28, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

TIAA-CREF holds the Plan's investments, except mutual funds, and executes related transactions. TIAA, FSB holds the mutual fund investments and executes all related transactions. TIAA has the authority to certify the investment balances and related investment activity on behalf of TIAA, FSB. The investment balances and related income and losses included in the accompanying financial statements, and supplemental schedule of assets held at end of year are based solely on information certified by TIAA-CREF, including TIAA on behalf of TIAA, FSB.

Note 4 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Annuity Contracts

Based on the terms of the contracts, a portion of the TIAA Traditional Annuity is considered benefit responsive. The total balance in the TIAA Traditional Annuity was \$16,835,267 and \$15,239,925 at December 31, 2017 and 2016, respectively. The benefit-responsive portion of the TIAA Traditional Annuity totaled \$2,848,543 and \$1,734,267 at December 31, 2017 and 2016, respectively. The contract issuers maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

December 31, 2017 and 2016

Note 5 - Annuity Contracts (Continued)

Interest is credited on contract balances using a "vintages" approach. Under this methodology, TIAA groups the dollars it receives over defined time periods into "vintages" and determines a crediting rate for the applicable vintage. Interest crediting rates are determined during the accumulation phase of the applicable declaration year. When establishing interest credit rates for this product, TIAA considers many factors, including the net investment earnings rate of the TIAA assets supporting that vintage, administrative expenses during the time period, and required contingency reserves. The minimum crediting rate for the benefit-responsive contracts is generally 3.00 percent; however, in some recent contracts, it has been between 1.00 and 3.00 percent.

Generally, there are no events that could limit the ability of the plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because a portion of the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2017 and 2016.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
